The principal elements of the injunctive relief in the decree include an Environmental Management System; audits of mining operations, outfalls and treatment systems; a violation response procedure; a new compliance tracking database; training for its employees and contractors; and the establishment and maintenance of a publicly available Web site or portal that provides permit and violation information to the general public. Defendants must also establish a \$4.5 million letter of credit and a standby trust that will guarantee funding for, and a mechanism to accomplish, compliance with the Clean Water Act and the work required by the settlement, should the companies fail to do so. Finally, Defendants must pay a civil penalty of \$900,000.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Notice Requirements of the Health Care Continuation Coverage Provisions information collection. The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provides that, under certain circumstances, a group health plan participant or beneficiary who meets the COBRA qualified beneficiaries definition may elect to continue group health coverage temporarily following a qualifying event that would otherwise result in loss of coverage. This ICR covers the information collection requirements for plan administrators to distribute notices as follows: A general notice to be distributed to all participants in group health plans subject to the COBRA; an employer notice that must be completed by the employer upon the occurrence of a qualifying event; a notice and election form to be sent to a participant upon the occurrence of a qualifying event that might cause the participant to lose group health coverage; an employee notice that may be completed by a qualified beneficiary upon the occurrence of certain qualifying events such as divorce or disability; and, two other notices, one of early termination and the other a notice of unavailability. Also included in the ICR are two model notices that the Department believes will help reduce costs for service providers in preparing and delivering notices to comply with the regulations. Employee Retirement Income Security Act sections 606 and 608 authorize this information collection. See 29 U.S.C. 1166 and 1168.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0123.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing
