TRICARE; Mental Health and Substance Use Disorder Treatment

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Final rule; technical amendment.

SUMMARY: On September 2, 2016, the Department of Defense published a final rule (81 FR 61068–61098) titled TRICARE; Mental Health and Substance Use Disorder Treatment. DoD is making a technical amendment due to the discovery of two errors. We noted in the preamble of the final rule that we had removed the requirements regarding capacity (30 percent) and length of time licensed and at full operational status (6 months) for substance use disorder rehabilitation facilities (SUDRFs). However, we did not remove the necessary sentence in the regulatory text.

In a response to a public comment in the preamble of the final rule, we said that TRICARE will require opioid treatment programs (OTPs) to be licensed and operate in substantial compliance with state and federal regulations. However, we did not make the necessary change in the regulatory text. This technical amendment corrects those errors.

DATES: This rule is effective on October 3, 2016.

FOR FURTHER INFORMATION CONTACT: Ms. Patricia Toppings, 571–372–0485.

SUPPLEMENTARY INFORMATION: This technical amendment amends 32 CFR part 199 to read as set forth in the amendatory language in this final rule.

This special regulation is necessary to provide for the safety of life on these navigable waters near Owensboro, KY, during the Owensboro Air Show. This rulemaking prohibits transit into, through, and within the regulated area unless authorized by the Captain of the Port Ohio Valley or a designated representative.

DATES: This rule is effective from 12 p.m. on September 30, 2016 through 4:30 p.m. on October 2, 2016.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1233. The Captain of the Port Ohio Valley (COTP) has determined that potential hazards associated with the air show starting September 30, 2016 will be a safety concern for anyone within the regulated area. The purpose of this rule is to ensure safety of life on the navigable waters in the temporary regulated area before, during, and after the Owensboro Air Show.

IV. Discussion of the Rule

The Coast Guard will establish a special local regulation from September 30, 2016 through October 2, 2016. The special local regulation will cover all navigable waters from mile 755.0 to 759.0 on the Ohio River in the vicinity of Owensboro, KY. Transit into and through this area is prohibited from 12 p.m. to 3:30 p.m. on September 30, 2016, 12 p.m. to 4:30 p.m. on October 01, 2016, and 12 p.m. to 4:30 p.m. on October 2, 2016. The duration of the regulation is intended to protect participants, spectators, and others persons and vessels before, during, and after the scheduled air show. No vessel or person will be permitted to enter the special local regulation without obtaining permission from the COTP or a designated representative. Deviation requests will be considered and reviewed on a case-by-case basis. The COTP Ohio Valley may be contacted by telephone at 1–800–253–7475 or can be reached by VHF–FM channel 16. Public notifications will be made to the local maritime community prior to the event through the Local Notice to Mariners, and Broadcast Notice to Mariners.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and time-of-year of the special local regulation. The temporary special local regulation will only be in effect for less than five hours each day. The Coast Guard expects minimum adverse impact to mariners from the special local regulation’s activation as the event has been advertised to the public. Also, mariners may request authorization from the COTP Ohio Valley or the designated representatives to transit the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated area may be small entities, for the reasons stated in section V. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Enforcement Boards. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.
This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism and Indian Tribal Governments

A rule has implications for Federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities among the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, KY the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a special local regulation lasting less than five hours a day that will prohibit entry on all waters of the Ohio River, surface to bottom, extending from mile 755.0 to 759.0. It is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES.

Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
