National Institutes of Health

National Heart, Lung, and Blood Institute; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Heart, Lung, and Blood Initial Review Group; NHLBI Mentored Transition to Independence Review Committee.

Date: November 5-6, 2015.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: The William F. Bolger Center, 9600 Newbridge Drive, Potomac, MD 20854.

Contact Person: Giuseppe Pintucci, Ph.D., Scientific Review Officer, Office of Scientific

Review/DERA, National Heart, Lung, and Blood Institute, 6701 Rockledge Drive, Room 7192, Bethesda, MD 20892, 301-435-0287, Pintuccig@nhlbi.nih.gov.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: SAMHSA Disaster Technical Assistance Center Disaster Behavioral Health Needs Assessment and Customer Satisfaction Surveys (OMB No. 0930-0325)—Revision

The Substance Abuse and Mental Health Services Administration (SAMHSA) is requesting approval for a revision to the data collection associated with the SAMHSA Disaster Technical Assistance Center (DTAC) Disaster Behavioral Health Needs Assessment and Customer Satisfaction Surveys (OMB No. 0930-0325), which expire on May 31, 2017. Specifically, SAMHSA DTAC plans to consolidate the Needs Assessment Survey and Customer Satisfaction Surveys into a single instrument. The new revised instrument, entitled SAMHSA DTAC Customer Feedback Survey (CFS), under this effort will also include a change in administration to make it appropriate for a single, streamlined survey.

The proposed data collection effort will provide feedback on the overall effectiveness of SAMHSA DTAC's services, ongoing needs at the national

level, and areas that require enhanced technical assistance (TA) services.

SAMHSA DTAC will be responsible for administering the data collection instrument and analyzing the data. SAMHSA DTAC will use data from the instrument to inform current and future TA activities and to ensure these activities continue to align with state and local needs.

A three-year clearance is being requested. The SAMHSA DTAC CFS is designed to allow the agency to collect feedback on the overall effectiveness of the services provided by SAMHSA DTAC, as well as ongoing data regarding disaster behavioral health (mental health and substance use-related) needs at the national level and areas that require enhanced training and technical assistance (TA) services. This is the information that was previously collected as part of the SAMHSA DTAC Needs Assessment Survey (NAS) and Customer Satisfaction Survey (CSS). Data from this effort will continue to be used to improve services to jurisdictions, which will lead to (1) better integration of disaster behavioral health (DBH) needs with all-hazards disaster preparedness and response, and (2) improved outcomes at the state, territory, tribal, and local levels with less burden on participants. The new Customer Feedback Survey integrates and consolidates questions from the previously utilized NAS and CSS, which will reduce burden associated with the number of instruments and survey questions. SAMHSA DTAC will continue to be responsible for survey administration and analysis of the data collected, which SAMHSA will use to inform current and future training and TA activities. Table 1 shows the estimated burden associated with CFS data collection activities and the associated costs. It is anticipated that the survey will be administered once each year.

Participation in the Customer Feedback Survey will be solicited from all 50 states, the U.S. territories, and the District of Columbia. The survey will be administered to individuals who have requested TA within the six months prior to administration and those who are subscribed to DTAC's e-communications, *SAMHSA DTAC Bulletin*, or *The Dialogue*, at the time of administration. Internet-based technology will be used to collect data via web-based survey for data entry and management.
