

on and adjacent to Service lands to conserve fish, wildlife, and plant populations.

5. Access, Mobility, and Connectivity: The program will ensure that units open to public visitation have adequate transportation options for all users including underserved, underrepresented, and mobility-limited populations.

Objectives:

- Offer a wide range of transportation modes and linkages for onsite and offsite access.

- Provide a clear way for finding information both on and off Service lands.

- Through the Urban Wildlife Conservation Program, integrate Service transportation facilities with local community transportation systems in a way that encourages local visitation and provides economic benefits to partner and gateway communities.

- Through coordinated planning, provide context-appropriate transportation facilities that address the specific needs of local visitor groups and respect the natural setting of the refuge or hatchery.

- Address congestion issues to and within Service units.

6. Visitor Experience: The program will enhance the visitation experience through improvement and investment in the transportation network.

Objectives:

- Integrate interpretation, education, and resource stewardship principles into the transportation experience.

- Evaluate the feasibility of alternative transportation systems at all stations and implement where appropriate.

- Encourage connections with existing and planned public and private transportation services.

- Design infrastructures in such a way that highlights the landscape and not the transportation facility.

Comments

We solicited comments on the Draft LRTP from March 7 to April 7, 2016 (FR00002485). During the comment period, we received two written responses. Comments received were evaluated and incorporated, as applicable, into this Final LRTP.

Changes to the Final LRTP

After considering the comments we received on the Draft LRTP, we have updated the report to highlight partnership opportunities at the Potomac River National Wildlife Refuge Complex. This final report also includes changes made in referencing the Federal multi-year transportation funding

legislation. The FAST Act was signed in December 2015, and replaces the MAP-21.

Next Steps

We will document the Final LRTP, which will be published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

WY957, Bureau of Land Management, 5353 Yellowstone Road, P.O. Box 1828, Cheyenne, Wyoming 82003.

SUPPLEMENTARY INFORMATION:

A person or party who wishes to protest against any of the above surveys must file a written notice within thirty (30) calendar days from the date of this publication with the Wyoming State Director, Bureau of Land Management, at the above address, stating that they wish to protest. A statement of reasons for the protest may be filed with the notice of protest and must be filed with the Wyoming State Director within thirty (30) calendar days after the protest is filed. If a protest against the survey is received prior to the date of official filing, the filing will be stayed pending consideration of the protest. A plat will not be officially filed until the day after all protests have been dismissed or otherwise resolved. Before including your address, phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Copies of the preceding described plats and field notes are available to the public at a cost of \$4.20 per plat and \$.13 per page of field notes.

Dated: November 8, 2016.
