SUPPLEMENTARY INFORMATION:

Background

The Department published the antidumping duty order on potassium permanganate from the PRC on January 31, 1984.² On September 1, 2015, the Department published a notice of initiation of the fourth sunset review of the antidumping duty order on potassium permanganate from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).³ On September 9, 2015, Carus Corporation (“Carus”), a U.S. producer of potassium permanganate, claiming interested party status under section 771(9)(C) of the Act, submitted its notice of intent to participate in this sunset review.⁴ On September 29, 2015, Carus submitted its Substantive Response within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive a substantive response from any respondent interested party. As a result, pursuant to section 751(c)(3)(B) of the Act, and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the antidumping duty order on potassium permanganate from the PRC.

Scope of the Order

Imports covered by this order are shipments of potassium permanganate, an inorganic chemical produced in free-flowing, technical, and pharmaceutical grades. Potassium permanganate is currently classifiable under item 2841.61.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS item number is provided for convenience and customs purposes, the written description of the merchandise remains dispositive.

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review is available in the Issues and Decision Memorandum for the Expedited Fourth Sunset Review of the Antidumping Duty Order on Potassium Permanganate from the PRC (“Decision Memorandum”), dated concurrently with this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if the order were to be revoked. The Decision Memorandum is a public document and is on file electronically via the Enforcement and Compliance Antidumping and Countervailing Duty Centralized Electronic Services System (“ACCESS”). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Decision Memorandum and the electronic version of the Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, the Department determines that revocation of the antidumping duty order on potassium permanganate from the PRC would be likely to lead to continuation or recurrence of dumping, and the magnitude of the margins of dumping likely to prevail is up to 128.94 percent.⁵

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Welded ASTM A-312 Stainless Steel Pipe From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from Petitioners and SeAH Steel Corporation (SeAH), the Department of Commerce (Department) is conducting an administrative review of the antidumping duty order on welded ASTM A-312 stainless steel pipe from Republic of Korea (Korea).¹ The period of review (POR) is December 1, 2013, through November 30, 2014. The review covers two exporters and/or producers of the subject merchandise, SeAH and LS Metal Co., Ltd. (LS Metal). The Department preliminarily finds that SeAH and LS Metal sold subject merchandise at less than normal value during the POR. We invite interested parties to comment on these preliminary results.

DATES: *Effective Date:* January 7, 2016.

FOR FURTHER INFORMATION CONTACT: Lingjun Wang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-2316.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the antidumping duty order is welded austenitic stainless steel pipe that meets

the standards and specifications set forth by the American Society for Testing and Materials (ASTM) for the welded form of chromium-nickel pipe designated ASTM A-312. The merchandise covered by the scope of the orders also includes austenitic welded stainless steel pipes made according to the standards of other nations which are comparable to ASTM A-312.

Imports of welded ASTM A-312 stainless steel pipe are currently classifiable under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7306.40.5005, 7306.40.5015, 7306.40.5040, 7306.40.5062, 7306.40.5064, and 7306.40.5085. Although these subheadings include both pipes and tubes, the scope of the antidumping duty order is limited to welded austenitic stainless steel pipes. The HTSUS subheadings are provided for convenience and customs purposes. However, the written description of the scope of the orders is dispositive.²

Methodology

The Department is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. With respect to LS Metal, we relied on facts available,³ and, because it did not act to the best of its ability to respond to the Department's requests for information, we drew an adverse inference in selecting from among the facts otherwise available.⁴

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the Department's main

Preliminary Results of Review

As a result of our review, we preliminarily determine the following weighted-average dumping margins for the period December 1, 2013, through November 30, 2014.

Producer and/or exporter	Margin (percent)
SeAH Steel Corporation	2.58
LS Metal Co., Ltd	31.70

those raised in the respective case and rebuttal briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a date and time to be determined. We intend to issue the final results of this administrative review within 120 days after the date of publication of this notice, unless otherwise extended.¹⁰

Assessment Rates

Upon completion of this administrative review, the Department shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries. If a respondent's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific *ad valorem* assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2). If a respondent's weighted-average dumping margin is zero or *de minimis* in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.¹¹

The Department clarified its "automatic assessment" regulation on May 6, 2003.¹² This clarification applies to entries of subject merchandise during the POR produced by a respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of welded ASTM A-312 stainless steel pipe from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be equal to the weighted-average dumping margin established in the final results of this review except if that rate is *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previously completed segment of this proceeding, then the cash deposit rate will be the "all-others" rate of 6.83 percent established in the less-than-fair-value investigation.¹³ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).
