On September 22, 2016, the Department of Justice lodged a proposed consent decree with the United States District Court for the Eastern District of North Carolina in the lawsuit entitled *United States v. North Georgia Electric Membership Corporation et al.*, Civil Action No. 5:16-cv-00820-FL.

The United States, on behalf of the U.S. Environmental Protection Agency ("EPA"), filed this lawsuit under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"). The proposed consent decree requires the 173 defendants to fund and perform the remedial action that EPA selected for Operable Unit 1 of the Site. In return, the United States agrees not to sue the defendants under sections 106 and 107 of CERCLA relating to the Site. The proposed consent decree also requires the United States, on behalf of the Army, Air Force, and Navy, and the Tennessee Valley Authority to fund a portion of the remedial action, and requires settling defendant Carr & Duff, Inc., to pay a \$40,000 civil penalty in connection with its failure to comply with a 2011 cleanup order issued by EPA.
