Final Rescission of New Shipper Review

As explained in the Issues and Decision Memorandum and in the proprietary Huameng *Bona Fides* Memorandum⁵ issued with the

³ See Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, regarding "Issues and Decision Memorandum for the Final Results of Antidumping Duty Semiannual New Shipper Review on Fresh Garlic from the People's Republic of China: Jinxiang Huameng Imp & Exp Co., Ltd.," issued concurrently with this notice (Issues and Decision Memorandum).

⁴ See the Issues and Decision Memorandum.

⁵ See Memorandum to Edward Yang, Office Director, AD/CVD Operations, Office VII, "Bona Fide Nature of the Sale in the Antidumping Duty New Shipper Review of Fresh Garlic from the People's Republic of China (PRC): Jinxiang Huameng Imp & Exp Co., Ltd.," dated May 17, 2016 (*Bona Fide* Memorandum).

Preliminary Results, due to the totality of circumstances, including the atypical nature of the product that was sold, *i.e.*, single-clove garlic, the lack of proof of payment by Huameng's U.S. customer for payment of all its contractual expenses per the sales terms and for its subsequent purchase of non-subject merchandise, and, other circumstances indicating that Huameng's business operations were not profitable, we continue to find that Huameng's sale is not *bona fide* within the meaning of section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended (the Act). As a result, we are rescinding the new shipper review of Huameng.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that are raised in the briefs and addressed in the Issues and Decision Memorandum is in the Appendix of this notice.

Cash Deposit Requirements

Effective upon publication of the final rescission of the NSR of Huameng, the Department will instruct CBP to discontinue the option of posting a bond or security in lieu of a cash deposit for entries of subject merchandise by Huameng. Cash deposits will be required for exports of subject merchandise by Huameng entered, or withdrawn from warehouse, for consumption on or after the publication date, at the PRC-wide rate.

Assessment Instructions

As the result of this rescission of the NSR of Huameng, the entries of Huameng covered by this NSR will be assessed at the cash deposit rate required at the time of entry, which is the PRC-wide rate.

Notification to Importers

This notice serves as final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary of Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Return or Destruction of Proprietary Information

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

disposition of business proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3). We request timely written notification of return or destruction of APO materials or conversion to judicial protective order. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published this notice in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214.

Dated: October 14, 2016.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a current information collection. Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce has the responsibility for the conservation and management of marine fishery resources. Much of this responsibility has been delegated to NOAA’s National

Marine Fisheries Service (NMFS). Under this stewardship role, the Secretary was given certain regulatory authorities to ensure the most beneficial uses of these resources. One of the regulatory steps taken to carry out the conservation and management objectives is to collect information from users of the resources.

This collection requires vessel trip reports (VTRs) to be submitted weekly for all mackerel, squid, and butterfish permit holders. In addition, all limited access mackerel and longfin squid/butterfish moratorium permit holders must maintain a VMS unit on their vessels and declare intent to target Atlantic mackerel or longfin squid and submit daily catch reports via VMS. They must also submit daily catch reports via VMS. Vessels that land over 20,000 lb of mackerel must notify NMFS Office of Law Enforcement (OLE) via VMS of the time and place of offloading at least 6 hours prior to crossing the VMS demarcation line on their return trip to port, or if the vessel does not fish seaward of the VMS demarcation line, at least 6 hours prior to landing.

This collection also requires limited access mackerel and longfin squid/butterfish moratorium permit holders to bring all catch aboard the vessel and make it available for sampling by an observer. If catch is not made available to an observer before discard, that catch is defined as slippage, and the vessel operator must complete a “Released Catch Affidavit” form within 48 hours of the end of the fishing trip which details why catch was slipped, estimates the quantity and species composition of the slipped catch, and records the time and location of the slipped catch.

Finally, this collection requires any vessel with a limited access mackerel permit intending to land over 20,000 lbs of mackerel to contact NMFS at least 48 hours in advance of a fishing trip to request an observer. Vessels currently contact NMFS via phone, and selection notices or waivers are issued by NMFS via VMS. If service providers are unable to provide coverage, an owner, operator, or vessel manager may request a waiver by calling the Northeast Fisheries Observer Program.

II. Method of Collection

Information is submitted on paper, electronically or by telephone.
