SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Hazardous Conditions Complaints information collection. Federal Mine Safety and Health Act of 1977, as amended (Mine Act) section 103(g)—30 U.S.C. 813(g)—provides that a representative of miners, or any individual miner where there is no representative of miners, may submit to the MSHA a written or oral notification of an alleged Mine Act or mandatory health or safety standard violation or of an imminent danger. The person making the notification also has the right to obtain an immediate MSHA inspection. A copy of the notice must be provided to the operator, with individual miner names redacted. Regulations 30 CFR part 43 implements Mine Act section 103(g). These regulations provide the procedures for submitting a complaint and the actions the MSHA must take after receiving the notice. Mine Act sections 101(a) and 103(h) authorize this

information collection. *See* 30 U.S.C. 811(a) and 813(h).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219–0014.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on December 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 30, 2016 (81 FR 42733).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. Office of Workers' Compensation Programs

Proposed Extension of the Approval of Information Collection Requirements

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs is soliciting comments concerning the proposed collection: Medical Travel Refund Request (OWCP-957). A copy of the proposed information collection request can be obtained by contacting

the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before December 23, 2016.

ADDRESSES: Ms Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3223, Washington, DC 20210, telephone/fax (202) 354-9647, Email ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. *Background:* The Office of Workers' Compensation Programs (OWCP) is the agency responsible for administration of the Federal Employees' Compensation Act (FECA), 5 U.S.C. 8101 *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* All three of these statutes require that OWCP reimburse beneficiaries for travel expenses for covered medical treatment. In order to determine whether amounts requested as travel expenses are appropriate, OWCP must receive certain data elements, including the signature of the physician for medical expenses claimed under the BLBA. Form OWCP-957 is the standard format for the collection of these data elements. The regulations implementing these three statutes allow for the collection of information needed to enable OWCP to determine if reimbursement requests for travel expenses should be paid. This information collection is currently approved for use through December 31, 2016.

II. *Review Focus:* The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,
