SUPPLEMENTARY INFORMATION:
I. Introduction

The NRC is issuing a revision to an
existing guide in the NRC’s “Regulatory
Guide” series. This series was
developed to describe and make
available to the public information
regarding methods that are acceptable to
the NRC staff for implementing specific
parts of the agency’s regulations,
techniques that the NRC staff uses in
evaluating specific issues or postulated
events, and data that the NRC staff
needs in its review of applications for
permits and licenses.

Revision 2 of RG 1.127 was issued
with a temporary identification as Draft
Regulatory Guide, DG–1245. The RG is
being updated to provide licensees and
applicants with the most current
guidance and to help ensure that
licensees and licensees are able to
demonstrate compliance with the
applicable regulations.
