DEPARTMENT OF THE TREASURY

Privacy Act of 1974; Systems of Records

AGENCY: Department of the Treasury.

ACTION: Notice of systems of records.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Department is publishing its Privacy Act systems of records.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974, 5 U.S.C. 552a and the Office of Management and Budget (OMB) Circular No. A–130, the Department has completed a review of its Privacy Act systems of records notices to identify minor changes that will more accurately describe these records. Minor changes throughout the document are editorial in nature and consist principally of changes to system locations, system manager addresses, and revisions to organizational titles. The Treasury-wide notices were last published in their entirety on January 2, 2014, at 79 FR 183.

Four systems of records have been amended or added to the Department’s inventory of Privacy Act notices since January 2, 2014, as follows: Treasury .004—Freedom of Information Act/Privacy Act Request Records (September 16, 2016 at 81 FR 63856); Treasury .015—General Information Technology Access Account Records (January 14, 2015 at 80 FR 19868); Treasury .016—Reasonable Accommodations Records (April 28, 2014 at 79 FR 23405 and February 24, 2015 at 80 FR 9853); and, Treasury .017—Correspondence and Contact Information (June 18, 2015 at 80 FR 34963).

Treasury .004—Freedom of Information Act/Privacy Act Request Records has been amended to include the Internal Revenue Service (IRS), to facilitate the disclosure of non-tax information to The Office of Government Information Services (OGIS) within the National Archives and Records Administration in accordance with routine use. “(10) To the National Archives and Records Administration, Office of Government Information Services (OGIS), to the extent necessary to fulfill its responsibilities in 5 U.S.C. 552(b), to review administrative agency policies, procedures and compliance with the Freedom of Information Act (FOIA), and to facilitate OGIS’ offering of mediation services to resolve disputes between making FOIA requests and administrative agencies.” OGIS serves as a mediator between the various federal agencies that administer the FOIA and the requester. In that capacity, OGIS may come to the IRS to discuss specifics of a request and accordingly that discussion will involve access to the specific non-tax records. Adding IRS to the list of system managers authorizes IRS a discretionary authority to disclose to OGIS purely non-tax, Privacy Act protected information about FOIA requests. It will not authorize disclosure of any tax return or return information. Therefore, OGIS must obtain valid IRC 6103(c) disclosure consent from FOIA requesters before IRS can disclose to OGIS any returns or return information pertaining to any FOIA request.

Treasury .015—General Information Technology Access Account Records has been added to the inventory. The system enables Treasury to maintain: Account information required for approved access to information technology; lists of individuals who are appropriate organizational points of contact; and lists of individuals who are emergency points of contact. In addition, the system will enable Treasury to collect records allowing individuals access to certain meetings and programs where supplemental information is required and, where appropriate, to facilitate collaboration by allowing individuals in the same operational program to share information.

Treasury .016—Reasonable Accommodations Records has been added to the inventory. The purpose of this system of records is to allow Treasury and its bureaus to collect and maintain records on applicants for employment as well as current employees (including contractors and interns) and members of the public who request or receive reasonable accommodations from the Treasury and its Bureaus under the Rehabilitation Act of 1973 and the Americans with Disabilities Act Amendments Act of 2008 (ADAAA). Reasonable accommodations are modifications or adjustments that will allow applicants and employees to apply for a job, perform job duties, and/or enjoy the benefits and privileges of employment. Reasonable accommodations are also made for individuals who seek to participate and/or participate in Treasury programs and activities or attend meetings and events at Treasury facilities. The system will also be used to track processing of requests for reasonable accommodations only to the extent necessary to ensure Treasury-wide compliance with applicable laws and regulations while preserving and maintaining the confidentiality and privacy of all information (e.g., medical information) provided in support of accommodation request.

Treasury .017—Correspondence and Contact Information was added to the inventory. The systems are maintained for the purpose of mailing informational literature or responses to those who request it; maintaining lists of individuals who attend Treasury sponsored events, conferences, work activities, or events in which Treasury or one of its bureaus or offices participated, including meetings or conferences; and for other purposes for which mailing or contact lists may be created.

In addition, as part of this biennial review, the Department has updated three systems of records, adding the Special Inspector General for the Troubled Asset Relief Program (SIGTARP) to Treasury .001—Treasury Payroll and Personnel System and Treasury .010—Telephone Call Detail Records. These changes also include removing SIGTARP from Treasury .003—Treasury Child Care Tuition Assistance Records, because SIGTARP does not collect, maintain, or use child care tuition assistance records.

The systems notices are reprinted in their entirety following the Table of Contents. Systems covered by this notice:

This notice covers all systems of records maintained by the Department of the Treasury as of November 7, 2016. The system notices are reprinted in their entirety following the Table of Contents.

The system enables Treasury to maintain: account information required for approved access to information technology; lists of individuals who are appropriate organizational points of contact; and lists of individuals who are emergency points of contact. The system will also enable Treasury to provide individuals access to certain meetings and programs where additional information is required and, where appropriate, facilitate collaboration by allowing individuals in the same operational program to share information.

Disclosure of tax returns and tax return information may be made only as allowed by 26 U.S.C. 6103. 2. The disclosure made to such agencies, entities, and persons as is reasonably necessary to assist in connection with Treasury’s efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm.

F. To contractors and their agents, grantees, experts, consultants, fiscal agent, financial agents, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for Treasury, when necessary to accomplish an agency function related to this system of records. SAFEGUARDS:
Information in these systems is safeguarded in accordance with applicable laws, rules, and policies, including Treasury Directive 83–01, Department of the Treasury Information Technology (IT) Security Program. Further, security protocols for these systems of records will meet multiple National Institute of Standards and Technology security standards from authentication to certification and authorization. Records in these systems of records will be maintained in a secure, password protected electronic system that will use security hardware and software to include: multiple firewalls, active intruder detection, and role-based access controls. SYSTEM MANAGER(S) AND ADDRESS:

NOTIFICATION PROCEDURE:
Individuals seeking notification of and access to any record contained in these systems of records, or seeking to contest its content, may submit a request in writing, in accordance with Treasury’s Privacy Act regulations (located at 31 CFR 1.26), to the Freedom of Information Act (FOIA) and Transparency Liaison, whose contact information can be found at http://www.treasury.gov/FOIA/Pages/index.aspx under “FOIA Requester Service Centers and FOIA Liaison.” If an individual believes more than one bureau maintains Privacy Act records concerning him or her, the individual may submit the request to the Office of Privacy, Transparency, and Records, FOIA and Transparency, Department of the Treasury, 1500 Pennsylvania Ave. NW., Washington, DC 20220.

No specific form is required, but a request must be written and:
• Be signed and either notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notation;
• State that the request is made pursuant to the FOIA and/or Privacy Act disclosure regulations;
• Include information that will enable the processing office to determine the fee category of the user;
• Be addressed to the bureau that maintains the record (in order for a request to be properly received by the Department, the request must be received in the appropriate bureau’s disclosure office);
• Reasonably describe the records;
• Give the address where the determination letter is to be sent;
• State whether or not the requester wishes to inspect the records or have a copy made without first inspecting them; and
• Include a firm agreement from the requester to pay fees for search, duplication, or review, as appropriate.

In the absence of a firm agreement to pay, the requester may submit a request for a waiver or reduction of fees, along with justification of how such a waiver request meets the criteria for a waiver or reduction of fees found in the FOIA statute at 5 U.S.C. 552(a)(4)(A)(iii).
