

The Draft Breach Plan/EIS analyzes the impacts of these three alternatives on the human environment by examining five key issues:

(1) The wilderness breach is geologically bound by erosion-resistant clay in the geological record to the east and west of the breach; however, there is uncertainty regarding how the breach will evolve in the future (narrow or widen from existing conditions), how far it might migrate along the coast, and how it affects sediment transport.

(2) There is concern that the presence of the wilderness breach increases the potential for flooding on the mainland of Long Island during storm events, increasing the potential risk to life and property.

(3) The wilderness breach has altered the physical characteristics of the Fire Island Wilderness and Great South Bay, which has led to changes in the ecological communities.

(4) The wilderness breach resulted in the creation of a marine wilderness area that did not previously exist. The mechanical closure of the breach would alter the existing wilderness qualities of the area.

(5) Driving access has changed since formation of the wilderness breach. There is concern that changes in driving access for emergency response could increase risks to public health and safety in several Fire Island communities.

To examine these issues, the environmental analysis focuses on the following resources:

- Wilderness character;
- sediment transport and geomorphology;
- water quality;
- ecosystem structure and processes;
- benthic communities;
- finfish and decapod crustaceans;
- socioeconomics; and
- public health and safety.

The NPS encourages commenting electronically through the NPS Planning, Environment, and Public Comment Web site. If you wish to comment electronically, you may submit your comments online at <http://parkplanning.nps.gov/FireIslandBreachManagementPlan>.

If you wish to submit your comments in hard copy (e.g., in a letter), you may send them by U.S. Postal Service or other mail delivery service or hand-deliver them to: Chris Soller, Superintendent, Fire Island National Seashore, 120 Laurel Street Patchogue, NY 11772.

A public meeting will be held on November 7th from 7:00 to 8:30 p.m. at the Patchogue-Watch Hill Ferry Terminal at 150 West Ave. in

Patchogue, New York. The public meeting will provide an opportunity to learn more about the plan and to ask questions about the plan. Written comments will be accepted during the public meeting.

Comments will not be accepted by fax, email, or in any form other than those specified above. All comments received on the Draft Breach Plan/EIS will be reviewed and considered. An analysis of substantive comments with NPS responses will be provided in a comment analysis report that will be included in the Final Breach Plan/EIS. A comment is considered to be substantive if it raises, debates, or questions a point of fact or policy discussed in the Draft Breach Plan/EIS. Comments that merely state support for or opposition to the proposed action, alternatives, or NPS policy, without providing supporting information, will not be considered substantive. Although all comments will be read and considered in shaping the Final Breach Plan/EIS, only those that are determined to be substantive will be explicitly addressed by the NPS response.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: August 22, 2016.

Jonathan Meade,

Deputy Regional Director, National Park Service, Northeast Region.

Boundary Adjustment at Hopewell Culture National Historical Park

AGENCY: National Park Service, Interior.

ACTION: Notification of boundary adjustment.

SUMMARY: The boundary of Hopewell Culture National Historical Park is adjusted to include an adjacent nonfederal parcel of land containing 4.03 acres. Upon completion of this adjustment, fee simple interest in the land will be acquired by exchange for a

federal parcel within the park. The federal parcel will be conveyed subject to restrictions to ensure continued compatible use of the property within the park. Both parcels are located in Ross County, Ohio.

DATES: The effective date of this boundary adjustment is October 27, 2016.

ADDRESSES: The map depicting this boundary adjustment is available for inspection at the following locations: National Park Service, Land Resources Program Center, Midwest Region, 601 Riverfront Drive, Omaha, NE 68102 and National Park Service, Department of the Interior, 1849 C Street NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Superintendent Dean Alexander, Hopewell Culture National Historical Park, 16062 State Route 104, Chillicothe, OH 45601-8694, telephone (740) 774-1126.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, pursuant to 16 U.S.C. 410uu-1(c), the boundary of Hopewell Culture National Historical Park is adjusted to include an additional 4.03 acres. This boundary adjustment is depicted on Map No. 353/132767 dated May 2016.

16 U.S.C. 410uu-1(c) states that the Secretary of the Interior may, by publication of notice in the **Federal Register** after receipt of public comment, make minor adjustments to the boundary of Hopewell Culture National Historical Park, provided that such adjustments cumulatively do not exceed a limit presently calculated to be 165.16 acres. To date, 114.58 acres have been added to the park under such authority; an additional 50.58 acres remain authorized for inclusion in the park. This boundary adjustment will include an additional 4.03 acres needed for trail development.

Dated: September 2, 2016.

Cameron H. Sholly,

Regional Director, Midwest Region.
