[Docket No. NHTSA–2016–0102; Notice 1]

Volkswagen Group of America, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Volkswagen Group of America, Inc. (Volkswagen), has determined that certain model year (MY) 2016 Volkswagen eGolf motor vehicles do not fully comply with paragraph S6.5.3.2 of Federal Motor Vehicle Safety Standard (FMVSS) No. 108, *Lamps, reflective devices and associated equipment*. Volkswagen filed a report dated September 16, 2016, pursuant to 49 CFR part 573, *Defect and*

Noncompliance Responsibility and Reports. Volkswagen then petitioned NHTSA under 49 CFR part 556 for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety.

DATES: The closing date for comments on the petition is November 25, 2016.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition.

Comments must refer to the docket and notice number cited in the title of this notice and submitted by any of the following methods:

- *Mail:* Send comments by mail addressed to U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

I. Overview

Pursuant to 49 U.S.C. 30118(d) and 30120(h) and their implementing regulations at 49 CFR part 556, Volkswagen submitted a petition for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety.

This notice of receipt of Volkswagen's petition is published under 49 U.S.C.

30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

II. Vehicles Involved

Affected are 1,967 MY 2016 Volkswagen eGolf motor vehicles manufactured between June 25, 2015, and September 14, 2016.

III. Noncompliance

Volkswagen explains that the noncompliance is due to a labeling error. The affected vehicles are equipped with halogen headlamps that are missing the required operation voltage label on the headlamp assembly and therefore do not meet the requirements specified in paragraph S6.5.3.2 of FMVSS No. 108.

IV. Rule Text

Paragraph S6 .5.3.2 of FMVSS No. 108 states:

S6.5.3.2 *Voltage and trade number.* Each original and replacement equipment headlamp, and each original and replacement equipment beam contributor must be marked with its voltage and with its part or trade number.

V. Summary of Volkswagen's Petition

Volkswagen described the subject noncompliance and stated its belief that the noncompliance is inconsequential as it relates to motor vehicle safety.

In support of its petition, Volkswagen stated that the correct halogen bulb specification is denoted on the headlamp glass lens, as required, as well as on the headlamp label and in service literature, etc. The halogen light bulb type implicitly carries the voltage specification, as the designated H7 bulb is always a 12V halogen light bulb. Additionally, the halogen light bulb socket is mechanically coded and will not accept the fitment of a replacement light bulb of incorrect specification. As such, no safety risk is present, even though there is a noncompliance with FMVSS No. 108 regulatory requirements.

Volkswagen concluded by expressing the belief that the subject noncompliance presents no risk and is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that Volkswagen no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after Volkswagen notified them that the subject noncompliance existed.
