Temporary Exceptions to FIRREA Appraisal Requirements in Areas Affected by Severe Storms and Flooding in Louisiana

AGENCY: Office of the Comptroller of the Currency, Treasury (OCC); Board of Governors of the Federal Reserve System (Board); Federal Deposit Insurance Corporation (FDIC); and National Credit Union Administration (NCUA), collectively referred to as the Agencies.

ACTION: Statement and order; temporary exceptions.

SUMMARY: Section 2 of the Depository Institutions Disaster Relief Act of 1992 (DIDRA) authorizes the Agencies to make exceptions to statutory and regulatory appraisal requirements under Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). The exceptions are available for transactions involving real property located within an area declared to be a major disaster area by the President if the Agencies determine, and describe by publication of a regulation or order, that the exceptions would facilitate recovery from the disaster and would be consistent with safety and soundness. In this statement and order, the Agencies exercise their authority to grant temporary exceptions to the FIRREA appraisal requirements for real estate related transactions, provided certain criteria are met, in the Louisiana parishes declared a major disaster area by President Obama on August 14, 2016, as a result of the severe storms and flooding in Louisiana. The expiration date for the exceptions is December 31, 2017.

DATES: This order is effective on October 31, 2016 and expires for specific areas on December 31, 2017.

SUPPLEMENTARY INFORMATION: Statement

Section 2 of DIDRA, which added section 1123 to Title XI of FIRREA, authorizes the Agencies to make exceptions to statutory and regulatory appraisal requirements for certain transactions. These exceptions are available for transactions involving real property located in areas in which the President has determined a major disaster exists, pursuant to 42 U.S.C. 5170, provided that the exception would facilitate recovery from the major disaster and is consistent with safety and soundness.

On August 14, 2016, the President declared that 22 parishes in Louisiana were in a major disaster area (Major Disaster Area) due to extensive damage that occurred as a result of severe storms and subsequent flooding. The Agencies believe that granting relief from the appraisal requirements set forth in Title XI of FIRREA for real estate transactions in the Major Disaster Area is consistent with the provisions of DIDRA.

Facilitation of Recovery From the Storms and Flooding Declared as Major Disaster

The Agencies have determined that the disruption of real estate markets in the Major Disaster Area interferes with the ability of depository institutions to obtain appraisals that comply with all statutory and regulatory requirements. Further, the Agencies have determined that the disruption may impede institutions in making loans and engaging in other transactions that would aid in the reconstruction and rehabilitation of the affected area. Accordingly, the Agencies have determined that recovery from this major disaster would be facilitated by exempting certain transactions involving real estate located in the area directly affected by the severe storms and flooding from the real estate appraisal requirements of Title XI of FIRREA and its implementing regulations.

1 12 U.S.C. 3352
Consistency With Safety and Soundness

The Agencies also have determined that the exceptions are consistent with safety and soundness, provided that the depository institution determines and maintains appropriate documentation of the following: (1) The transaction involves real property located in the Major Disaster Area; (2) there is a binding commitment to fund the transaction that was entered into on or after August 14, 2016, but no later than December 31, 2017; and (3) the value of the real property supports the institution’s decision to enter into the transaction. In addition, the transaction must continue to be subject to review by management and by the Agencies in the course of examinations of the institution.

Expiration Date

Exceptions made under section 1123 of FIRREA may be provided for no more than three years after the President determines that a major disaster exists in the area.4 The Agencies have determined that the exceptions provided for by this order shall expire on December 31, 2017.

Order

In accordance with section 2 of DIFRA, relief is hereby granted from the provisions of Title XI of FIRREA and the Agencies’ appraisal regulations for any real estate-related financial transaction that requires the services of an appraiser under those provisions, provided that the institution determines, and maintains documentation made available to the Agencies upon request, of the following:

(1) The transaction involves real property located in one of the 22 parishes declared a major disaster area as a result of severe storms and flooding in Louisiana by the President on August 14, 2016 (identified in the Appendix);
(2) There is a binding commitment to fund a transaction that was entered into on or after August 14, 2016, but no later than December 31, 2017; and
(3) The value of the real property supports the institution’s decision to enter into the transaction.
