BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

On November 4, 2016, the Department of Justice lodged a proposed consent decree with the United States District Court for the Southern District of Mississippi in the lawsuit entitled *United States and Mississippi Commission on Environmental Quality v. Estate of William Troy Burford and Sonford Products Corporation*, Civil Action No. 3:16-cv-00869-CWR-FKB.

The consent decree would resolve claims under CERCLA § 107(a), 42 U.S.C. 9607(a), for recovery of response costs in connection with the Sonford Products Superfund Site in Flowood, Rankin County, Mississippi (“Site”). The consent decree also contains a covenant under CERCLA § 106, 42 U.S.C. 9606, for damages related to injury to, destruction of, or loss of natural resources at the Site. The Mississippi Commission on Environmental Quality is a co-plaintiff; the Consent Decree would resolve its claims under state law.

The six-acre Site is located in Flowood, east of Jackson, Mississippi. Defendant Sonford Products Corporation operated a chemical processing facility at the Site from 1970 to 1985. It formulated pentachlorophenol (“PCP”) for wood preserving and saw mill operations. On April 18, 1985, approximately 2,000 gallons of PCP spilled from the Sonford Products facility into wetlands on the Site. Since that time, the U.S. Environmental Protection Agency and the Mississippi Department of Natural Resources have been responding to the release or threatened release of PCP and other hazardous substances at the Site. The cost of the response is expected to exceed \$27 million.

Defendant Sonford Products Corporation has been dissolved. Defendant Estate of William Troy Burford has no assets other than proceeds from insurance policies issued to Sonford Products. The proposed consent decree would allow for the recovery of insurance proceeds from three insurers. The total value of the settlement is \$257,500. Of that amount, the Estate will receive \$2,500 plus the reasonable fees and expenses associated with administration of the Estate. The United States will receive 95 percent of the remainder and the State of Mississippi will receive 5 percent.

The publication of this notice opens a period for public comment on the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and Mississippi Commission on Environmental Quality v. Estate of William Troy Burford and Sonford Products Corporation*, D.J. Ref. No. 90-11-3-10806. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

During the public comment period, the proposed consent decree may be examined and downloaded at this Justice Department Web site: <https://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the proposed consent decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044-7611.

Please enclose a check or money order for \$7.00 (25 cents per page reproduction cost) payable to the United States Treasury.

Henry Friedman,

Assistant Section Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

NATIONAL SCIENCE FOUNDATION

Research Performance Progress Report

AGENCY: National Science Foundation.
ACTION: Notice.

SUMMARY: Effective with the publication of this Notice in the **Federal Register**, agencies will be able to utilize the updated standardized Research Performance Progress Report (RPPR) format for both interim and final progress reporting.

FOR FURTHER INFORMATION CONTACT: To view the updated Standardized Research Performance Progress Report Format to be used for both Interim and Final Performance Progress Reporting, see: <http://www.nsf.gov/bfa/dias/policy/rppr/index.jsp>. For information on the RPPR, contact Jean Feldman, Head, Policy Office, Division of Institution & Award Support, National Science Foundation, 4201 Wilson Blvd., Arlington, VA, 22230, email: jfeldman@nsf.gov; telephone (703) 292-8243; FAX: (703) 292-9171.

SUPPLEMENTARY INFORMATION: The Research Performance Progress Report (RPPR) directly benefits award recipients by making it easier for them to administer Federal grant and cooperative agreement programs through standardization of the types of information required in performance reports—thereby reducing their administrative effort and costs. The RPPR also will make it easier to compare the outputs, outcomes, etc. of research and research-related programs across the government.

The RPPR resulted from an initiative of the Research Business Models (RBM), an Interagency Working Group of the Social, Behavioral & Economic Research Subcommittee of the Committee on Science (CoS), a committee of the National Science and Technology Council (NSTC). One of the RBM Subcommittee's priority areas is to create greater consistency in the administration of Federal research awards. Given the increasing complexity of interdisciplinary and interagency research, it is important for Federal agencies to manage awards in a similar fashion. The RPPR is to be used by agencies that support research and research-related activities for use in submission of progress reports. It is intended to replace other performance reporting formats currently in use by agencies. The RPPR does not change the performance reporting requirements specified in 2 CFR part 200.

On July 23, 2015 the National Science Foundation (NSF) submitted a request

for public comment on an Updated Standardized Research Performance Progress Report Format to be used for Both Interim and Final Performance Progress Reporting in the **Federal Register** [80 FR 43802, July 23, 2015]. All comments were carefully considered in developing the final version of the RPPR. A table listing the comments and responses is posted on the NSF Web site at: <http://www.nsf.gov/bfa/dias/policy/rppr/index.jsp>. It should be noted that substantive changes were not made to the RPPR as a result of the comment process.

On behalf of the RBM, NSF has agreed to continue to serve as the sponsor of the updated version of this Federal-wide performance progress reporting format. The final version of the updated Standardized Research Performance Progress Report Format to be used for both Interim and Final Performance Progress Reporting incorporates the public comments mentioned above, and may be viewed at: <http://www.nsf.gov/bfa/dias/policy/rppr/index.jsp>. Each Federal research agency that supports research and research-related activities must post their policy or an implementation plan on the NSF and RBM Web sites within nine months after issuance of the **Federal Register** Notice. Each implementation plan will address whether the agency plans to implement the RPPR in paper or electronic format, and include an anticipated implementation date.

Dated: November 10, 2016.
