

notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Revised Factual Information Requirements

On April 10, 2013, the Department published *Definition of Factual Information and Time Limits for Submission of Factual Information: Final Rule*, 78 FR 21246 (April 10, 2013), which modified two regulations related to antidumping and countervailing duty proceedings: the definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301). The final rule identifies five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by the Department; and (v) evidence other than factual information described in (i)–(iv). The final rule requires any party, when submitting factual information, to specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The final rule also modified 19 CFR 351.301 so that, rather than providing general time limits, there are specific time limits based on the type of factual information being submitted. These modifications are effective for all segments initiated on or after May 10, 2013. Please review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in this segment.

Any party submitting factual information in an antidumping duty or countervailing duty proceeding must certify to the accuracy and completeness of that information.⁶ Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives. All segments of any

antidumping duty or countervailing duty proceedings initiated on or after August 16, 2013, should use the formats for the revised certifications provided at the end of the *Final Rule*.⁷ The Department intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable revised certification requirements.

Revised Extension of Time Limits Regulation

On September 20, 2013, the Department modified its regulation concerning the extension of time limits for submissions in antidumping and countervailing duty proceedings: *Final Rule*, 78 FR 57790 (September 20, 2013). The modification clarifies that parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by the Secretary. In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Examples include, but are not limited to: (1) Case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning U.S. Customs and Border Protection data; and (5) quantity and value questionnaires. Under certain circumstances, the Department may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, the Department will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This modification also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which

the Department will grant untimely-filed requests for the extension of time limits. These modifications are effective for all segments initiated on or after October 21, 2013. Please review the final rule, available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

Certain New Pneumatic Off-the-Road Tires From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2014–2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) is conducting an administrative review of the antidumping duty order on certain new pneumatic off-the-road tires (“OTR tires”) from the People’s Republic of China (“PRC”). The period of review (“POR”) is September 1, 2014, through August 31, 2015. The Department preliminarily finds that Xuzhou Xugong Tyres Co., Ltd. (“Xugong”), Xuzhou Armour Rubber Company Ltd. (“Armour”) and Xuzhou Hanbang Tyre Co., Ltd. (“Hanbang”) (collectively, “Xugong”), made sales of subject merchandise at less than normal value (“NV”) and that Trelleborg Wheel Systems Hebei Co. (“TWS Hebei”) had no shipments during the POR. The Department invites interested parties to comment on this preliminary determination.

DATES: Effective October 14, 2016.

SUPPLEMENTARY INFORMATION:**Background**

On November 9, 2015, the Department initiated the seventh administrative review of the antidumping duty order on OTR tires from the PRC.¹ As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll all administrative deadlines due to the recent closure of the Federal Government.² Accordingly, all deadlines in this segment of the proceeding have been extended by four business days.³ On May 3, 2016, we extended the time limit for the preliminary results of review by 120 days, pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“Act”), to October 5, 2016.⁴ For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁵ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I.

Scope of the Order⁶

The merchandise covered by this order includes new pneumatic tires designed for off-the-road and off-highway use, subject to certain exceptions. The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings: 4011.20.10.25, 4011.20.10.35, 4011.20.50.30, 4011.20.50.50, 4011.61.00.00, 4011.62.00.00, 4011.63.00.00, 4011.69.00.00, 4011.92.00.00, 4011.93.40.00, 4011.93.80.00, 4011.94.40.00, and 4011.94.80.00. HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.

Preliminary Determination of No Shipments

On November 17, 2015, TWS Hebei submitted a timely-filed certification indicating that it had no shipments of subject merchandise to the United States during the POR.⁷ Consistent with our practice, the Department asked Customs and Border Protection (“CBP”) to conduct a query on potential shipments made by TWS Hebei.⁸ Based on TWS Hebei’s certifications and our analysis of CBP data and rebuttal information, we preliminarily determine that TWS Hebei did not have any reviewable transactions during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum. Consistent with our assessment practice in non-market economy (“NME”) cases, the Department is not rescinding this review of the company, but intends to complete the review and issue appropriate instructions to CBP based on the final results of the review.⁹

Separate Rates

The Department preliminarily determines that information placed on the record by the mandatory respondent Xugong,¹⁰ as well as nine other separate rate applicants, Shiyang Desizheng Industry & Trade Co., Ltd. (“Desizheng”), Qingdao Jinhaoyang International Co., Ltd. (“Jinhaoyang”), Weifang Jintongda Tyre Co., Ltd. (“Jintongda”), Sailun Jinyu Group Co., Ltd. (“Sailun”), Qingdao Free Trade Zone Full-World International Trading Co., Ltd. (“Qingdao FTZ”), Qingdao Qihang Tyre Co. (“Qihang”), Trelleborg

⁹ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694, 65694–95 (October 24, 2011) and the “Assessment Rates” section, below.

¹⁰ The Department previously collapsed Xugong and its affiliates Armour and Hanbang into a single entity, see *Certain New Pneumatic Off-The-Road Tires From The People’s Republic Of China: Preliminary Results Of Antidumping Duty Administrative Review; 2013–2014*, 80 FR 61166, 61167 (October 9, 2015), unchanged in *Certain New Pneumatic Off-the-Road Tires From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2013–2014*, 81 FR 23272 (April 20, 2016). This decision is unchanged in the instant review; thus the Department continues to treat Xugong, Armour, and Hanbang as a single entity.

Wheel Systems (Xingtai) China, Co. Ltd. (“TWS Xingtai”), Weihai Zhongwei Rubber Co., Ltd. (“Zhongwei”), and Zhongce Rubber Group Company Limited (“Zhongce”), demonstrates that these companies are entitled to separate rate status. For additional information, see the Preliminary Decision Memorandum.

Rate for Non-Examined Companies Which Are Eligible for a Separate Rate

The statute and the Department’s regulations do not address the establishment of a rate to be applied to respondents not selected for individual examination when the Department limits its examination of companies subject to the administrative review pursuant to section 777A(c)(2)(B) of the Act. Generally, the Department looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for respondents not individually examined in an administrative review. Section 735(c)(5)(A) of the Act articulates a preference for not calculating an all-others rate using rates which are zero, *de minimis* or based entirely on adverse facts available (“AFA”).¹¹ Accordingly, the Department’s usual practice has been to determine the dumping margin for companies not individually examined by averaging the weighted-average dumping margins for the individually examined respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.¹² Consistent with this practice, in this review, we preliminarily calculated a weighted-average dumping margin for Xugong that is above *de minimis* and not based entirely on AFA; therefore, the Department preliminarily assigns to Desizheng, Jinhaoyang, Jintongda, Sailun, Qingdao FTZ, Qihang, TWS Xingtai, Zhongwei, and Zhongce the weighted-average margin calculated for Xugong as the separate rate for this review.

PRC-Wide Entity

The Department’s change in policy regarding conditional review of the

PRC-wide entity applies to this administrative review.¹³ Under this policy, the PRC-wide entity will not be under review unless a party specifically requests, or the Department self-initiates, a review of the entity. Because no party requested a review of the PRC-wide entity in this review, the entity is not under review and the entity's rate is not subject to change (*i.e.*, 105.31 percent).¹⁴ Aside from the no shipments and separate rate companies discussed above, the Department considers all other companies for which a review was requested, were not found eligible for a separate rate based on information provided, including Guizhou Tyre Co., Ltd. ("GTC"),¹⁵ Aeolus Tyre Co., Ltd., and Tianjin Leviathan International Trade Co., Ltd., to be part of the PRC-wide entity.¹⁶ For additional

information, see the Preliminary Decision Memorandum.

Methodology

The Department is conducting this review in accordance with section 751(a)(1)(B) and 751(a)(2)(A) of the Act. Export and constructed export prices were calculated in accordance with sections 772(a) and (b) of the Act. Because the PRC is a nonmarket economy within the meaning of section 771(18) of the Act, normal value ("NV") has been calculated in accordance with section 773(c).

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and

Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist for the period September 1, 2014, through August 31, 2015:

Exporter	Weighted-average dumping margin (percent)
Xuzhou Xugong Tyres Co., Ltd., Armour Rubber Company Ltd., or Xuzhou Hanbang Tyre Co., Ltd.	33.58
Shiyan Desizheng Industry & Trade Co., Ltd.	33.58
Qingdao Jinhaoyang International Co., Ltd.	33.58
Sailun Jinyu Group Co., Ltd.	33.58
Weifang Jintongda Tyre Co., Ltd.	33.58
Zhongce Rubber Group Company Limited	33.58
Weihai Zhongwei Rubber Co., Ltd.	33.58
Qingdao Qihang Tyre Co.	33.58
Qingdao Free Trade Zone Full-World International Trading Co., Ltd.	33.58
Trelleborg Wheel Systems (Xingtai) China, Co. Ltd.	33.58

Additionally, the Department preliminarily determines that GTS, Aeolus Tyre CO., Ltd., and Tianjin Leviathan International Trade Co., Ltd., to be a part of the PRC-wide entity.

Disclosure, Public Comment and Opportunity to Request a Hearing

The Department intends to disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review in the **Federal Register**.¹⁷ Rebuttals to case briefs, which must be

limited to issues raised in the case briefs, must be filed within five days after the time limit for filing case briefs.¹⁸ Parties who submit arguments are requested to submit with the argument (a) a statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹⁹ Parties submitting briefs should do so pursuant to the Department's electronic filing system, ACCESS.²⁰

Any interested party may request a hearing within 30 days of publication of this notice.²¹ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues

to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.²²

The Department intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.²³ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For assessment purposes, the Department applied the assessment rate calculation method adopted in *Assessment Rate Modification*.²⁴ For any individually examined respondent whose weighted average dumping margin is above *de minimis* (i.e., 0.50 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.²⁵ Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* rate is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁶ For the respondents that were not selected for individual examination in this administrative review and that qualified for a separate rate, the assessment rate will be based on the average of the mandatory respondents.²⁷

Pursuant to the Department's practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (i.e., at that exporter's rate) will be liquidated at the PRC-wide rate.²⁸

²³ See 19 CFR 351.212(b).

²⁴ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012) ("*Assessment Rate Modification*") in the manner described in more detail in the Preliminary Decision Memorandum.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Certain Oil Country Tubular Goods From the Socialist Republic of Vietnam: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from SEAH Steel VINA Corporation (SSV), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty (AD) order on certain oil country tubular goods (OCTG) from the Socialist Republic of Vietnam (Vietnam) for the period (POR) February 25, 2014, through August 31, 2015. The Department preliminarily determines that SSV did not sell subject merchandise in the United States at prices below normal value (NV) during the period of review (POR). Interested parties are invited to comment on these preliminary results.

SUPPLEMENTARY INFORMATION:

Background

On November 9, 2015, the Department initiated an administrative review of the
