

or transmission of a communicable or quarantinable disease, to combat other significant public health threats, or identify any public health threat or risk.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

None.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records maintained in paper form are stored in file folders in file cabinets at secured DOI facilities. Electronic records are maintained in computer servers, computer hard drives, electronic databases, email, and electronic media such as removable drives, compact disc, magnetic disk, diskette, and computer tapes.

RETRIEVABILITY:

Information is retrieved by name and OWCP case number.

SAFEGUARDS:

The records contained in this system are safeguarded in accordance with 43 CFR 2.226 and other applicable security and privacy rules and policies. During normal hours of operation, paper records are maintained in locked file cabinets under the control of authorized personnel. Computerized records systems follow the National Institute of Standards and Technology privacy and security standards as developed to comply with the Privacy Act of 1974, 5 U.S.C. 552a; Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3521; Federal Information Security Modernization Act of 2014, 44 U.S.C. 3551–3558; and the Federal Information Processing Standards 199: Standards for Security Categorization of Federal Information and Information Systems. Computer servers on which electronic records are stored are located in secured DOI facilities with physical, technical and administrative levels of security to prevent unauthorized access to the DOI network and information assets. Security controls include encryption, firewalls, audit logs, and network system security monitoring.

Electronic data is protected through user identification, passwords, database permissions and software controls. Access to records in the system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each user's access is restricted to only the functions and data necessary to perform that person's job responsibilities. System administrators and authorized users are trained and

required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the DOI Rules of Behavior. A privacy impact assessment was conducted for SMIS to ensure appropriate controls and safeguards are in place to protect the information within the system.

RETENTION AND DISPOSAL:

Records in this system are maintained under Departmental Records Schedule (DRS) 1.2A—Short-Term Human Resources, which has been approved by NARA (DAA–0048–2013–0001–0004). DRS–1.2A is a Department-wide records schedule that covers human resources or payroll files, including forms, reports, correspondence, and related medical and investigatory records concerning on-the-job injuries. The disposition for these records is temporary and the records are cut-off on termination of compensation or when the deadline for filing a claim has passed. Records are destroyed three years after cut-off.

Records not covered by DRS–1.2A are maintained under DRS–1.1A, Short-Term Administration Records (DAA–0048–2013–0001–0001), and include investigative case files of fires, explosions, and accidents submitted for review and filing in other agencies or organizational elements, and reports and related papers concerning occurrences of such a minor nature that they are settled locally without referral to other organizational elements. The disposition for these records is temporary and the records are cut-off at the end of the fiscal year in which the records are created. Records are destroyed three years after cut-off.

Records may be maintained under DRS–1.1B, Long-Term Administration Records (DAA–0048–2013–0001–0002), and include records related to motor vehicle accidents maintained by transportation offices that may be reported in SMIS. The disposition for these records is temporary and the records are cut-off at the end of the fiscal year in which files are closed. Records are destroyed seven years after cut-off. SMIS hardcopy data containing personal information must be disposed of in a manner that complies with the Privacy Act of 1974.

Paper records are disposed of by shredding or pulping, and records contained on electronic media are degaussed or erased in accordance with the applicable records retention schedule, DOI 384 Departmental Manual 1 and NARA guidelines.

SYSTEM MANAGER AND ADDRESS:

SMIS Program Manager, Office of Occupational Safety and Health, U.S. Department of the Interior, 1849 C Street NW., Mail Stop 5559, Washington, DC 20240.

NOTIFICATION PROCEDURES:

An individual requesting notification of the existence of records on himself or herself should send a signed, written inquiry to the System Manager identified above. The request envelope and letter should both be clearly marked "PRIVACY ACT INQUIRY." A request for notification must meet the requirements of 43 CFR 2.235.

RECORDS ACCESS PROCEDURES:

An individual who is requesting records about himself or herself should send a signed, written inquiry to the System Manager identified above. The request should describe the records sought as specifically as possible. The request envelope and letter should both be clearly marked "PRIVACY ACT REQUEST FOR ACCESS." A request for access must meet the requirements of 43 CFR 2.238.

CONTESTING RECORDS PROCEDURES:

An individual requesting corrections or the removal of material from his or her records should send a signed, written request to the System Manager identified above. A request for corrections or removal must meet the requirements of 43 CFR 2.246.

RECORD SOURCE CATEGORIES:

Information is provided by an employee, contractor, volunteer, or visitor who have been injured while performing official duties or while on DOI property, supervisors of injured employees, DOI safety managers, family members of an injured party, personnel records from the DOI Federal Personnel Payroll System, and the Department of Labor during the course of processing workers' compensation claims.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Central Valley Project Improvement Act Water Management Plans

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Reclamation has made available to the public the Water Management Plans for four entities. For the purpose of this announcement, Water Management Plans (Plans) are considered the same as Water Conservation Plans. Reclamation is publishing this notice in order to allow the public an opportunity to review the Plans and comment on the preliminary determinations.

DATES: Submit written comments on the preliminary determinations on or before November 23, 2016.

ADDRESSES: Send written comments to Ms. Charlene Stemen, Bureau of Reclamation, 2800 Cottage Way, MP-410, Sacramento, CA 95825; or via email at cstemen@usbr.gov.

FOR FURTHER INFORMATION CONTACT: To be placed on a mailing list for any subsequent information, please contact Ms. Charlene Stemen at the email address above or at 916-978-5281 (TDD 978-5608).

SUPPLEMENTARY INFORMATION: To meet the requirements of the Central Valley Project Improvement Act of 1992 and the Reclamation Reform Act of 1982, the Bureau of Reclamation developed and published the Criteria for Evaluating Water Management Plans (Criteria). Each of the four entities listed below has developed a Plan that has been evaluated and preliminarily determined to meet the requirements of these Criteria. The following Plans are available for review:

- Colusa County Water District
- James Irrigation District
- Lindmore Irrigation District
- Sycamore Mutual Water Company

We are inviting the public to comment on our preliminary (*i.e.*, draft) determination of Plan adequacy. Section 3405(e) of the Central Valley Project Improvement Act (Title 34 Public Law 102-575), requires the Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall “develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans

required by Section 210 of the Reclamation Reform Act of 1982.” Also, according to Section 3405(e)(1), these criteria must be developed “with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices.” These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare a Plan that contains the following information:

1. Description of the District;
2. Inventory of Water Resources;
3. Best Management Practices (BMPs) for Agricultural Contractors;
4. BMPs for Urban Contractors;
5. Plan Implementation;
6. Exemption Process;
7. Regional Criteria; and
8. Five-Year Revisions.

Reclamation evaluates Plans based on these criteria. A copy of these Plans will be available for review at Reclamation’s Mid-Pacific Regional Office, 2800 Cottage Way, MP-410, Sacramento, CA 95825. Our practice is to make comments, including names and home addresses of respondents, available for public review. If you wish to review a copy of these Plans, please contact Ms. Stemen.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personally identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
