accuracy of the Board’s burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility. Submitted comments will be summarized and included in the Board’s request for OMB approval.

Description of Collection

Title: Household Goods Movers’ Disclosure Requirements.

OMB Control Number: 2140–0027.

STB Form Number: None.

Type of Review: Extension with change.

Respondents: Movers that desire to offer a rate limiting their liability on interstate moves to anything less than replacement value of the goods.

Number of Respondents: 7,000

(approximate number of Movers involved in authorized for-hire household goods carriage in the United States according to American Moving and Storage Association).

Frequency: On occasion.

Total Burden Hours: None. The change to the estimate form is a one-time, start-up cost, which was considered in the cost analysis of the Board’s previous approval for this collection. In our initial request for approval, we estimated that 15 of the approximately 4,500 household goods movers were large firms that print their own forms and would have to produce modified forms to meet the new requirement. Further, any new large mover entrants would have to create forms based on other agency regulations—with or without the released rate disclosure—and, therefore, there is no longer an hourly burden for this collection.

Total “Non-hour Burden” Cost:

Movers may provide these forms to shippers electronically. Further, as with the burden hours above, the one-time, start-up costs that were previously considered will no longer apply to existing movers and new entrants will not have any additional cost to add released rates to the forms required under other agency regulations. Therefore, there is no longer a non-hourly cost burden for this collection.

Needs and Uses: Congress, in the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, § 4215, Public Law 109–59, 119 Stat. 1144, 1760 (2005), directed the Board to review consumer protection regulations concerning the loss or damage that occurs during interstate household goods moves. In Docket No. RR 999, the Board required household goods motor carriers and freight forwarders (together, Movers) to provide their customers with clear written information concerning the two available cargo-liability options, if they desired to offer a rate limiting their liability on interstate moves to anything less than replacement value of the goods. Movers were required to provide this information on the standard written estimate form, which the Federal Motor Carrier Safety Administration (FMCSA) already required Movers to provide to their household goods moving customers. See 49 CFR 375.213. Thus, Movers must inform consumers of their rights and obtain a signed waiver if the consumer elects anything other than full-value protection. Previously, consumers were sometimes confused and did not realize that they had waived full-value protection until after they had experienced damage to or loss of their goods. The information collection that is the subject of this notice is intended to correct this problem by providing early notice regarding the two liability options (full-value protection and the lower released-rate protection), as well as adequate time and information to help consumers decide which option to choose.

Under the PRA, a Federal agency conducting or sponsoring a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Section 3507(b) of the PRA requires, concurrent with an agency’s submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information.

Notice of Request To Release Airport Property

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Intent to Rule on Request to Release Airport Property at The Des Moines International Airport, Des Moines, Iowa.

SUMMARY: The FAA proposes to rule and invites public comment on the release of land at The Des Moines International Airport, Des Moines, Iowa, under the provisions of 49 U.S.C. 47107(h)(2).

DATES: Comments must be received on or before November 14, 2016.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address:

Lynn D. Martin, Airways Compliance Specialist, Federal Aviation Administration, Airports Division, ACE–610C, 901 Locust Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Kevin Foley, Airport Executive Director, 5800 Fleur Dr. Suite 207, Des Moines, IA 50321, (515) 256–5100.

FOR FURTHER INFORMATION CONTACT:

Lynn D. Martin, Airways Compliance Specialist, Federal Aviation Administration, Airports Division, ACE–610C, 901 Locust Room 364, Kansas City, MO 64106, (816) 329–2644, lynn.martin@faa.gov.

The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 2.31 ± acres of airport property at The Des Moines International Airport (DSM) under the provisions of 49 U.S.C. 47107(b)(2). On September 7, 2016, the Director of Engineering & Planning at The Des Moines International Airport requested from the FAA that approximately 2.31 ± acres of property be released for sale to Glenn and April Brown for use as single family residence, consistent with the zoning ordinances of the City. On October 3, 2016, the FAA determined that the request to release property at The Des Moines International Airport (DSM) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner
than thirty days after the publication of this notice.

The following is a brief overview of the request:
The Des Moines International Airport (DSM) is proposing the release of airport property totaling 2.31 acres, more or less. This land is to be used for single family residence for Glenn and April Brown. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land in the Des Moines International Airport (DSM) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation facilities at The Des Moines International Airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under FOR FURTHER INFORMATION CONTACT. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at The Des Moines International Airport.

Issued in Kansas City, MO, on October 5, 2016.

Jim A. Johnson,
Manager, Airports Division.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 14.14± acres of airport property at The Des Moines International Airport (DSM) under the provisions of 49 U.S.C. 47107(h)(2). On September 7, 2016, the Director of Engineering & Planning at The Des Moines International Airport requested from the FAA that approximately 14.14± acres of property be released for sale to Next Phase Development for use as single family residences, consistent with the zoning ordinances of the City. On October 3, 2016, the FAA determined that the request to release property at The Des Moines International Airport (DSM) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport.
