

respect to NKK at that time, but rather complete the review with respect to NKK and issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results.

After issuing the *Preliminary Results*, the Department received no comments from interested parties, and has not received any information that would cause it to alter its preliminary determination. Therefore, for these final results, the Department continues to find that NKK did not have any reviewable entries during the POR.

Final Results of Review

Because the Department received no comments after the *Preliminary Results* for consideration for these final results, we have made no changes to the *Preliminary Results*. As a result of this review, we determine that dumping margins on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan exist for the period June 1, 2014, through May 31, 2015, at the following rates:

Producer and/or exporter	Margin (percent)
JFE Steel Corporation	106.07
Nippon Steel & Sumitomo Metal Corporation	106.07
Nippon Steel Corporation	106.07
Sumitomo Metals Industries	106.07

Assessment

The Department has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.³ The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review. We will instruct CBP to apply an ad valorem assessment rate of 106.07 percent to all entries of subject merchandise during the POR which were produced and/or exported by NSSMC, and an ad valorem assessment rate of 106.07 percent to all entries of subject merchandise during the POR which were produced and/or exported by the companies that were not selected for individual examination: JFE, NSC, and SMI.⁴ Additionally, because the Department determined that NKK had no shipments of subject merchandise during the POR, any suspended entries that entered under NKK's AD case number (*i.e.*, at that exporter's rate) will

³ See 19 CFR 351.212(b).

⁴ See Preliminary Decision Memorandum at section V.b "Rate for Non-Examined Companies" (for an explanation of how we preliminarily determined the rate for non-selected companies).

be liquidated at the all-others rate effective during the period of review if there is no rate for the intermediate company(ies) involved in the transaction.⁵

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates established in the final results of this review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; (4) if neither the exporter nor the manufacturer has its own rate, the cash deposit rate will continue to be 70.43 percent, the all-others rate established in the order.⁶ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

⁵ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁶ See *Notice of Antidumping Duty Orders: Certain Large Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe from Japan; and Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe From Japan and the Republic of South Africa*, 65 FR 39360 (June 26, 2000).

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 9, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

International Trade Administration

Smart Technologies Trade Mission to Taiwan and Hong Kong With an Optional Stop in Guangzhou (China)

April 24–28, 2017.

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Department of Commerce, International Trade Administration (ITA), is organizing a Trade Mission to Taiwan and Hong Kong, with an optional stop in Guangzhou (China), focused on Smart Technologies in the Information and Communication Technology Sector on April 24–28, 2017. The goal of this trade mission is to provide U.S. participants with first-hand market information and one-on-one meetings with technology partners in Taiwan, Hong Kong, and Guangzhou, including potential agents and distributors of smart technologies, so they can position themselves to enter or expand their presence in those markets.

The mission is intended to help expand U.S. exports to Hong Kong, Taiwan, and China for U.S. technology providers of smart transportation, smart building and financial technology (fintech). The mission will introduce these suppliers to business partners, industry representatives, and government officials in Taiwan and Hong Kong, with an optional stop in Guangzhou (for smart transportation and smart building only) to learn about

and benefit from various smart city projects and opportunities in these respective cities. Increasingly, smart city technologies are seen as means to keep metropolitan and national economies competitive. A smart city market research report published by Navigant in 2014 forecast that the annual smart city technology investment in the Greater China region (China, Taiwan and Hong Kong) will grow from US\$1 billion to US\$5 billion by 2023. This figure represents only the smart technology part of much larger smart city projects across different industries and sectors, such as:

- Smart sensors and meters
- dedicated networks
- cloud computing platforms
- data analytics, and
- integrated systems and applications

The trade mission offers a timely and cost effective way of engaging key stakeholders in the development of smart city projects in Greater China. Trade mission participants will have the opportunity to interact extensively with host government, private sector and Commercial Service (CS) officials in Taiwan and Hong Kong to discuss industry developments, business opportunities and market entry strategies. In addition, participants with smart transportation and smart building technologies may opt to receive similar briefing and meeting opportunities in Guangzhou, China for an additional cost.

In Taiwan, Hong Kong, and Guangzhou (optional), participants will meet with pre-screened distributors, corporate representatives, and other business partners and government organizations involved in the promotion of smart technologies. They will also attend market briefings by U.S. Commercial Service and Consulate officials, as well as round table discussions offering further opportunities to speak with local business and industry decision-makers.

Schedule

April 23, Sunday	Delegates arrive in Taiwan.
April 24, Monday	1 Day in Taiwan.
April 25, Tuesday	½ Day in Taiwan. Travel to Hong Kong.
April 26, Wednesday	1 Day in Hong Kong.
April 27, Thursday	½ Day in Hong Kong. Travel to Guangzhou (Optional).
April 28, Friday	1 Day in Guangzhou (Optional).
April 29, Saturday	Delegates depart.

Participation Requirements

All parties interested in participating in the trade mission to Taiwan, Hong

Kong, and Guangzhou (Optional) must complete and submit an application package for consideration by the Department of Commerce. All applicants, on a staggered basis, will be evaluated on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. U.S. companies or trade associations already doing business in Taiwan, Hong Kong, and China, as well as U.S. companies/trade associations seeking to enter those markets for the first time may apply. A minimum of 15 and maximum of 20 firms and/or trade associations will be selected to participate in the mission from the applicant pool.

Fees and Expenses

After a firm or trade association has been selected to participate on the mission, a payment to the Department of Commerce in the form of a participation fee is required. The participation fee for the Trade Mission will be \$3,700 for small or medium-sized enterprises (SME);¹ and \$4,700 for large firms or trade associations. The cost for the optional stop in Guangzhou for smart transportation and smart building firms is not included and is an additional \$750 per SME and \$2,300 per large firm and trade association/organization. The fee for each additional firm representative for the mission and optional stop (large firm or SME/trade organization) is \$1,000. Upon notification of acceptance to participate, those selected have 10 business days to submit payment or after such time the Department of Commerce reserves the right to revoke the acceptance or may offer the participant spot to other qualified applicants. Expenses for travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Interpreter and driver services can be arranged for additional cost. The participation fee will cover group transit from hotel to airport/train station on departure from each destination as well as local group transportation to meeting venues, where applicable. Delegation members will be able to take advantage of U.S. Embassy rates for hotel rooms.

¹ An SME is defined as a firm with 500 or fewer employees or that otherwise qualifies as a small business under SBA regulations (see <http://www.sba.gov/services/contractingopportunities/sizestandardstoc/index.html>). Parent companies, affiliates, and subsidiaries will be considered when determining business size. The dual pricing reflects the Commercial Service's user fee schedule that became effective May 1, 2008 (See <http://www.export.gov/newsletter/march2008/initiatives.html> for additional information).

Exclusions

The mission fee does not include any personal travel expenses such as lodging, most meals, local ground transportation and air transportation. Delegate members will, however, be able to take advantage of U.S. Government rates for hotel rooms. Government fees and processing expenses to obtain visas are also not included in the mission costs. However, the Department of Commerce will provide instructions to each participant on the procedures required to obtain necessary business visas. Trade Mission members participate in the trade mission and undertake mission-related travel at their own risk. The nature of the security situation in a given foreign market at a given time cannot be guaranteed. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. The U.S. Department of State issues U.S. Government international travel alerts and warnings for U.S. citizens available at <https://travel.state.gov/content/passports/en/alertswarnings.html>. Any question regarding insurance coverage must be resolved by the participant and its insurer of choice.

Conditions for Participation

An applicant must submit a completed and signed mission application and supplemental application materials, including adequate information on the company's products and/or services, primary market objectives, and goals for participation. If the Department of Commerce receives an incomplete application, the Department may reject the application, request additional information, or take the lack of information into account when evaluating the applications.

Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the U.S., or, if not, are marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content. In the case of a trade association or organization, the applicant must certify that for each company to be represented by the association/organization, the products and/or services the represented company seeks to export are either produced in the U.S. or, if not, marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content.

In addition, each applicant must:

- Certify that the products and services that it wishes to market through the mission would be in compliance

with U.S. export controls and regulations;

- Certify that it has identified to the Department of Commerce for its evaluation any business pending before the Department that may present the appearance of a conflict of interest;

- Certify that it has identified any pending litigation (including any administrative proceedings) to which it is a party that involves the Department of Commerce; and

- Sign and submit an agreement that it and its affiliates (1) have not and will not engage in the bribery of foreign officials in connection with a company's/participant's involvement in this mission, and (2) maintain and enforce a policy that prohibits the bribery of foreign officials.

In the case of a trade association/organization, the applicant must certify that each firm or service provider to be represented by the association/organization can make the above certifications.

Selection Criteria for Participation

- Suitability of the company's (or, in the case of a trade association or trade organization, represented companies') products or services to the market.

- Company's (or, in the case of a trade association or trade organization, represented companies') potential for business in the country and region, including likelihood of exports resulting from the mission.

- Consistency of the applicant's goals and objectives with the stated scope of the mission. Balance of company size, sector or subsector, and location may also be considered during the review process.

Referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant's submission and not considered during the selection process.

Timeline for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other Internet Web sites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than January 31, 2017.

The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a staggered basis during the recruitment period beginning October 7, 2016.

Applications received after January 31, 2017, will be considered only if space and scheduling constraints permit.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XF004

Atlantic Highly Migratory Species; Meeting of the Atlantic Highly Migratory Species Advisory Panel

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting and webinar/conference call.

SUMMARY: NMFS will hold a 2-day Atlantic Highly Migratory Species (HMS) Advisory Panel (AP) meeting in December 2016. The intent of the meeting is to consider options for the conservation and management of Atlantic HMS, specifically Amendment 5b to the 2006 Consolidated Atlantic HMS Fishery Management Plan (FMP). The meeting is open to the public.

DATES: The AP meeting and webinar will be held from 1:30 p.m. to 5:30 p.m. on Thursday, December 1, 2016, and from 8:30 a.m. to 11:30 a.m. on Friday, December 2, 2016.

ADDRESSES: The meeting will be held at the DoubleTree by Hilton Hotel, 8120 Wisconsin Avenue, Bethesda, MD 20814. The meeting presentations will also be available via WebEx webinar/conference call.

The meeting on Thursday, December 1, and Friday, December 2, 2016, will also be accessible via conference call and webinar. Conference call and webinar access information are available at: http://www.nmfs.noaa.gov/sfa/hms/advisory_panels/hms_ap/meetings/dec-2016/ap-meeting.html.

Participants are strongly encouraged to log/dial in 15 minutes prior to the

meeting. NMFS will show the presentations via webinar and allow public comment during identified times on the agenda.

FOR FURTHER INFORMATION CONTACT: Peter Cooper or Margo Schulze-Haugen at (301) 427-8503.

SUPPLEMENTARY INFORMATION: The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*, as amended by the Sustainable Fisheries Act, Public Law 104-297, provided for the establishment of an AP to assist in the collection and evaluation of information relevant to the development of any FMP or FMP amendment for Atlantic HMS. NMFS consults with and considers the comments and views of AP members when preparing and implementing FMPs or FMP amendments for Atlantic tunas, swordfish, billfish, and sharks.

The AP has previously consulted with NMFS on: Amendment 1 to the Billfish FMP (April 1999); the HMS FMP (April 1999); Amendment 1 to the HMS FMP (December 2003); the Consolidated HMS FMP (October 2006); and Amendments 1, 2, 3, 4, 5a, 5b, 6, 7, 8, 9 and 10 to the 2006 Consolidated HMS FMP (April and October 2008, February and September 2009, May and September 2010, April and September 2011, March and September 2012, January and September 2013, April and September 2014, March and September 2015, March and September 2016), among other things.

The intent of this meeting is for NMFS to consult with the AP on the proposed management measures contained in Draft Amendment 5b to the 2006 Consolidated Atlantic HMS FMP, which proposes a range of management measures to prevent overfishing and rebuild dusky sharks. These measures are based on a recent stock assessment that determined dusky sharks—a prohibited species since 2000—are overfished and still experiencing overfishing. Draft Amendment 5b could affect any commercial fishermen with HMS permits, any recreational fishermen who catch sharks of any species, and any dealers who buy or sell sharks or shark products.

Additional information on the meeting and a copy of the draft agenda will be posted prior to the meeting at: http://www.nmfs.noaa.gov/sfa/hms/advisory_panels/hms_ap/meetings/ap_meetings.html.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to
