the Department’s electronic records system, ACCESS.

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, using Enforcement and Compliance’s ACCESS system within 30 days of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined. Parties should confirm by telephone the date, time, and location of the hearing.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, within 120 days after issuance of these preliminary results.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE
International Trade Administration

[A–588–851]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 12, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan. The period of review (POR) is June 1, 2014, through May 31, 2015. The review covers five producers or exporters of subject merchandise. We invited parties to comment on the Preliminary Results. None were received. Accordingly, for the final results, we continue to find that NKK Tubes (NKK) had no shipments during the POR. Further, we continue to find that subject merchandise has been sold in the United States at less than normal value by JFE Steel Corporation (JFE), Nippon Steel & Sumitomo Metal Corporation (NSSMC), Nippon Steel Corporation (NSC), and Sumitomo Metal Industries, Ltd. (SMI).

DATES: Effective November 16, 2016.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Background

On July 12, 2016, the Department published the Preliminary Results of the administrative review. The Department gave interested parties an opportunity to comment on the Preliminary Results. We received no comments. The Department conducted this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan, which is currently classified under subheading 7304.10.30, 7304.10.45, 7304.10.50, 7304.10.60, 7304.19.40, 7304.19.45, 7304.19.50, 7304.19.60, 7304.50.40, 7304.50.50, 7304.50.60, 7304.50.70, 7304.50.80, 7304.50.90, 7304.59.00, 7304.59.10, 7304.59.20, 7304.59.30, 7304.59.40, 7304.59.50, 7304.59.60, 7304.59.70, 7304.59.80, and 7304.59.90. of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Final Determination of No Shipments

As noted in the Preliminary Results, the Department received a claim of no shipments from NKK. In the Preliminary Results, the Department preliminarily found that NKK did not have reviewable entries during the POR. Additionally, the Department stated in the Preliminary Results that it was not appropriate to rescind the review with respect to NKK.

5

3 For a full description of the scope of the order, see the “Preliminary Decision Memorandum for the Administrative Review of the Antidumping Duty Order on Certain Small Diameter Carbon and Alloy Seamless Standard, Line, and Pressure Pipe (Under 4½ Inches) from Japan: 2014–2015 Administrative Review” from Gary Taverman, Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Acting Assistant Secretary for Enforcement and Compliance, dated July 5, 2016, which can be accessed directly at http://enforcement.trade.gov/frn/, (Preliminary Decision Memorandum).
respect to NKK at that time, but rather complete the review with respect to NKK and issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results.

After issuing the Preliminary Results, the Department received no comments from interested parties, and has not received any information that would cause it to alter its preliminary determination. Therefore, for these final results, the Department continues to find that NKK did not have any reviewable entries during the POR.

**Final Results of Review**

Because the Department received no comments after the Preliminary Results for consideration for these final results, we have made no changes to the Preliminary Results. As a result of this review, we determine that dumping margins on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan exist for the period June 1, 2014, through May 31, 2015, at the following rates:

<table>
<thead>
<tr>
<th>Producer and/or exporter</th>
<th>Margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>JFE Steel Corporation</td>
<td>106.07</td>
</tr>
<tr>
<td>Nippon Steel &amp; Sumitomo Metal Corporation</td>
<td>106.07</td>
</tr>
<tr>
<td>Nippon Steel Corporation</td>
<td>106.07</td>
</tr>
<tr>
<td>Sumitomo Metals Industries</td>
<td>106.07</td>
</tr>
</tbody>
</table>

**Assessment**

The Department has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review. We will instruct CBP to apply an ad valorem assessment rate of 106.07 percent to all entries of subject merchandise during the POR which were produced and/or exported by NSSMC, and an ad valorem assessment rate of 106.07 percent to all entries of subject merchandise during the POR which were produced and/or exported by the companies that were not selected for individual examination: JFE, NSC, and SMI. Additionally, because the Department determined that NKK had no shipments of subject merchandise during the POR, any suspended entries that entered under NKK’s AD case number (i.e., at that exporter’s rate) will be liquidated at the all-others rate effective during the period of review if there is no rate for the intermediate company(ies) involved in the transaction.6

**Cash Deposit Requirements**

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates established in the final results of this review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; (4) if neither the exporter nor the manufacturer has its own rate, the cash deposit rate will continue to be 70.43 percent, the all-others rate established in the order.6 These deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

4 See Preliminary Decision Memorandum at section V.H “Rate for Non-Examined Companies” (for an explanation of how we preliminarily determined the rate for non-selected companies).

6 See Notice of Antidumping Duty Orders: Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act.

**Administrative Protective Orders**

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of propriety information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(f)(1) of the Act.

Dated: November 9, 2016.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

**Smart Technologies Trade Mission to Taiwan and Hong Kong With an Optional Stop in Guangzhou (China)**

**AGENCY:** International Trade Administration, Department of Commerce.

**ACTION:** Notice.

**SUMMARY:** The United States Department of Commerce, International Trade Administration (ITA), is organizing a Trade Mission to Taiwan and Hong Kong, with an optional stop in Guangzhou (China), focused on Smart Technologies in the Information and Communication Technology Sector on April 24–28, 2017. The goal of this trade mission is to provide U.S. participants with first-hand market information and one-on-one meetings with technology partners in Taiwan, Hong Kong, and Guangzhou, including potential agents and distributors of smart technologies, so they can position themselves to enter or expand their presence in those markets.

The mission is intended to help expand U.S. exports to Hong Kong, Taiwan, and China for U.S. technology providers of smart transportation, smart building and financial technology (fintech). The mission will introduce these suppliers to business partners, industry representatives, and government officials in Taiwan and Hong Kong, with an optional stop in Guangzhou (for smart transportation and smart building only) to learn about
