SUPPLEMENTARY INFORMATION: The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 et seq., as amended by the Sustainable Fisheries Act, Public Law 104–297, provided for the establishment of an AP to assist in the collection and evaluation of information relevant to the development of any Fishery Management Plan (FMP) or FMP amendment for Atlantic HMS. NMFS consults with and considers the comments and views of AP members when preparing and implementing FMPs or FMP amendments for Atlantic tunas, swordfish, billfish, and sharks.

The AP has previously consulted with NMFS on: Amendment 1 to the Billfish FMP (April 1999); the HMS FMP (April 1999); Amendment 1 to the HMS FMP (December 2003); the Consolidated HMS FMP (October 2006); and Amendments 1, 2, 3, 4, 5a, 5b, 6, 7, 8, and 9 to the 2006 Consolidated HMS FMP (April and October 2008, February and September 2009, May and September 2010, April and September 2011, March and September 2012, January and September 2013, April and September 2014, March and September 2015), among other things.

The intent of this meeting is to consider alternatives for the conservation and management of all Atlantic tunas, swordfish, billfish, and shark fisheries. We anticipate discussing the upcoming Amendments 5b on dusky sharks and 10 on Essential Fish Habitat, including lemon shark aggregations off southeast Florida; reviewing implementation of Final Amendment 9 on smoothhound sharks and Final Amendment 11 on tunas; and progress updates on the final rule to implement the electronic bluefin tuna documentation system and the various other rulemakings. We also anticipate discussing a survey of Atlantic HMS tournaments that is in development, a request from the South Atlantic Fishery Management Council to consider management changes regarding blacknose sharks, and domestic implementation of recommendations from the 2015 meeting of the International Commission for the Conservation of Atlantic Tunas. We also intend to invite other NMFS offices to provide updates on their activities relevant to HMS fisheries such as the IJJU Task Force implementation and international trade, and DeepWater Horizon Pelagic Longline Project.

Additional information on the meeting and a copy of the draft agenda will be posted prior to the meeting at: http://www.nmfs.noaa.gov/sfa/hms/advisory_panels/hms_ap/meetings/ap_meetings.html.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Consumer Financial Protection Bureau (Bureau) is proposing a new information collection titled, “Application Process for Designation of Rural Area under Federal Consumer Financial Law.”

DATES: An emergency review has been requested in accordance with the PRA (44 U.S.C. Chapter 3507(j)). Approval by the Office of Management and Budget (OMB) has been requested by February 29, 2016. A standard PRA clearance process is also beginning. Interested persons are invited to submit comments on or before April 18, 2016.

ADDRESSES: You may submit comments, identified by the title of the information collection, OMB Control Number (see below), and docket number (see above), by any of the following methods:

Please note that comments submitted after the comment period will not be accepted. In general, all comments will become public records, including any personal information provided. Sensitive personal information, such as account numbers or social security numbers, should not be included.

Estimated Number of Respondents: 1.

Abstract: On December 4, 2015, Congress passed the Helping Expand Lending Practices in Rural Communities Act of 2015 (HELP Rural Communities Act or the Act) Public Law 114–94, Title LXXXIX (2015). Section 89002 requires the Bureau to establish, within 90 days of its passage, a procedure by which persons and businesses may apply to have a geographic area designated as “rural” for the purposes of applying federal consumer protection law and certain exceptions related to areas so designated.

Due to the 90-day deadline, contained in the Act, if following standard PRA clearance procedures, the Bureau would be unable to meet this statutory
deadline. In order to meet the statutory deadline, the Bureau plans to issue the enabling procedural rule by March 3, 2016. Therefore, the Bureau is requesting emergency processing and approval of the following information collection request.

The Bureau requests OMB approval of this request by February 29, 2016. Contemporaneously with this request for emergency processing, the Bureau is also initiating standard clearance procedures by publishing a notice in the Federal Register allowing the public 60 days to comment on this collection of information. Accordingly, this request will also be resubmitted to OMB under standard clearance procedures.

Request for Comments: Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau’s estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.
