International Trade Administration

[A–201–830]

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on carbon and certain alloy steel wire rod (wire rod) from Mexico. The period of review (POR) is October 1, 2014 through September 30, 2015. This review covers two producers/exporters of the subject merchandise: Deacero S.A.P.I. de C.V. (aka Deacero S.A. de C.V., hereinafter referred to as Deacero) and ArcelorMittal Las Truchas, S.A. de C.V. (AMLT). We preliminarily determine that Deacero made sales of subject merchandise at less than normal value (NV) during the POR. Additionally, we preliminarily determine that AMLT had no shipments during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Effective November 16, 2016.

Background

On December 3, 2015, the Department published a notice of initiation of an administrative review of the antidumping duty order on wire rod from Mexico. On June 27, 2016, the Department extended the deadline for the preliminary results to November 4, 2016.

Scope of the Order

The merchandise covered by the Wire Rod Order is carbon and certain alloy steel wire rod. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7213.91.0000, 7213.91.6000, 7213.92.9031, 7227.20.0000, 7227.20.0030, 7227.20.0090, 7227.20.0200, 7227.20.0095, 7227.90.6010, 7227.90.6020, 7227.90.6030, 7227.90.6050, 7227.90.6051, 7227.90.6052, 7227.90.6053, 7227.90.6058, 7227.90.6059, 7227.90.6080, and 7227.90.6085 of the HTSUS. Although the HTS numbers are provided for convenience and customs purposes, the written product description remains dispositive. On October 1, 2012, the Department determined that wire rod with an actual outside diameter of 4.75 mm to 5.00 mm (hereinafter referred to as narrow gauge wire rod) produced in Mexico and exported to the United States by Deacero was circumventing the Wire Rod Order. Specifically, the Department determined that Deacero’s shipments to the United States of narrow gauge wire rod constitute merchandise altered in form or appearance in such minor respects that it should be included within the scope of the Wire Rod Order. The Department’s affirmative finding in the Final Circumvention Determination applied solely to Deacero.

The Federal Circuit upheld the Department’s finding in the Final Circumvention Determination that narrow gauge wire rod produced in Mexico and exported to the United States by Deacero was circumventing the Wire Rod Order. As a result, we have treated Deacero’s sales of narrow gauge wire rod as subject merchandise.

For a complete description of the scope of the order, see Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, “Decision Memorandum for Preliminary Results of 2014/15 Antidumping Duty Administrative Review: Carbon and Certain Alloy Steel Wire Rod from Mexico” (Preliminary Decision Memorandum), dated concurrently with these preliminary results.

See Deacero S.A. de C.V. v. United States, No. 15–1362 (Federal Circuit) (April 5, 2016) (Deacero) at 12.
Preliminary Determination of No Shipments

AMLT reported that it made no sales of subject merchandise during the POR. On December 24, 2015, we issued a no-shipment inquiry to U.S. Customs and Border Protection (CBP) to confirm AMLT’s claim of no shipments. We did not receive any contradictory information from CBP. Based on AMLT’s claim of no shipments and because no information to the contrary was received by the Department from CBP, we preliminarily determine that AMLT had no shipments of subject merchandise, and, therefore, no reviewable transactions, during the POR. For a full discussion of this determination, see the Preliminary Decision Memorandum. Methodology

The Department is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). Constructed export prices or export prices are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://enforcement.trade.gov/frn/index.html. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content. Preliminary Results of the Review

As a result of this review, we preliminarily determine that the weighted-average dumping margin for the POR is as follows:

<table>
<thead>
<tr>
<th>Producer/exporter</th>
<th>Weighted-average dumping margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deacero S.A.P.I. de C.V. (aka Deacero S.A. de C.V.)</td>
<td>17.02</td>
</tr>
</tbody>
</table>

Assessment Rate

Upon issuance of the final results, the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. For any individually examined respondents whose weighted-average dumping margin is above de minimis, we will calculate importer-specific ad valorem de minimis, or an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review where applicable.

In accordance with the Department’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by each respondent for which they did not know that their merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Deacero will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this administrative review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 20.11 percent, the all-others rate established in the investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

The Department intends to disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs or rebuttal briefs in this proceeding. Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities. All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, using Enforcement and Compliance’s ACCESS system within 30 days of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, within 120 days after issuance of these preliminary results.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.
