The modification to the legal description did not change the area of analysis; therefore, the environmental and aeronautical analyses are still valid. The legal descriptions for the Boardman MOAs being established, as noted in this notice, will be published in the NFDD with a November 10, 2016 effective date. A copy of the FAA Record of Decision is available on the FAA Web site.

Right of Appeal

The Adoption/ROD for the changes to the Boardman MOAs constitutes a final order of the FAA Administrator and is subject to exclusive judicial review under 49 U.S.C. 46110 by the U.S. Circuit Court of Appeals for the District of Columbia or the U.S. Circuit Court of Appeals for the circuit in which the person contesting the decision resides or has its principal place of business. Any party having substantial interest in this order may apply for review of the decision by filing a petition for review in the appropriate U.S. Court of Appeals no later than 60 days after the date of this notice in accordance with the provisions of 49 U.S.C. 46110. Any party seeking to stay implementation of the action as stated in the ROD must file an application with the FAA prior to seeking judicial relief as provided in Rule 18(a) of the Federal Rules of Appellate Procedure.
