SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Article IV, Section 4.05 of the Ninth Amended and Restated Operating Agreement of the Exchange

October 18, 2016.

Pursuant to Section 19(b)(1)1 of the Securities Exchange Act of 1934 (the “Act”)2 and Rule 19b–4 thereunder,3 notice is hereby given that on October 6, 2016, NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Article IV, Section 4.05 of the Ninth Amended and Restated Operating Agreement of the Exchange (“Operating Agreement”) regarding use of regulatory assets, fees, fines and penalties (“Regulatory Funds”) and make additional, non-substantive edits.

The proposed rule change is available on the Exchange’s Web site at www.nyse.com, on the Exchange’s filing and Comment File System (“Public Reference Room”4), and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Article IV, Section 4.05 (Limitation on Distributions) of the Operating Agreement (“Section 4.05”), regarding use of regulatory assets, fees, fines and penalties (“Regulatory Funds”), and make additional, non-substantive edits.

Proposed Amendment to Section 4.05

Section 4.05 provides that:

[the Company shall not use any regulatory assets or any regulatory fees, fines or penalties collected by Exchange regulatory staff for commercial purposes or distribute such assets, fees, fines or penalties to the Member or any other entity.

Although it prohibits the use of Regulatory Funds for “commercial purposes,” that term is not defined in Section 4.05 or elsewhere in the Operating Agreement. Accordingly, to add greater clarity to the limits on the use of Regulatory Funds, the Exchange proposes to replace the prohibition against using Regulatory Funds for “commercial purposes” with a statement that Regulatory Funds “will be applied to fund the legal, regulatory and surveillance operations” of the Exchange. The prohibition on using Regulatory Funds for distributions to the Member or any other entity would remain.

In addition, “Exchange” is not a defined term in the Operating Agreement, which defines the Exchange as the “Company.” Accordingly, the Exchange proposes to replace “Exchange regulatory staff” with “Company regulatory staff.”

The amended Section 4.05 would read as follows:

Any regulatory assets or any regulatory fees, fines or penalties collected by Company regulatory staff will be applied to fund the legal, regulatory and surveillance operations of the Company, and the Company shall not distribute such assets, fees, fines or penalties to the Member or any other entity.

The Exchange believes that the increased clarity in the scope of the limits on use of Regulatory Funds will enhance the protections provided by Section 4.05 against the possibility that Regulatory Funds may be assessed to respond to the Exchange’s budgetary needs rather than to serve a disciplinary purpose.5

The proposed amendments would make Section 4.05 more consistent with the limitations on the use of regulatory income of other self-regulatory organizations (“SROs”). Most such limitations are substantially similar to the proposed revised Section 4.05. For example, similar to the proposed Section 4.05, the limited liability company agreements of the BOX Options Exchange (“BOX”), International Securities Exchange, LLC (“ISE”), and its affiliates ISE Gemini, LLC and ISE Mercury, LLC, provide that regulatory funds shall be used to fund the relevant SRO’s legal, regulatory and surveillance operations.6 Consistent with the proposed revised Section 4.05, their definition of “regulatory funds” includes fees, fines or penalties derived from its regulatory operations.7

3 See Bylaws of NYSE Arca, Inc., Art. II, Sec. 2.06 (“Any revenues received by the Exchange from regulatory fees or regulatory penalties will be applied to fund the legal, regulatory and surveillance operations of the Exchange and will not be used to pay dividends. For purposes of this Section, regulatory penalties shall include restitution and disgorgement of funds intended for customers.”). The Exchange’s affiliate New York Stock Exchange LLC has submitted substantially the same proposed amendment to its operating agreement. See SR–NYSE–2016–60.
4 See Ninth Amended and Restated Operating Agreement of NYSE MKT LLC, Art. IV, Sec. 4.05; see also Securities Exchange Act Release No. 77901 (May 25, 2016), 81 FR 35092 (June 1, 2016) (SR–NYSEMKT–2016–26).
6 See Bylaws of NYSE Arca, Inc., Art. II, Sec. 2.06 (“Any revenues received by the Exchange from regulatory fees or regulatory penalties will be applied to fund the legal, regulatory and surveillance operations of the Exchange and will not be used to pay dividends. For purposes of this Section, regulatory penalties shall include restitution and disgorgement of funds intended for customers.”). The Exchange’s affiliate New York Stock Exchange LLC has submitted substantially the same proposed amendment to its operating agreement. See SR–NYSE–2016–60.
7 Such provisions also limit the relevant SRO from making any distribution to its member using regulatory funds. See Box Options Exchange Limited Liability Company Agreement, Art. 1, Sec. 1.1 and Art. 6, Sec. 8.1; Third Amended and Restated Limited Liability Company Agreement of International Securities Exchange, LLC, Art. III, Sec. 3.3(ii); Second Amended and Restated Limited Liability Company Agreement of ISE Gemini, LLC, Art. III, Sec. 3.3(ii); and Limited Liability Company Agreement of ISE Mercury, LLC, Art. III, Sec. 3.3(iii).
8 The BOX definition of regulatory funds also states that such funds “shall not include revenues derived from listing fees, market data revenues, transaction revenues or any other aspect of the commercial operations of the Exchange or a facility of the Exchange, even if a portion of such revenues are used to pay costs associated with the regulatory operations of the Exchange.” Box Options Exchange Limited Liability Company Agreement, Art. 1. Sec. 1.1 and Art. 6, Sec. 8.1; Third Amended and Restated Limited Liability Company Agreement of International Securities Exchange, LLC, Art. III, Sec. 3.3(ii); and Limited Liability Company Agreement of ISE Mercury, LLC, Art. III, Sec. 3.3(iii).
Some SROs have provisions that are less restrictive than the proposed Section 4.05. More specifically, the governing documents of affiliates Bats BZX Exchange, Inc., Bats BYX Exchange, Inc., Bats EDGX Exchange, Inc., and Bats EDGA Exchange, Inc. permit such SROs to use regulatory funds to fund legal and regulatory operations, including surveillance and enforcement activities, but also provide that revenues received from fees derived from the regulatory function or regulatory penalties may be used to pay restitution and disgorgement of funds intended for customers. The limited liability company agreement of Miami International Securities Exchange, LLC, and bylaws of National Stock Exchange, Inc., have similar provisions. By contrast, the operating agreement of the NASDAQ Stock Market LLC (“Nasdaq”) simply limits Nasdaq from making a distribution to its member using regulatory funds, and does not impose other restrictions.

The Exchange proposes to make a non-substantive amendment to the second sentence of Article II, Section 2.03(h)(iii) (Board). Currently, the sentence provides that the Committee for Review (“CFR”) will be responsible for, among other things, “reviewing determinations to limit or prohibit the continued listing of an issuer’s securities on the Exchange.” The Exchange proposes to replace “Exchange” with “exchange operated by the Company.” The Exchange proposes to make the change because, as noted above, “Exchange” is not a defined term in the Operating Agreement.

Finally, the Exchange proposes to make technical and conforming changes to the recitals and signature page of the Operating Agreement.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Exchange Act 12 in general, and Section 6(b)(1) 13 in particular, in that it enables the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Exchange Act and to comply, and to enforce compliance with the Exchange Act and the rules and regulations thereunder, and the rules of the Exchange.

The Exchange believes that replacing the current prohibition against using Regulatory Funds for undefined “commercial purposes” with a requirement that Regulatory Funds “be applied to fund the legal, regulatory and surveillance operations” of the Exchange would enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Exchange Act and to comply with the provisions of the Exchange Act, the rules and regulations thereunder, and the rules of the Exchange, because it would add greater clarity to the limits on the use of Regulatory Funds, enhancing the protections provided by Section 4.05, and ensure the use of defined terms, thereby making Section 4.05 and Article II, Section 2.03(h)(iii) more transparent to market participants.

The Exchange notes that the proposed change to Section 4.05 would have the additional benefit of bringing the Exchange’s restrictions on the use of regulatory assets and income into greater conformity with those of its affiliate NYSE Arca, Inc. In addition, the proposed amendments would make Section 4.05 more consistent with the limitations on the use of regulatory income of other SROs. Most such limitations are substantially similar to the proposed revised Section 4.05. In fact, the proposed Section 4.05 is more restrictive than the provisions of some
