[Docket No. PR15–26–000]

Enterprise Texas Pipeline LLC; Notice of Informal Settlement Conference

Take notice that an informal settlement conference will be convened in the above-captioned proceeding on February 24, 2016, at 10:00 a.m. (EDT), in a room to be designated at the offices of the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, for the purpose of exploring the possible settlement of the above-referenced docket.

At the conference, Enterprise Texas Pipeline LLC should be prepared to provide, as necessary, additional support for its position.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an email to accessibility@ferc.gov or call toll free (866) 208–3372 (voice) or 202–502–8659 (TTY), or send a fax to 202–208–2106 with the required accommodations.

All interested parties and staff are permitted to attend. For further information please contact David Tishman at (202) 502–8515 or email at david.tishman@ferc.gov or Seong-Kook Berry at (202) 502–6344 or email at seong-kook.berry@ferc.gov.

Dated: February 9, 2016.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

[Docket No. RP15–1322–060]

Maine SHPO, Notice of Proposed Restricted Service List for a Programmatic Agreement

Rule 2010 of the Federal Energy Regulatory Commission’s (Commission) Rules of Practice and Procedure, 18 CFR 385.2010, provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding concerning non-public information. The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The Commission staff is consulting with the Maine Historic Preservation Commission (Maine SHPO) and the Advisory Council on Historic Preservation (Advisory Council) pursuant to the Advisory Council’s regulations, 36 CFR part 800, implementing section 106 of the National Historic Preservation Act, as amended, (54 U.S.C. 306108), to prepare a Programmatic Agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places that could be affected by issuance of a new license for the Shawmut Hydroelectric Project No. 2322–060.

The Programmatic Agreement, when executed by the Commission and the Maine SHPO, would satisfy the Commission’s section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR 800.13[e]). The Commission staff proposes to draft the Programmatic Agreement in consultation with certain parties listed below.

Brookfield White Pine Hydro LLC, as licensee for the Shawmut Hydroelectric Project, is invited to participate in consultations to develop the Programmatic Agreement and to sign as a concurring party to the Programmatic Agreement.
Dated: February 9, 2016.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission
(Docket No. AD16–16–000)

Take notice that the Federal Energy Regulatory Commission plans to hold a technical conference in the above-captioned docket on implementation issues under the Public Utility Regulatory Policies Act of 1978, 16 U.S.C. 796(17)–(18), 824a–3 (2012) (PURPA). The technical conference will take place on June 29, 2016. The conference will be held at the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. The technical conference will be webcast and transcribed.

Further information concerning topics and speakers, as well as matters relevant to the organization of the technical conference, will be provided at a later date in supplemental notices.

Dated: February 9, 2016.
Nathaniel J. Davis, Sr.,
Deputy Secretary.

ENVIRONMENTAL PROTECTION AGENCY

AGENCY: Environmental Protection Agency (EPA).
ACTION: Notice of availability.

SUMMARY: The Environmental Protection Agency (EPA) is announcing availability of the draft technical support document: Recommended Estimates for Missing Water Quality Parameters for Application in EPA’s Biotic Ligand Model for public comment. In 2007, EPA published updated criteria for freshwater copper using the Biotic Ligand Model (BLM), a bioavailability model that relies on ten water quality input parameters to estimate copper criteria protective of aquatic life in freshwater. This draft technical support document summarizes data analysis approaches EPA used to develop recommendations for default values for water quality parameters used in the Freshwater Copper BLM when data are lacking. These default values may also be used to fill in missing water quality input parameters in the application of other metal BLM models as well, when data are lacking. Following closure of this 30 day public comment period, EPA will consider the comments, revise the document, as appropriate, and then publish a final technical support document that will serve as a source of information for states, tribes, territories, and other stakeholders.

DATES: Comments must be received on or before March 17, 2016.
