Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; by telephone/voice mail at (202) 564–2057 or at shallal.subhair@epa.gov for Dr. Shallal, and at (202) 564 2050 or at yeow.aaron@epa.gov for Mr. Yeow. General information about the CASAC, as well as any updates concerning the teleconference announced in this notice, may be found on the EPA Web site at http://www.epa.gov/casac.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), in part to review air quality criteria and NAAQS and recommend any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA). 5 U.S.C., App. 2. Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six “criteria” air pollutants, including oxides of nitrogen and oxides of sulfur. EPA is currently reviewing the secondary (welfare-based) ambient air quality standards for oxides of nitrogen and sulfur and has requested CASAC advice.

Pursuant to FACA and EPA policy, notice is hereby given that the Secondary National Ambient Air Quality Standards Review Panel for Oxides of Nitrogen and Sulfur will hold a public teleconference to discuss its draft peer review report and the Chartered CASAC will discuss the disposition of the panel’s report at the end of the teleconference. The Chartered CASAC and CASAC Secondary NAAQS Review Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Technical Contacts: Any technical questions concerning the Integrated Review Plan (IRP) for the Secondary (welfare-based) National Ambient Air Quality Standards for Oxides of Nitrogen and Oxides of Sulfur should be directed to Ms. Ginger Tennant (tennant.ginger@epa.gov), EPA Office Air Quality Planning and Standards.

Availability of Meeting Materials: Prior to the teleconference, the review documents, agenda and other materials will be accessible through the “Upcoming and Recent Meetings” link located at http://www.epa.gov/casac/.

Procedures for Providing Public Input: Public comment for consideration by EPA advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Interested members of the public may submit relevant written or oral information on the topic of this advisory activity, and/or the group conducting the activity, for the CASAC to consider during the advisory process. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Dr. Sue Shallal, DFO, or Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by February 25, 2016 so that the information may be made available to the Panel members for their consideration. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Sue Shallal at the contact information provided above. To request accommodation for disability, please contact Dr. Shallal or Mr. Yeow preferably at least ten days prior to the teleconference to give EPA as much time as possible to process your request.

Deputy Director, EPA Science Advisory Staff Office.

offers any programming in HD, the
system must give notice that it is
offering HD programming to all
broadcast stations in its market that are
carried on its system. Cable operators
must also keep records of such
notification. This information collection
requirement allows affected broadcast
stations to monitor compliance with the
requirement that cable operators
transmit high definition broadcast
signals in HD.

FEDERAL COMMUNICATIONS
COMMISSION

[OMB 3060–0010 and 3060–1042]

Information Collections Being Submitted for Review and Approval to
the Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort
to reduce paperwork burdens, and as
required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–
3520), the Federal Communications Commission (FCC or Commission)\ninvites the general public and other Federal agencies to take this
opportunity to comment on the
following information collections. Comments are requested concerning:
whether the proposed collection of information is necessary for the proper
performance of the functions of the Commission, including whether the
information shall have practical utility; the accuracy of the Commission’s
burden estimate; ways to enhance the quality, utility, and clarity of the
information collected; ways to minimize the burden of the collection of
information on the respondents, including the use of automated
collection techniques or other forms of information technology; and ways to
further reduce the information collection burden on small business
concerns with fewer than 25 employees. The FCC may not conduct or sponsor a
collection of information unless it displays a currently valid Office of
Management and Budget (OMB) control number. No person shall be subject to
any penalty for failing to comply with a collection of information subject to the
PRA that does not display a valid OMB control number.

DATES: Written comments should be
submitted on or before March 11, 2016.
If you anticipate that you will be
submitting comments, but find it
difficult to do so within the period of
time allowed by this notice, you should
advise the contacts below as soon as
possible.

ADDRESSES: Direct all PRA comments to
Nicholas A. Fraser, OMB, via email
Nicholas.A. Fraser@omb.eop.gov; and
to Cathy Williams, FCC, via email PRA@fcc.gov
and to Cathy.Williams@fcc.gov.
Include in the comments the OMB
collection number as shown in the
SUPPLEMENTARY INFORMATION section below.

FOR FURTHER INFORMATION CONTACT: For
additional information or copies of the
information collection, contact Cathy
Williams at (202) 418–2918. To view a
