the earlier of the applicable times specified in paragraphs (h)(1) and (h)(2) of this AD following installation, the actions required by paragraph (h) of this AD have been accomplished on the pre-Airbus Modification 204615 part.

(i) Credit for Previous Actions

This paragraph provides credit for actions required by paragraph (h) of this AD, if those actions were performed before the effective date of this AD using Airbus Service Bulletin A330−71−3025, dated January 10, 2011; or Airbus Service Bulletin A330−71−3025, Revision 01, dated October 24, 2012; provided that, within 1,050 flight cycles after the effective date of this AD, a special detail inspection for pulled, loose, and missing attachment rivets of the IBA and OBA of the forward bulkhead is accomplished; and all applicable corrective actions are done; in accordance with the Accomplishment Instructions of Airbus Service Bulletin A330−71−3033, dated December 14, 2015. Do all applicable corrective actions before further flight. Accomplishment of corrective actions does not constitute terminating action for the repetitive inspections required by paragraph (h) of this AD.

(m) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) Alternative Methods of Compliance (AMOCs): The Manager, International Branch, ANM−116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch, send it to ATTN: Vladimir Ulyanov, Aerospace Engineer, International Branch, ANM−116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057−3356; telephone 425−227−1138; fax 425−227−1149. Information may be emailed to: 9−AMN−116−AMOC−REQUESTS@faa.gov.

(ii) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/ certification holding district office. The AMOC approval letter must specifically reference this AD.

(iii) AMOCs approved previously in accordance with 2012−22−12 are not approved as AMOCs with this AD.

(2) Contacting the Manufacturer: As of the effective date of this AD, for any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM−116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Airbus’s EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA−authorized signature.

(3) Required for Compliance (RC): If any service information contains procedures or tests that are identified as RC, those procedures and tests must be done to comply with this AD; any procedures or tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator’s maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in an airworthy condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

(n) Related Information

(1) Refer to Mandatory Continuing Airworthiness Information (MCAI) EASA Airworthiness Directive 2016−0086R1, dated May 13, 2016, for related information. This MCAI may be found in the AD docket on the Internet at http://www.regulations.gov by searching for and locating Docket No. FAA−2016−9305.

(2) For Airbus service information identified in this AD, contact Airbus SAS—Airworthiness Office—EAL, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 45 80; email airworthiness.A330−A340@airbus.com; Internet http://www.airbus.com.

(3) For Rolls-Royce service information identified in this AD, contact Rolls-Royce Plc, Technical Publications, P.O. Box 31, Derby, DE24 8BJ, United Kingdom; telephone 44 (0) 1332 245882; fax 44 (0) 1332 249936; Internet http://www.Rolls-Royce.com.

(4) You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425−227−1221.

Issued in Renton, Washington, on October 28, 2016.

Dianne Palermo,
Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910−13−P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA−2015−7115; Airspace Docket No. 15−ANM−30]

Proposed Amendment of Class E Airspace, Trinidad, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify Class E surface area airspace, and Class E airspace extending upward from 700 feet above the surface, at Perry Stokes Airport, Trinidad, CO. Airspace redesign is necessary to accommodate new Area Navigation (RNAV) Standard Instrument Approach Procedures at the airport due to the decommissioning of the Trinidad Non−Directional Radio Beacon (NDB) and cancellation of associated approaches. This action would ensure the safety, efficiency, and management of Instrument Flight Rules (IFR) operations at the airport. Additionally, the airport’s geographic coordinates would be updated to match the FAA’s aeronautical database.

DATES: Comments must be received on or before December 22, 2016.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12−140, Washington, DC 20590; telephone: 1−800−647−5527, or (202) 366−9826. You must identify FAA Docket No. FAA−2015−7115; Airspace Docket No. 15−ANM−30, at the beginning of your comments. You may also submit comments through the Internet at http://www.regulations.gov. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

FAA Order 7400.11A, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC, 20591; telephone: 202−267−8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11A at NARA, call 202−741−6030, or go to http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Tom Clark, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue SW., Renton, WA 98057; telephone (425) 203−4511.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code.
Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Perry Stokes Airport, Trinidad, CO.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2015–7115/Airspace Docket No. 15–ANM–30.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at http://www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA’s Web page at http://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the “ADDRESSES” section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 1601 Lind Avenue SW., Renton, WA 98057.

Availability and Summary of Documents Proposed for Incorporation by Reference

This document proposes to amend FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by modifying Class E surface area airspace at Perry Stokes Airport, Trinidad, CO, to within a 4.6-mile radius of the airport (from a 4.2-mile radius), with a segment extending from the airport 4.6-mile radius to 7.2 miles southwest of the airport. Class E airspace extending upward from 700 feet above the surface would be modified to within a 7.2-mile radius of the airport (from an 8-mile radius) from the airport 232° bearing clockwise to the 056° bearing, and within a 4.6-mile radius from the airport 056° bearing clockwise to the 232° bearing, with a segment extending from the airport 4.6-mile radius to 9.3 miles southwest of the airport. The Class E 1,200 feet airspace would be removed as this airspace is controlled by the Blue Mesa en route airspace area. Also, the airport’s geographic coordinates would be updated to coincide with the FAA’s aeronautical database. New RNAV standard instrument approach procedures, due to decommissioning of the Trinidad NDB, has made this action necessary for the safety, efficiency, and management of IFR operations at the airport.

Class E airspace designations are published in paragraph 6002, and 6005, respectively, of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR Part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, is amended as follows:

Paragraph 6002 Class E Airspace Designated as Surface Areas.

ANN CO E2 Trinidad, CO [Modified]
Perry Stokes Airport, CO

(Lat. 37°15'33" N., long. 104°20'27" W.)
That airspace extending upward from the surface within a 4.6-mile radius of Perry Stokes Airport, and within 0.7 miles each side of the 224° bearing from the airport 4.6-mile radius to 7.2 miles southwest of the airport.

Paraphrase:

That airspace extending upward from the surface within a 4.6-mile radius of Perry Stokes Airport, and within 0.7 miles each side of the 224° bearing from the airport 4.6-mile radius to 7.2 miles southwest of the airport.

**ANM CO E5 Trinidad, CO [Modified]**

Trinidad, Perry Stokes Airport, CO
(Lat. 37°15′33″ N., long. 104°20′27″ W.)

That airspace extending upward from 700 feet above the surface within a 7.2-mile radius of Perry Stokes Airport from the 231° bearing clockwise to the 056° bearing, and within a 4.6-mile radius from the airport 056° bearing clockwise to the 231° bearing, and within 1 mile each side of the airport 224° bearing extending from the 4.6-mile radius to 9.3 miles southwest of the airport.

Dated: October 27, 2016.

**Robert Roberts,**

Acting Manager, Operations Support Group, Western Service Center.

[Docket No.: 160311229–6229–01]

RIN 0693–AB63

**Rights to Federally Funded Inventions and Licensing of Government Owned Inventions**

**AGENCY:** National Institute of Standards and Technology (NIST), United States Department of Commerce.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The National Institute of Standards and Technology (NIST) requests comments on proposed revisions to regulations. The proposed revisions make technical corrections, update certain sections to conform with changes in the patent laws, clarify the role of provisional patent application filing, create a new Determination of Exceptional Circumstances, increase the role of Funding Agencies in the Bayh-Dole process, address subject inventions as to which a Federal laboratory employee is a co-inventor, and streamline the licensing application process for some Federal laboratory collaborators. NIST will hold a public meeting and simultaneous webinar regarding the proposed changes on November 21, 2016.

**DATES:**

For Comments: Comments must be received no later than December 9, 2016.

For Public Meeting/Webinar: A meeting and simultaneous webinar will be held on November 21, 2016, from 1 p.m. until 3 p.m. Eastern Time. Requests to participate in-person must be received via the meeting Web site no later than November 14, 2016.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number: 160311229–6229–01, through the Federal e-Rulemaking Portal: http://www.regulations.gov (search using the docket number). Follow the online instructions for submitting comments. Identify the document by docket ID number and other identifying information (subject heading, Federal Register date and page number).

For Public Meeting/Webinar: A November 21, 2016 public meeting will be held in Lecture Room A on the NIST Campus in Gaithersburg, MD. Details about attending the meeting in-person or for accessing the webinar are available via the Technology Partnerships Office Web site at http://www.nist.gov/tpo/bayh-dole.

**FOR FURTHER INFORMATION CONTACT:** Courtney Silverthorn, via email: courtney.silverthorn@nist.gov or by telephone at 301–975–4189.

**SUPPLEMENTARY INFORMATION:**

A meeting and simultaneous webinar will be held on November 21, 2016, from 1 p.m. until 3 p.m. Eastern Time in Building 101, Lecture Room A on the NIST Campus in Gaithersburg, MD. Details about attending the meeting in-person or for accessing the webinar are available via the Technology Partnerships Office Web site at http://www.nist.gov/tpo/bayh-dole. Requests to participate in-person must be received via the meeting Web site no later than November 14, 2016; forty seats are available on a first-come, first-served basis. For participants attending in person, please note that Federal agencies, including NIST, can only accept a state-issued driver’s license or identification card for access to Federal facilities if such license or identification card is issued by a state that is compliant with the REAL ID Act of 2005 (Pub. L. 109–13), or by a state that has an extension for REAL ID compliance. NIST currently accepts other forms of Federal-issued identification in lieu of a state-issued driver’s license. To request accommodation of a disability, please contact the person listed under FOR FURTHER INFORMATION CONTACT, no later than November 10, 2016, to give NIST as much time as possible to process your request.

**I. General Information**

*Does this action apply to me?*

This action may be of interest to you if you are an educational institution, company, or nonprofit organization, especially one that has or would like to receive Federal funding for scientific research and development.

**II. Background**

These proposed rule revisions are promulgated under the University and Small Business Patent Procedures Act of 1980, Public Law 96–517 (as amended), codified at title 35 of the United States Code (U.S.C.) 200 et seq., commonly known as the “Bayh-Dole Act,” which governs rights in inventions made with Federal assistance. The Bayh-Dole Act obligates nonprofit organizations and small business firms (“contractors”), and large businesses, as directed by Executive Order 12591, to disclose each “subject invention” (that is, each invention conceived or first actually reduced to practice in the performance of work under a funding agreement, 35 U.S.C. 201(e)) within a reasonable time after the invention becomes known to the contractor, 35 U.S.C. 202(c)[1], and permits contractors to elect, within a reasonable time after disclosure, to retain title to a subject invention 35 U.S.C. 202(a). Under certain defined “exceptional” circumstances, Bayh-Dole permits the Government to restrict or eliminate the contractor’s right to elect to retain title, 35 U.S.C. 202(a), 202(b), and under such circumstances, rights vest in the Government.

The Secretary of Commerce has delegated to the Director of NIST the authority to promulgate implementing regulations. Regulations implementing 35 U.S.C. 202 through 204 are codified at 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms under Government Grants, Contracts, and Co-operative Agreements,” and apply to all Federal agencies, 37 CFR 401.1(b). These regulations govern all subject inventions, 37 CFR 401.2(d), even if the Federal government is not the sole source of funding for either the conception or the reduction to practice, 37 CFR 401.1(a). Regulations implementing 35 U.S.C. 208, specifying the terms and conditions upon which federally owned inventions, other than inventions owned by the Tennessee Valley Authority, may be licensed on a nonexclusive, partially exclusive, or exclusive basis, are codified at 37 CFR
