**Background:** The FMCSA registers for-hire motor carriers of regulated commodities, motor passenger carriers, freight forwarders, property brokers, and certain for-hire Mexico-domiciled motor carriers under 49 U.S.C. 13902(c). These motor carriers may conduct transportation services in the United States only if they are registered with the FMCSA. Each registration is effective from the date specified and remains in effect for such period as the Secretary of Transportation (Secretary) determines by regulations. The ICC Termination Act of 1995 (ICCCTA), Public Law 104–88, 109 Stat. 803 (December 29, 1995), transferred this registration authority from the former Interstate Commerce Commission (ICC) to the Secretary who subsequently delegated the registration function to the Federal Highway Administration (FHWA) (FMCSA’s predecessor agency), then to the FMCSA at the time that agency was created.

On March 19, 2002, the FMCSA published an interim final rule (IFR) at 67 FR 12702 which proposed to amend 49 CFR part 365 and revise Form OP–1(MX). Under the amended regulations, Mexico-domiciled long-haul motor carriers seeking to operate within the United States beyond the commercial border zones, including carriers that previously filed pending Form OP–1(MX) applications, would be required to submit the revised Form OP–1(MX). Under the revised Form OP–1(MX), the FMCSA would collect more detailed information on an applicant motor carrier’s size, operations and history than could be collected previously by using the existing form.

The Final Rule titled, “Unified Registration System,” (78 FR 52608) dated August 23, 2013, implemented statutory provisions for an on-line registration system required by ICCCTA and the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, 2005 (SAFETEA–LU). The URS streamlines the registration process and serves as a clearinghouse and repository of information on, and identification of, motor carriers, brokers, freight forwarders, intermodal equipment providers (IEPs), hazardous materials safety permit (HMSP) applicants, and cargo tank facilities required to register with FMCSA. This ICR previously covered registration requirements for non-exempt for-hire carriers, freight forwarders, and property brokers. Under the URS, all forms in this ICR, except the OP–1(MX), were folded into the Form MCSA–1 under the OMB Control Number 2126–0051 titled, “FMCSA Registration/Updates.”

**Public Comments Invited:** No comments were received from the public in response to the 60-day Federal Register (81 FR 53339), issued on August 12, 2016. You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA’s functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

Issued under the authority delegated in 49 CFR 1.87 on: October 13, 2016.

G. Kelly Regal.

Associate Administrator for Office of Research and Information Technology.
