

alternatives will be explored during the scoping and during preparation of the EIS/EIR. The EIS/EIR will focus on issues for which potentially significant impacts are identified, including: Public recreation and impacts to user groups, biological resources, cultural resources, transportation and parking, water resources and water quality, and others. In addition, the EIS/EIR will analyze the full range of resource topics required by the lead agencies (e.g., noise, land use) and cumulative impacts.

Permits or Licenses Required

Permits that may be required before implementation include: A National Pollutant Discharge Elimination System General Construction Permit issued by the Los Angeles Regional Water Quality Control Board, a Section 404 Permit and Section 401 Certification (per the Clean Water Act) issued by the U.S. Army Corps of Engineers, Biological Opinion/Incidental Take Statement issued by USFWS, Section 2081 Incidental Take Permit issued by the California Department of Fish and Wildlife, and a Streambed Alteration Agreement (Section 1602 permits of the California Fish and Game Code) issued by the California Department of Fish and Wildlife. Local traffic control and encroachment permits may be required from the Los Angeles County Department of Public Works or the California Department of Transportation.

Scoping Process

The ANF and the WCA are seeking public and agency comment on the proposed project to identify major issues. Comments received will help define the scope of the project and issues to be analyzed in depth. Comments should be as “project specific” as possible. It is important that reviewers provide their comments at

such times and in such a manner that they are useful to the agency’s preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the scoping comment period and should clearly articulate the reviewer’s concerns and contentions in relation to the project. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of NEPA (40 CFR 1503.3) in addressing these points.

The proposed project is consistent with the 2006 Angeles National Forest Land Management Plan, and is subject to project level, pre-decisional administrative review pursuant to 36 CFR 218, Subparts A and B. Comments received on this notice or in subsequent environmental reviews, including names and addresses of those who comment, will be considered as part of the public record on this proposed project, and are subject to the Freedom of Information Act (FOIA) and California Public Records Act (CPRA). Comments submitted anonymously will be accepted and considered; however, those who submit anonymous comments will not have standing to object to the subsequent decision.

Dated: October 7, 2016.

Rachel C. Smith,
Deputy Forest Supervisor, Angeles National Forest.

Grain Inspection, Packers and Stockyards Administration

Proposed Posting and Posting of Stockyards

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA.

ACTION: Notice and request for comments.

SUMMARY: The Grain Inspection, Packers and Stockyards Administration (GIPSA) is taking several actions to post stockyards under the Packers and Stockyards Act (P&S Act). Specifically, we are proposing that eight stockyards now operating subject to the P&S Act be posted. We are also posting 15 stockyards that were identified previously as operating subject to the P&S Act.

DATES: For the proposed posting of stockyards, we will consider comments

that we receive on or before November 1, 2016.

ADDRESSES: We invite you to submit comments on this notice. You may submit comments by any of the following methods:

- *Internet:* Go to <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail, hand delivery, or courier:* R. Dexter Thomas, GIPSA, USDA, 1400 Independence Avenue SW., Room 2530-S, Washington, DC 20250-3604.

Instructions: All comments should refer to the date and page number of this issue of the **Federal Register**. The comments and other documents relating to this action will be available for public inspection during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Catherine M. Grasso, Program Analyst, Litigation and Economic Analysis Division at (202) 720-7201 or Catherine.m.grasso@usda.gov.

SUPPLEMENTARY INFORMATION: GIPSA administers and enforces the P&S Act of

1921, (7 U.S.C. 181 *et seq.*). The P&S Act prohibits unfair, deceptive, and fraudulent practices by livestock market agencies, dealers, stockyard owners, meat packers, swine contractors, and live poultry dealers in the livestock, poultry, and meatpacking industries.

Section 302 of the P&S Act (7 U.S.C. 202) defines the term “stockyard” as follows: “. . . any place, establishment, or facility commonly known as stockyards, conducted, operated, or managed for profit or nonprofit as a public market for livestock producers, feeders, market agencies, and buyers, consisting of pens, or other enclosures, and their appurtenances, in which live cattle, sheep, swine, horses, mules, or goats are received, held, or kept for sale or shipment in commerce.”

Section 302 (b) of the P&S Act requires the Secretary of Agriculture to determine which stockyards meet this definition, and to notify the owner of the stockyard and the public of that determination by posting a notice in each designated stockyard. Once the

Secretary provides notice to the stockyard owner and the public, the stockyard is subject to the provisions of Title III of the P&S Act (7 U.S.C. 201–203 and 205–217a) until the Secretary deposits the stockyard by public notice. To post a stockyard, we assign the stockyard a facility number, notify the stockyard owner, and send an official posting notice to the stockyard owner to display in a public area of the stockyard. This process is referred to as “posting.” The date of posting is the date that the posting notices are physically displayed at the stockyard. A facility that does not meet the definition of a stockyard is not subject to the P&S Act, and therefore cannot be posted. A posted stockyard can be deposited, which occurs when the facility is no longer used as a stockyard.

We are hereby notifying stockyard owners and the public that the following eight stockyards meet the definition of a stockyard, and that we propose to designate these stockyards as posted stockyards.

Proposed facility No.	Stockyard name and location
KY-189	Blue Grass Stockyards of Albany, LLC, Albany, Kentucky.

We are also notifying the public that the stockyards listed in the following table meet the P&S Act’s definition of a stockyard and that we have posted the stockyards. On July 27, 2015, we published a notice in the **Federal**

Register (79 FR 41255–41256) of our proposal to post these 15 stockyards. Since we received no comments to our proposal, we assigned the stockyards a facility number and notified the owner of the stockyard facilities. Posting
