resources at the site. They also would not transfer jurisdiction over the lands to the NPS for administration as part of JTNP.

Licenses, permits, cooperative agreements, or other discretionary land use authorizations may be allowed with the approval of an authorized officer of the BLM during the temporary segregative period, after coordination with the NPS. The lands included within FERC Project No. 13123, which is licensed by FERC, are not proposed for withdrawal and the Department does not intend to include any additional lands ultimately included in the associated BLM right-of-way in the final withdrawal, if approved.

Subject to analysis under the NEPA, 42 U.S.C. 4321 et seq., the NPS is not aware of any alternatives that would provide protection of the cultural, natural, and scenic resources, and values fundamental to the established purpose of JTNP. At this time, the uses contemplated by the NPS would not require water to fulfill the purposes of the requested withdrawal action.

Comments, including names and street addresses of respondents, will be available for public review on the following Website http://parkplanning.nps.gov/eaglemountain. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that a public meeting will be held in connection with the proposed withdrawal at the time and location indicated in the DATES section above. A notice about this public meeting will also be published in a local newspaper at least 30 days before the scheduled date of the meeting. Records relating to the application may be examined by contacting JTNP park superintendent David Smith at 760–367–5502 or BLM Field Manager at 760–833–7100.

For a period until February 16, 2017, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the JTNP Superintendent or the BLM Field Manager at the ADDRESSES noted above.

For a period until November 19, 2018, the lands described in this notice will be segregated from all forms of entry, appropriation, or disposal under the public land laws; from location, entry, and patent under the United States mining laws; and from disposition under all laws pertaining to mineral and geothermal leasing, and mineral materials, and all amendments thereto, unless the application is denied or canceled or the withdrawal is approved prior to that date. The 2 years also allows time for the NPS to conduct the necessary analyses under FLPMA, the statutes pertaining to the NPS, and the NEPA. It is intended that these analyses will support a final decision on whether to expand the park boundary to complete the proposed withdrawal and to modify accordingly the boundary of JTNP.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Jerome E. Perez,
State Director, Bureau of Land Management, California.

FOR FURTHER INFORMATION CONTACT:
Charles Johnson, Land Law Examiner, by telephone at 202–912–7737 or by email at c35johns@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service at 1–800–877–8339 to contact the above individuals during normal business hours. The Service is available 24 hours a day, 7 days a week, to leave a message or question for the above individuals. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:
Stonewater II, LLC, the surface owner, has applied to purchase the undivided federally owned phosphate mineral interest located in Lee County, Florida, in a parcel described as follows:
Tallahassee Meridian, Florida

84 T.S., R. 23 E., sec. 10, NE¼.
The area described contains 160 acres.

As required under Section 209(3)(i) of FLPMA, the applicant deposited a sum of money determined sufficient to cover administrative costs, including, but not limited to, the cost for the Mineral Potential Report. The objective of Section 209 is to allow consolidation of the surface and mineral interests when either one of the following conditions exists: (1) There are no known mineral values in the land; or (2) Where continued Federal ownership of the mineral interests interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than mineral development.

Stonewater II, LLC, a Michigan Limited Liability Company, the surface owner, filed an application for the conveyance of federally owned phosphate mineral interests in the above-described tract of land, subject to valid existing rights.

On November 18, 2016 the federally owned mineral interests in the lands described above are hereby segregated from all forms of appropriation under the public land laws, including the mining laws, while the application is being processed to determine if either one of the two specified conditions exists and, if so, to otherwise comply with the procedural requirements of 43 CFR part 2720. The segregation shall terminate: (1) Upon issuance of a patent or other document of conveyance as to such mineral interests; (2) upon final rejection of the application; or (3) on November 19, 2018, whichever occurs first.

Please submit all comments in writing to the address listed above.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that
your entire comment, including your personal identifying information, may be made available to the public at any time. While you can ask in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2720.1–1(b).

Karen Mouritsen,
State Director, Eastern States Office.

Filing of Plats of Survey; NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public and interested State and local government officials of the filing of Plats of Survey in Nevada.

DATES: Effective Dates: Unless otherwise stated filing is effective at 10:00 a.m. on the dates indicated below.

FOR FURTHER INFORMATION CONTACT:
Michael O. Harmening, Chief, Branch of Geographic Sciences, Bureau of Land Management, Nevada State Office, 1340 Financial Blvd., Reno, NV 89502–7147, phone: 775–861–6490. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:
1. The Plat of Survey of the following described lands was officially filed at the Bureau of Land Management (BLM) Nevada State Office, Reno, Nevada on August 25, 2016:

The plat, in 1 sheet, representing the dependent resurvey of a portion of the south boundary, a portion of the subdivisional lines and the subdivision of section 34, Township 43 North, Range 26 East, Mount Diablo Meridian, Nevada, under Group No. 936, was accepted August 26, 2016:

2. The Plat of Survey of the following described lands was officially filed at the Bureau of Land Management (BLM) Nevada State Office, Reno, Nevada on August 26, 2016:

The plat, in 1 sheet, representing the dependent resurvey of a portion of the north boundary, a portion of the subdivisional lines and portions of Mineral Survey No. 4960, Township 20 South, Range 59 East, Mount Diablo Meridian, Nevada, under Group No. 950, was accepted August 26, 2016. This survey was executed to locate specific high-risk boundaries and to describe additions to the Red Rock Canyon National Conservation Area authorized by Public Law 113–291.

3. The Plat of Survey of the following described lands was officially filed at the Bureau of Land Management (BLM) Nevada State Office, Reno, Nevada on September 12, 2016:

The plat, in 3 sheets, representing the dependent resurvey of a portion of the east boundary and a portion of the subdivisional lines, the subdivision of sections 14, 24 and 25, a metes-and-bounds survey through sections 13 and 14, and a metes-and-bounds survey of a portion of the centerline of Las Vegas Boulevard in section 25, Township 19 South, Range 62 East, Mount Diablo Meridian, Nevada, under Group No. 959, was accepted September 1, 2016. This survey was executed to identify lands to be withdrawn for addition to Nellis Air Force Base, authorized by Public Law 113–291 and shown on the maps entitled “Nellis Dunes OHV Recreation Area”, dated June 26, 2012 and “North Las Vegas Valley Overview”, dated November 5, 2013.

4. The Plat of Survey of the following described lands was officially filed at the Bureau of Land Management (BLM) Nevada State Office, Reno, Nevada on September 30, 2016:

The plat, in 1 sheet, representing the dependent resurvey of a portion of the south boundary, a portion of the subdivisional lines and the subdivision of section 34, Township 43 North, Range 26 East, Mount Diablo Meridian, Nevada, under Group No. 936, was accepted September 28, 2016. This survey was executed to meet certain administrative needs of the Bureau of Land Management.

The surveys listed above are now the basic record for describing the lands for all authorized purposes. These records have been placed in the open files in the BLM Nevada State Office and are available to the public as a matter of information. Copies of the surveys and related field notes may be furnished to the public upon payment of the appropriate fees.

Dated: November 9, 2016.

Michael O. Harmening,
Chief, Cadastral Surveyor, Nevada.

Notice of Extension of Concession Contracts

AGENCY: National Park Service, Interior.

ACTION: Public notice.

SUMMARY: The National Park Service hereby gives public notice that it proposes to extend the expiring concession contracts listed below for the period specified, or until the effective date of a new contract, whichever occurs sooner.

SUPPLEMENTARY INFORMATION: All of the listed concession authorizations will expire by their terms on or before December 31, 2016. The National Park Service has determined the proposed extensions are necessary to avoid interruption of visitor services and has taken all reasonable and appropriate steps to consider alternatives to avoid such interruption. The publication of this notice merely reflects the intent of the National Park Service and does not bind the National Park Service to extend any of the contracts listed below.

The information in the first table shows concession contracts intended to be extended until December 31, 2017, or until the effective date of a new concession contract, whichever occurs first. The information in the second table shows concession contracts intended to be extended until December 31, 2018, or until the effective date of a new concession contract, whichever occurs first. Under the provisions of current concession contracts, the National Park Service authorizes extension of visitor services for the contracts below under the terms and conditions of the current contract (as amended if applicable). The extension
