This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Proposed Revocation of Class E Airspace and Establishment of Class E Airspace; Ruston, LA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to remove Class E airspace extending upward from 700 feet above the surface at Ruston Municipal Airport, Ruston, LA, as the airport has closed and controlled airspace is no longer required. Class E airspace extending upward from 700 feet above the surface would be established at the new Ruston Regional Airport, Ruston, LA, for safety and management of instrument flight rules (IFR) operations at the airport.

DATES: Comments must be received on or before November 28, 2016.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366–9826, or 1–800–647–5527. You must identify FAA Docket No. FAA–2016–9151; Airspace Docket No. 16–ASW–15, at the beginning of your comments. You may also submit comments through the Internet at http://www.regulations.gov. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the ADDRESSES section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Supplementary Information:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace in the Ruston, LA, area.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11A, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: 202–267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11A at NARA, call 202–741–6030, or go to http://www.archives.gov/federal_register/codes_of_federal_regulations/ibr_locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX, 76177; telephone (817) 222–5711.

Federal Register
The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by removing Class E airspace at Ruston Municipal Airport, Ruston, LA, as the airport has been closed; therefore controlled airspace is no longer needed. Class E airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Ruston Regional Airport, Ruston, LA would be established. Controlled airspace is necessary for the safety and management of standard instrument approach procedures for IFR operations at the airport.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when issued, is unworkable and recommended that a new rule should be developed. The rule found that it would be

ENVIRONMENTAL REVIEW

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

§ 71.1 [Amended]

1. The authority citation for 14 CFR Part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

* * * * *

ASW LA E5 Ruston, LA [Removed]

* * * * *

ASW LA E5 Ruston, LA [New]

Ruston Regional Airport, LA (Lat. 32°30’53” N., long. 92°35’18” W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of the airport.

Issued in Fort Worth, Texas, on October 3, 2016.

Walter Tweedy,

Acting Manager, Operations Support Group, ATO Central Service Center.

BILLING CODE 4910–13–P

DEPARTMENT OF AGRICULTURE

Forest Service

36 CFR Part 219

RIN 0596–AD28

National Forest System Land Management Planning

AGENCY: Forest Service, USDA.

ACTION: Notice of proposed rulemaking; request for comment.

SUMMARY: The U.S. Department of Agriculture, Forest Service is proposing to amend regulations pertaining to the National Forest System Land Management Planning. The proposed rule would amend the administrative procedures to amend land management plans developed or revised in conformance with the provisions under a prior planning rule.

DATES: Comments must be received in writing by November 14, 2016. The Agency will consider and place comments received after this date in the record only if practicable.

ADDRESSES: Submit comments concerning the proposed rule through one of the following methods:

2. Facsimile: Fax to: 202–649–1172. Please identify your comments by including “RIN 0596–AD28” or “planning rule amendment” on the cover sheet or the first page.

FOR FURTHER INFORMATION CONTACT: Ecosystem Management Coordination staff’s Assistant Director for Planning Andrea Bedell Loucks at 202–205–8336 or Planning Specialist Regis Terney at 202–205–1552.

SUPPLEMENTARY INFORMATION:

Background

The mission of the Forest Service is to sustain the health, diversity, and productivity of the Nation’s forests and grasslands to meet the needs of present and future generations. In accomplishing this mission, the Agency is required by statute to develop land management plans to guide management of the 154 national forests, 20 grasslands, and 1 prairie that comprise the 193 million acre National Forest System (NFS).

The National Forest Management Act required the Secretary of Agriculture to develop a planning rule “under the principles of the Multiple-Use Sustained-Yield Act of 1960, that s[t] out the process for the development and revision of the land management plans, and the guidelines and standards” (16 U.S.C. 1604(g)). The Secretary fulfilled this requirement by issuing a rule, codified at title 36, Code of Federal Regulations, part 219 (36 CFR part 219), which sets requirements for land management planning and content of plans. In 1979, the U.S. Department of Agriculture (Department) issued the first regulations to comply with this statutory requirement. The 1979 regulations were superseded by the 1982 planning rule.

Numerous efforts were made over the past three decades to improve on the 1982 planning rule. On November 9, 2000, the Department issued a new planning rule that superseded the 1982 rule (65 FR 67514). Shortly after the issuance of the 2000 rule, a review of the rule found that it would be unworkable and recommended that a new rule should be developed. The Department amended the 2000 rule so that responsible officials could continue...
