SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79249; File No. SR-Phlx-2016-86]

Self-Regulatory Organizations; NASDAQ PHLX LLC; Order Granting Approval of Proposed Rule Change To Delete or Amend Rule Language Relating to Specialists and Registered Options Traders

November 7, 2016.

I. Introduction

On August 12, 2016, NASDAQ PHLX LLC ("Exchange" or "Phlx") filed with the Securities and Exchange Commission ("SEC" or "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to delete or amend its rules relating to specialists and Registered Options Traders

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³² 17 CFR 200.30-3(a)(12).

(“ROTs”). The proposed rule change was published for comment in the **Federal Register** on August 31, 2016.³ On October 12, 2016, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ The Commission received no comment letters on the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposal

Phlx Rules 1022(b) and (c) currently require each specialist⁶ or ROT⁷ to provide to the Exchange reports of options and orders in a manner prescribed by the Exchange. Phlx Rule 1022(b) requires each specialist or ROT to report opening positions and each purchase and sale in each option in which the specialist or ROT is registered for each account reported pursuant to Phlx Rule 1022.⁸ Phlx Rule 1022(c) requires each specialist or ROT to report every order entered by the specialist or ROT for the purchase or sale of a security underlying any stock or Exchange-Traded Fund Share options contract traded on the Exchange or a security convertible into or exchangeable for such underlying security, as well as opening and closing positions in all such securities held in each account reported pursuant to Phlx Rule 1022.⁹ The Exchange proposes to

delete Phlx Rules 1022(b) and (c). The Exchange represents that the submission of these reports by specialists and ROTs is no longer necessary because most of the information in the reports is available to the Exchange from other sources.¹⁰

Phlx Rule 1036(a) currently requires every limited partner, approved person, and every party who is affiliated with a specialist member organization to agree, in a stipulation approved by the Exchange, not to violate any Exchange rule or cause a specialist or a specialist member organization to violate these or any other rules relating to specialists. The Exchange proposes to delete Phlx Rule 1036(a). The Exchange represents that the violation of a stipulation would have provided the Exchange with a separate basis for proceeding against the provider of the stipulation in the event of an Exchange rule violation.¹¹ The Exchange believes that the stipulations are no longer necessary for that purpose and that the burden of collecting stipulations outweighs any benefits from the rule.¹²

Phlx Rule 1036(b) provides that no issuer, or parent or subsidiary thereof, or any officer, director or 10% stockholder thereof, may become an approved person in a specialist member organization whose members are registered in a security of that issuer. The Exchange proposes to amend Phlx Rule 1036(b) to refer to members who are registered in options overlying a security of that issuer to specify that Phlx Rule 1036(b) applies only to *options* trading on the Exchange.¹³

Phlx Rule 1037 provides that a specialist is liable for any loss sustained for orders entrusted to him which should have been executed, and for which he should have sent an execution report, when the specialist was made aware of the error by 9:30 on the business day following the submission of the order. The Exchange proposes to delete Phlx Rule 1037. The Exchange represents that today, specialists on the Exchange trade only for their own account and no longer handle orders for other market participants in their capacity as specialists; therefore, specialists would no longer be in a

position to miss orders as contemplated by Rule 1037.¹⁴

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and rules and regulations thereunder applicable to a national securities exchange.¹⁵ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁶ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission notes that the deletion of Phlx Rules 1022(b), 1022(c), and 1036(a) should eliminate burdens on Phlx members that the Exchange believes are no longer necessary to carry out its oversight of its members. In addition, the Commission notes that the Exchange's proposal to delete Phlx Rules 1022(b), 1022(c), 1036(a), and 1037 should benefit investors by helping to ensure that the Phlx rules correctly describe the current operations of the Exchange and obligations of its members. Finally, the Commission believes that amending Phlx Rule 1036(b) to specify that Phlx Rule 1036(b) applies only to *options* trading on the Exchange should add clarity to Phlx's rules.

Accordingly, for the reasons discussed above, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act.

V. Conclusion

It is therefore ordered pursuant to Section 19(b)(2) of the Act¹⁷ that the proposed rule change (SR-PHLX-2016-86) be and hereby is approved.

⁵ See Securities Exchange Act Release No. 79087, 81 FR 71776 (October 18, 2016). The Commission designated a longer period within which to take action on the proposed rule change and designated November 29, 2016, as the date by which it should approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change.

⁶ A “specialist” is an Exchange member who is registered as an options specialist pursuant to Phlx Rule 1020(a). Specialists are subject to quoting and registration obligations set forth in Phlx Rules 1014(b), 1020 and 1080.02.

⁷ A “ROT” is defined in Phlx Rule 1014(b) as a regular member or a foreign currency options participant of the Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. For the purposes of Phlx Rule 1014, the term “ROT” includes Streaming Quote Traders and Remote Streaming Quote Traders.

Summary of the Application

1. Applicants request an order that would permit the applicants to participate in an interfund lending facility where each Fund could lend money directly to and borrow money directly from other Funds to cover unanticipated cash shortfalls, such as unanticipated redemptions or trade fails.¹ The Funds will borrow under the facility only to satisfy their short-term cash needs, and the loans’ duration will be no more than 7 days.²

2. Applicants anticipate that the proposed facility would provide a borrowing Fund with a source of liquidity at a rate lower than the bank borrowing rate at times when the cash position of the Fund is insufficient to meet temporary cash requirements. In addition, Funds making short-term cash loans directly to other Funds would earn interest at a rate higher than they otherwise could obtain from investing their cash in repurchase agreements or certain other short-term money market instruments. Thus, applicants assert that

¹ Applicants request that the order apply to the applicants and to any existing or future registered open-end management investment company or series thereof for which the Adviser or any successor thereto or an investment adviser controlling, controlled by, or under common control with the Adviser or any successor thereto serves as investment adviser (each a “Fund” and collectively the “Funds” and each such investment adviser an “Adviser”). For purposes of the requested order, “successor” is limited to any entity that results from a reorganization into another jurisdiction or a change in the type of a business organization.

² Any Fund, however, will be able to call a loan on one business day’s notice.

the facility would benefit both borrowing and lending Funds.

3. Applicants agree that any order granting the requested relief will be subject to the terms and conditions stated in the application. Among others, the Adviser, through a designated committee, would administer the facility as a disinterested fiduciary as part of its duties under the investment management agreements with the Funds and would receive no additional fee as compensation for its services in connection with the administration of the facility, except that the Adviser could collect standard fees for transaction-related services. The facility would be subject to oversight and certain approvals by the Funds’ Board, including, among others, approval of the interest rate formula and of the method for allocating loans across Funds, as well as review of the process in place to evaluate the liquidity implications for the Funds. A Fund’s aggregate outstanding interfund loans will not exceed 15% of its net assets, and the Fund’s loans to any one Fund will not exceed 5% of the lending Fund’s net assets.³

4. Applicants assert that the facility does not raise the concerns underlying section 12(d)(1) of the Act given that the Funds are part of the same group of investment companies and there will be no duplicative costs or fees to the Funds.⁴ Applicants also assert that the proposed transactions do not raise the concerns underlying sections 17(a)(1), 17(a)(3), 17(d) and 21(b) of the Act as the Funds would not engage in lending transactions that unfairly benefit insiders or are detrimental to the Funds. Applicants state that the facility will offer both reduced borrowing costs and enhanced returns on loaned funds to all participating Funds and each Fund would have an equal opportunity to borrow and lend on equal terms based on an interest rate formula that is objective and verifiable. With respect to the relief from section 17(a)(2) of the Act, applicants note that any collateral pledged to secure an interfund loan would be subject to the same conditions imposed by any other lender to a Fund that imposes conditions on the quality of or access to collateral for a borrowing (if the lender is another Fund) or the

³ Under certain circumstances, a borrowing Fund will be required to pledge collateral to secure the loan.

⁴ Applicants state that the obligation to repay an interfund loan could be deemed to constitute a security for the purposes of sections 17(a)(1) and 12(d)(1) of the Act.
