

Hearing.—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 10:00 a.m. on Wednesday, November 30, 2016, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before November 23, 2016. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should participate in a prehearing conference to be held on November 29, 2016, at the U.S. International Trade Commission Building, if deemed necessary. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 business days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is November 22, 2016. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is December 7, 2016. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before December 7, 2016. On December 22, 2016, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before December 28, 2016, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's

rules. The Commission's *Handbook on E-Filing*, available on the Commission's Web site at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

Issued: October 5, 2016.

By order of the Commission.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 2210-55-P

DEPARTMENT OF JUSTICE

Bureau of Alcohol, Tobacco, Firearms and Explosives

[Docket No. ATF 2016R-11]

International Trade Data System Test—Voluntary Export Pilot Project

AGENCY: Bureau of Alcohol, Tobacco, Firearms and Explosives, Department of Justice.

ACTION: Notice.

SUMMARY: Along with other agencies, the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) will participate in a U.S. Customs and Border Protection (CBP) pilot test of the International Trade Data System (ITDS), using electronic processing of export data through the Automated Export System (AES) which is accessed within CBP's Automated Commercial

Environment (ACE). ACE, the primary system through which exporters transmit export data for the clearance of cargo, automates manual processes, eliminates paper, and helps exporters efficiently comply with laws and regulations. Exporters of National Firearms Act (NFA) firearms, which include machineguns, silencers and destructive devices, may use the ACE portal, to submit data via the AESDirect system. Participation in the pilot test is voluntary.

The pilot test will allow participating exporters to submit forms, such as the ATF Form 9, Application and Permit for Permanent Exportation of Firearms, and information to CBP electronically to obtain CBP certification of exportation. CBP will validate that information, and electronically transmit export information to agencies (including ATF) to satisfy CBP's certification requirements. The pilot test seeks to streamline this part of the export process. Information on ATF's rules and regulations, and answers to commonly asked questions, can be found on the agency's Web site: <http://www.atf.gov>.

DATES: Interested exporters of NFA firearms, which include machineguns, silencers and destructive devices, may participate in the pilot test throughout the duration of the pilot. This pilot will begin upon publication of this notice, and will continue until concluded by publication of a notice ending it. Interested parties with ATF questions should contact Gary Schaible, whose contact information is found below.

FOR FURTHER INFORMATION CONTACT: Gary Schaible, Industry Liaison Analyst, Firearms and Explosives Services Division, Office of Enforcement Programs and Services; Bureau of Alcohol, Tobacco, Firearms and Explosives; U.S. Department of Justice; 99 New York Avenue NE., Room 6N521, Washington, DC 20226; telephone: (202) 648-7165; email Exports-HelpDesk@atf.gov. For technical questions regarding ACE or the AES data transmission, please contact your assigned CBP client representative. Interested parties without an assigned client representative should submit an email to Steven Zaccaro at steven.j.zaccaro@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION: In compliance with Executive Order 13659, Streamlining the Export/Import Process for America's Businesses (79 FR 10657, Feb. 25, 2014), ATF intends to join CBP's pilot test upon publication of this notice. ATF encourages the voluntary participation of U.S. exporters of NFA firearms, which include machineguns, silencers and destructive

devices. The NFA (Title 26, United States Code, Chapter 53) and the implementing regulations in Title 27, Code of Federal Regulations, Part 479 require any person desiring to export a firearm without payment of transfer tax to apply for a permit (ATF Form 9, Application and Permit for Permanent Exportation of Firearms). The approval provides for deferment of tax liability. The exporter is then required to furnish to ATF evidence of the exportation of the firearm(s) within a six-month's period of the date of issuance of the permit to relieve the tax liability. A satisfactory means of documentation of exportation is for CBP to execute the certificate of exportation (Part 3 of Form 9) and send a copy of the executed certificate to ATF. This pilot program will allow CBP to transmit the certificate to ATF electronically rather than by mail. The exporter will continue to apply on Form 9 for the permit.

Exporters who wish to participate in this pilot test must have an ACE Portal Account to be able to file the relevant data electronically via AES Direct. Information regarding an ACE Portal Account can be found at <https://www.cbp.gov/trade/automated/getting-started/using-ace-secure-data-portal>. Additional information is available at <https://www.cbp.gov/trade/automated/getting-started>.

ATF data elements include ATF Category Code, Federal Firearms License (FFL) Number, FFL Exemption Code, Control Number, Control Number Exemption Code, Quantity, and Optional Description Field. CBP will validate that information, and electronically transmit CBPs certification of exportation to ATF. Regarding appropriate data elements, CBP stipulates that "Electronic Export Information" is the electronic export data as filed in the Automated Export System (AES). This data is the electronic equivalent of the export data formerly collected as Shipper's Export Declaration (SED) information. For additional information, ATF refers exporters to CBP's AES Technical Information page at <https://www.cbp.gov/trade/aes>.

All data submitted and entered into ACE is subject to the Trade Secrets Act (18 U.S.C. 1905) and is considered confidential, except to the extent as otherwise provided by law. As stated in previous notices, however, the submitter's participation in this or any of the previous ACE tests is not confidential and upon a written Freedom of Information Act request, the name(s) of an approved participant(s) will be disclosed by CBP in accordance with 5 U.S.C. 552.

This pilot test will begin upon publication of this notice, and will continue until concluded by publication of a notice ending it.

Approved: October 5, 2016.

Thomas E. Brandon,
Deputy Director.

BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On October 6, 2016, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of Columbia in the lawsuit entitled *United States v. Detroit Diesel Corporation*, Civil Action No. 1:16-cv-01982.

The government's complaint alleges that Detroit Diesel violated the Clean Air Act by introducing into commerce 7,786 heavy-duty diesel engines for use in trucks and buses in model year 2010 without a valid EPA-issued certificate of conformity demonstrating conformance with Clean Air Act standards to control nitrogen oxide (NO_x) emissions. The complaint also alleges that the engines did not conform to emission standards applicable to model year 2010 engines.

The Consent Decree requires Detroit Diesel to spend \$14.5 million on mitigation projects to reduce NO_x emissions and other pollutants, including replacing high-polluting diesel school buses and locomotive engines with models that meet current emissions standards. Detroit Diesel will also pay a civil penalty of \$14 million.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Detroit Diesel Corporation*, D.J. Ref. No. 90-5-2-1-10557. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
