**Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards**

**AGENCY:** Office of the Chief Financial Officer, Farm Service Agency, Commodity Credit Corporation, National Institute of Food and Agriculture, Rural Utilities Service, Rural Business-Cooperative Service, Rural Housing Service, Department of Agriculture.

**ACTION:** Final rule.

**SUMMARY:** The Office of the Chief Financial Officer, Farm Service Agency, Commodity Credit Corporation, National Institute of Food and Agriculture, Rural Utilities Service, Rural Business-Cooperative Service and Rural Housing Service finalize their portion of the uniform federal assistance rule and amend specific regulations to reference the conforming changes published by the Office of Management and Budget (OMB) in the Federal Register on December 19, 2014.

**DATES:** This rule is effective February 16, 2016.

**FOR FURTHER INFORMATION CONTACT:** Tyson Whitney, Office of the Chief Financial Officer, Director, Transparency and Accountability Reporting Division, United States Department of Agriculture, 1400 Independence Avenue SW., Washington, DC 20250–9011, 202–720–8978, tyson.whitney@cfo.usda.gov.

**SUPPLEMENTARY INFORMATION:** OMB is streamlining the Federal government’s guidance on Administrative Requirements, Cost Principles, and Audit Requirements for Federal awards. In a final rule published in the Federal Register on December 26, 2013, (78 FR 78590) OMB adopted final guidance, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), that supersedes and streamlines requirements from OMB Circulars A–21, A–87, A–110, and A–122 (which were located previously in title 2 of the Code of Federal Regulation (CFR)); Circulars A–89, A–102, and A–133; and the guidance in Circular A–50 on Single Audit Act follow-up. The final guidance is located in title 2 part 200.

On December 19, 2014, OMB published a joint interim final rule in the Federal Register, (79 FR 75871), OMB made technical corrections to the Uniform Guidance, and Federal awarding agencies, including the Department of Agriculture, Office of the Chief Financial Officer, Farm Service Agency, Commodity Credit Corporation, National Institute of Food and Agriculture, Rural Utilities Service, Rural Business-Cooperative Service and Rural Housing Service, implemented the guidance in their respective chapters and titles in the CFR.

OMB’s joint interim final rule requested additional comments on the rule. USDA received 13 comments. Of the 13 comments, one comment was directly related to USDA, Rural Housing Service (RHS). RHS will address this comment below as part of the preamble to 7 CFR 1944.422 of this final rule. The remaining comments were applicable to OMB and other Federal agencies.

Notification was sent to OMB for resolution.

As part of the December 2014 rulemaking, the Office of the Chief Financial Officer adopted 2 CFR part 200, along with an agency-specific addendum in a new 2 CFR part 400. The Department of Agriculture added 2 CFR parts 415, 416, 418 and 422. In addition, the Office of the Chief Financial Officer removed parts 3015, 3016, 3018, 3019, 3022 and 3052 from title 7 of the CFR, as they became obsolete with the publication of the interim final rule. See 79 FR 75981, December 19, 2014. Title 2 of the CFR parts 400, 415, 416, 418 and 422 as described in the interim final rule are adopted with no changes.

The Farm Service Agency 7 CFR parts 761 and 785, and Commodity Credit Corporation 7 CFR parts 1407 and 1485 as described in the interim final rule are adopted with no changes.

The National Institute of Food and Agriculture 7 CFR parts 3400, 3401, 3402, 3403, 3405, 3406, 3407, 3415, 3430, and 3431 as described in the interim final rule are adopted with no changes.

The Rural Utilities Service 7 CFR parts 1703, 1709, 1710, 1717, 1724, 1726, 1737, 1738, 1739, 1740, 1773, 1774, 1775, 1776, 1778, 1779, 1780, 1782, and 1783 as described in the interim final rule are adopted with no changes.
adopted with technical changes to address the following issues. First, there were specific new regulations (including 2 CFR parts 200, 400, or other 400 series regulations) that should have been referenced in the conforming changes published in the December 19, 2014, rule, but which were inadvertently not included. An example is that the Emergency and Imminent Community Water Assistance Grants regulations (7 CFR part 1778) should have had a conforming change reference to 2 CFR parts 200 and 400. Second, there were some streamlining measures implemented by OMB that might be interpreted by some as not applicable to 7 CFR part 1780 without the technical corrections. Examples include the change from $100,000 to $150,000 for the Simplified Acquisition Threshold for small purchase procedures, an increase in the associated threshold for the use of construction surety bonds, the addition of micro-purchases, and changes to contract clauses. Current language at 7 CFR 1780.72(a) states that small purchase procedures are applicable to procurement under $100,000 rather than referencing the Simplified Acquisition Threshold. The technical corrections would enable the use of the OMB streamlining measures. A standard contract clause that had been in 7 CFR 3016.36 requiring compliance with state energy plans was removed by OMB and should also be removed from 7 CFR 1780.75.

The Rural Housing Service, Rural Business-Cooperative Service, Rural Utilities Service and Farm Service Agency 7 CFR parts 1942, 1951, and 1980 as described in the interim final rule are adopted with no changes. The regulation in 7 CFR part 1944 as described in the interim final rule is adopted with a technical change to 7 CFR 1944.422 in response to the following comment:

Comment: It appears that the USDA Rural Development requirement for an audit to be submitted within 90 days of the end of the grantee’s fiscal year (§ 1944.422) has not been brought in line with the overall deadline for audits contained in § 200.512(a)(1). It is almost impossible for USDA funded affordable housing NFE’s to complete the audit process and have even a draft Single Audit report within 90 days of the end of their fiscal year. Many of these organizations have related LLC’s for which they are general partners and they must wait for the completion of those related entities’ audits before completing the overall organization’s audit. Why was this unreasonable audit deadline not reviewed or revised with the publication of the interim rule?

Response: USDA Rural Development agrees the regulation must be clear and consistent. The omission of language in 7 CFR 1944.422 was an oversight. We amended 7 CFR 1944.422 to address the oversight.

The Rural Housing Service 7 CFR parts 3570 and 3575 as described in the interim final rule are adopted with no changes.

The Rural Business-Cooperative Service and Rural Utilities Service 7 CFR parts 4274, 4279, 4280, 4284, 4285, and 4290 as described in the interim final rule are adopted with no changes.

Because the changes identified in the preamble are merely technical, advance notice and public comment are unnecessary and we find good cause to make these necessary changes effective immediately upon publication.

Regulatory Analysis

For the regulatory analysis regarding this rulemaking, please refer to the analysis prepared by OMB in the interim final rule, which is incorporated herein. See 79 FR 75876, December 19, 2014.

Procurement shall be made by one of the following methods and in accordance with requirements of 2 CFR part 200.320: Micro-purchases, procurement by small purchase procedures, procurement by sealed bids (formal advertising), procurement by competitive proposals, or procurement by noncompetitive proposals. The sealed bid method is the preferred method for procuring construction.

RIN 2120–AK29

Harmonization of Airworthiness Standards—Fire Extinguishers and Class B and F Cargo Compartments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The FAA is amending certain airworthiness regulations for transport category airplanes by upgrading fire safety standards for Class B cargo compartments; establishing fire safety standards for a new type of cargo compartment, Class F; and updating related standards for fire extinguishers. This amendment is based on recommendations from the Aviation Rulemaking Advisory Committee (ARAC) and the National Transportation Safety Board (NTSB), and the changes address designs for which airworthiness directives (ADs) have been issued by both the FAA and the French civil aviation authority, Direction Générale de l’Aviation Civile (DGAC).

This amendment eliminates certain regulatory differences between the airworthiness standards of the FAA and the European Aviation Safety Agency (EASA), without affecting current industry design practices. These changes ensure an acceptable level of safety for these types of cargo compartments by standardizing certain requirements and procedures.

DATES: Effective April 18, 2016.
