second-round allocations to new units (or ultimately for allocation to existing units).

Objections should be strictly limited to whether EPA has correctly identified the new units eligible for second-round 2016 NUSA allocations of CSAPR NO\textsubscript{X} Ozone Season allowances according to the criteria described above and should be emailed to the address identified in ADDRESSES. Objections must include: (1) Precise identification of the specific data the commenter believes are inaccurate, (2) new proposed data upon which the commenter believes EPA should rely instead, and (3) the reasons why EPA should rely on the commenter’s proposed data and not the data referenced in this notice.

Authority: 40 CFR 97.511(b).

Water Quality Standards; Establishment of Revised Numeric Criteria for Selenium for the San Francisco Bay and Delta, State of California; Extension of Public Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; extension of comment period.

SUMMARY: The Environmental Protection Agency (EPA) is extending the comment period for the proposed rule, “Water Quality Standards; Establishment of Revised Numeric Criteria for Selenium for the San Francisco Bay and Delta, State of California.” In response to stakeholder requests, EPA is extending the comment period for an additional 45 days, from September 13, 2016, to October 28, 2016.

DATES: The comment period for the proposed rule that published on July 15, 2016 (81 FR 46030) has been extended. Comments must be received on or before October 28, 2016.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OW–2015–0392, to the Federal eRulemaking Portal: http://www.regulations.gov. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit http://www2.epa.gov/dockets/commenting-epa-dockets.

FOR FURTHER INFORMATION CONTACT: Julienne McLaughlin, Office of Water, Standards and Health Protection Division (4305T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; telephone number: (202) 566–2542; email address: McLaughlin.Julianne@epa.gov; or Diane E. Fleck, P.E., Esq., Water Division (WTR–2–1), U.S. Environmental Protection Agency Region 9, 75 Hawthorne Street, San Francisco, CA 94105; telephone number (415) 972–3527; email address: Fleck.Diane@EPA.gov.

SUPPLEMENTARY INFORMATION: On July 15, 2016, EPA published the proposed rule, “Water Quality Standards; Establishment of Revised Numeric Criteria for Selenium for the San Francisco Bay and Delta, State of California” in the Federal Register (81 FR 46030). EPA proposes to revise the current federal Clean Water Act selenium water quality criteria applicable to the San Francisco Bay and Delta to ensure that the criteria are set at levels that protect aquatic life and aquatic-dependent wildlife, including federally listed threatened and endangered species. The original deadline to submit comments on the proposed rule was September 13, 2016. This action extends the comment period for 45 days. Written comments must now be received on or before October 28, 2016.

Federal Acquisition Regulation: Audit of Settlement Proposals

AGENCY: Department of Defense (DoD), General Services Administration (GSA), and the National Aeronautics and Space Administration (NASA).

ACTION: Proposed rule.

SUMMARY: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to raise the dollar threshold requirement for the audit of prime contract settlement proposals and subcontract settlements from $100,000 to $750,000.

DATES: Interested parties should submit written comments to the Regulatory Secretariat Division at one of the addresses shown below on or before November 14, 2016 to be considered in the formation of the final rule.

ADDRESSES: Submit comments in response to FAR case 2015–039 by any of the following methods:

• Regulations.gov: http://www.regulations.gov. Submit comments via the Federal eRulemaking portal by searching for “FAR Case 2015–039”. Select the link “Comment Now” that corresponds with “FAR Case 2015–039.” Follow the instructions provided on the screen. Please include your name, company name (if any), and “FAR Case 2015–039” on your attached document.

• Mail: General Services Administration, Regulatory Secretariat Division (MVCB), ATTN: Ms. Flowers, 1800 F Street NW., 2nd Floor, Washington, DC 20405.

Instructions: Please submit comments only and cite FAR Case 2015–039, in all
correspondence related to this case. All comments received will be posted without change to http://www.regulations.gov., including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check www.regulations.gov, approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

SUPPLEMENTARY INFORMATION:

I. Background

DOD, GSA, and NASA are proposing to amend FAR 49.107 to increase the dollar threshold for the audit of prime contract settlement proposals and subcontract settlements, submitted in the event of contract termination. The threshold is increased from $100,000 to align with the threshold in FAR 15.403–4(a)(1) for obtaining certified cost or pricing data, which is currently $750,000. Other than the dollar amount, there will be no link between the requirements for certified cost or pricing data and the audit threshold for termination settlement proposals.

The proposed amendment will help alleviate contract close-out backlogs and enable contracting officers to more quickly deobligate excess funds from terminated contracts.

Under FAR 49.001, a “settlement proposal” is a proposal for effecting settlement of a contract terminated in whole or in part, submitted by a contractor or subcontractor in the form, and supported by the data, required by FAR part 49. Termination clauses and other contract clauses authorize contracting officers to terminate contracts for convenience or for default, and to enter into settlement agreements.

II. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act 5 U.S.C. 601, et seq., because the rule raises the threshold for audit requirements, thus reducing burdens on all types of businesses. However, an Initial Regulatory Flexibility Analysis (IRFA) has been performed and it is summarized as follows:

Of all contracts awarded to small businesses in a typical year, the number terminated and subject to FAR part 49 procedures is less than one-tenth of one percent. Moreover, since the rule raises the audit threshold, even fewer small businesses will be subject to audits of their termination settlement proposals.

The Regulatory Secretariat Division has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat Division. DoD, GSA, and NASA invite comments from small business concerns and other interested parties on the expected impact of this proposed rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the proposed rule consistent with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2015–039), in correspondence.

IV. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Part 49

Government procurement.

William F. Clark,

Therefore, DoD, GSA, and NASA are proposing to amend 48 CFR part 49 as set forth below:

PART 49—TERMINATION OF CONTRACTS

1. The authority citation for 48 CFR part 49 continues to read as follows:

Authority: 40 U.S.C. 121(c); 10 U.S.C. chapter 137; and 51 U.S.C. 20113.

2. Amend section 16.505 by revising paragraphs (a) and (b) to read as follows:

49.107 Audit of prime contract settlement proposals and subcontract settlements.

(a) The TCO shall refer each prime contractor settlement proposal valued at or above the threshold for obtaining certified cost or pricing data set forth in FAR 15.403–4(a)(1) to the appropriate audit agency for review and recommendations. The TCO may submit settlement proposals of less than the threshold for obtaining certified cost or pricing data to the audit agency. Referrals shall indicate any specific information or data that the TCO considers relevant and shall include facts and circumstances that will assist the audit agency in performing its function. The audit agency shall develop requested information and may make any further accounting reviews it considers appropriate. After its review, the audit agency shall submit written comments and recommendations to the TCO. When a formal examination of settlement proposals valued under the threshold for obtaining certified cost or pricing data is not warranted, the TCO will perform or have performed a desk review and include a written summary of the review in the termination case file.

(b) The TCO shall refer subcontract settlements received for approval or ratification to the appropriate audit agency for review and recommendations when:

(1) The amount exceeds the threshold for obtaining certified cost or pricing data; or

(2) The TCO determines that a complete or partial accounting review is advisable. The audit agency shall submit written comments and recommendations to the TCO. The review by the audit agency does not relieve the prime contractor or higher tier subcontractor of the responsibility for performing an accounting review.
