

I. Abstract

The information gathered in this collection will be used to assess the efficacy of current and hypothetical park climate change messaging in cultivating both a sense of concern and inspiration to act among visitors. The information will be used primarily by NPS administrators, program managers, interpretive specialists, and educators. Results from the collection will be shared broadly across the NPS for application in the development, design, and delivery of climate change communications products.

II. Data

OMB Control Number: None.

Title: Visitor Perceptions of Climate Change in National Parks.

Type of Request: This is a new collection.

Affected Public: General public; Individual households.

Respondent Obligation: Voluntary.

Frequency of Collection: One time.

Estimated Number of Responses: 2,560.

Estimated Annual Burden Hours: 391 hours. We estimate the public reporting burden for both on-site surveys to be 13 minutes per completed response; two minutes to complete the non-response survey; and seven minutes complete the follow-up survey. These times also includes the time for the initial contact and time to explain the purpose of the study.

Estimated Annual Reporting and Recordkeeping "Non-Hour Cost": We have not identified any "non-hour cost" burdens associated with this collection of information.

III. Comments

A Notice was published in the **Federal Register** (78 FR 58343) on September 23, 2013 stating that we intended to request OMB approval of our information collection described above. In this Notice, we solicited public comment for 60 days ending November 23, 2013. We did not receive any comments in response to that notice.

We again invite comments concerning this information collection on:

- Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful;
- The accuracy of the agency's estimate of the burden of the proposed collection of information;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden on the respondents, including the use of

automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: November 3, 2016.

Madonna L. Baucum,

Information Collection Clearance Officer,
National Park Service.

Notice of Temporary Concession Contract for Marina Operation, Food and Beverage, Retail and Campground Services in Fire Island National Seashore, New York

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service intends to award a temporary concession contract to a qualified person for the conduct of certain visitor services within Fire Island National Seashore for a term not to exceed 1 year. The visitor services include marina operation, food and beverage, retail and campground.

FOR FURTHER INFORMATION CONTACT: Judy Bassett, Northeast Regional Concession Chief, Northeast Region, 200 Chestnut Street, Philadelphia, PA 19106; Telephone (215) 597-4903, by email at Judy_Bassett@nps.gov.

SUPPLEMENTARY INFORMATION: The National Park Service intends to award the temporary concession contract, TC-FIIS007-17, to a qualified person (as defined in 36 CFR 51.3) that is currently operating under the existing contract. If the National Park Service is unable to reach acceptable terms, however, it may find another qualified person for the award of the temporary concession contract. The National Park Service has determined that a temporary concession contract not to exceed 1 year is

necessary in order to avoid interruption of visitor services, and has taken all reasonable and appropriate steps to consider alternatives to avoid an interruption of visitor services.

Authority: This action is issued pursuant to 36 CFR 51.24(a). This is not a request for proposals.

Mike Reynolds,

Deputy Director, National Park Service.

Sole-Source Concession Contract for Lake Mead National Recreation Area

AGENCY: National Park Service, Interior.

ACTION: Notice of proposed award of sole-source concession contract for Lake Mead National Recreation Area.

SUMMARY: Public notice is hereby given that the National Park Service proposes to award a sole-source concession contract for the conduct of certain visitor services within Lake Mead National Recreation Area (Lake Mead NRA) for a term not to exceed five (5) years. The visitor services include the provision of wireless Internet access within remote but developed areas of Lake Mead NRA.

DATES: The term of the sole-source concession contract will commence (if awarded) no earlier than sixty (60) days from the publication of this notice.

SUPPLEMENTARY INFORMATION: The Director of the National Park Service (NPS) may award a concession contract non-competitively upon a determination that extraordinary circumstances exist under which compelling and equitable considerations require the award of the concession contract to a particular qualified person in the public interest (36 CFR 51.25). Contracts that are awarded non-competitively pursuant to 36 CFR 51.25 are commonly referred to as "sole-source" contracts.

The NPS has determined that BladeBeam, Inc. is a "qualified person" as defined by 36 CFR 51.3, and has determined that compelling and equitable considerations exist because of the difficulty of providing wireless Internet in the remote but developed areas of Lake Mead NRA, and because BladeBeam, Inc. is willing to make a significant investment with no guaranteed return.
