

Dated: November 17, 2016.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

[FR Doc. 2016-28172 Filed 11-22-16; 8:45 am]

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Notice of Intent To Grant a Partially Exclusive Patent License

AGENCY: Air Force Materiel Command.

ACTION: Notice of intent.

SUMMARY: Pursuant to the Bayh-Dole Act and implementing regulations, the Department of the Air Force hereby gives notice of its intent to grant a partially exclusive (exclusive with respect to the field of fluid separation and filtration) patent license agreement to InfiniPure LLC., a corporation of the State of Ohio, having a place of business at 714 Monument Ave, Dayton, OH 45402.

DATES: Written objections must be filed no later than fifteen (15) calendar days after the date of publication of this Notice.

ADDRESSES: Submit written objections to the Air Force Materiel Command Law Office, AFMCLO/JAZ, 2240 B Street, Room 260, Wright-Patterson AFB, OH 45433-7109; Facsimile: (937) 255-3733; or Email: afmclo.jaz.tech@us.af.mil. Include Docket No. ARQ-161114B-PL in the subject line of the message.

FOR FURTHER INFORMATION CONTACT: Air Force Materiel Command Law Office, AFMCLO/JAZ, 2240 B Street, Rm 260, Wright-Patterson AFB, OH 45433-7109; Facsimile: (937) 255-3733; Email: afmclo.jaz.tech@us.af.mil.

SUPPLEMENTARY INFORMATION: The Department of the Air Force intends to grant the partially exclusive patent license agreement for the invention described in:

U.S. Patent No. 8,293,107, entitled, "Fibers With Axial Capillary Slit That Enhances Adsorption, Absorption and Separation," filed 11 January 2010, and issued 23 October 2012.

Authority: 35 U.S.C. 209; 37 CFR 404.

The Department of the Air Force may grant the prospective license unless a timely objection is received that sufficiently shows the grant of the license would be inconsistent with the Bayh-Dole Act or implementing regulations. A competing application for a patent license agreement, completed in compliance with 37 CFR 404.8 and

received by the Air Force within the period for timely objections, will be treated as an objection and may be considered as an alternative to the proposed license.

Henry Williams,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Board of Visitors of the U.S. Air Force Academy Notice of Meeting

AGENCY: U.S. Air Force Academy Board of Visitors, Department of Defense.

ACTION: Meeting notice.

SUMMARY: In accordance with 10 U.S.C. Section 9355, the U.S. Air Force Academy (USAFA) Board of Visitors (BoV) will hold a meeting on the Senate Side, Capitol Visitor Center, Room 212-10, Washington, DC on Thursday, December 8, 2016. The meeting will begin at 0830 and conclude at 1515. The purpose of this meeting is to review morale and discipline, social climate, curriculum, instruction, infrastructure, fiscal affairs, academic methods, strategic communication, and other matters relating to the Academy. Specific topics for this meeting include a Superintendent's Update; Dean's Update; Athletic Department Update; BoV update. Public attendance at this USAFA BoV meeting shall be accommodated on a first-come, first-served basis up to the reasonable and safe capacity of the meeting room. In addition, any member of the public wishing to provide input to the USAFA BoV should submit a written statement in accordance with 41 CFR Section 102-3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act and the procedures described in this paragraph. Written statements must address the following details: The issue, discussion, and a recommended course of action. Supporting documentation may also be included as needed to establish the appropriate historical context and provide any necessary background information. Written statements can be submitted to the Designated Federal Officer (DFO) at the Air Force address detailed below at any time. However, if a written statement is not received at least 10 calendar days before the first day of the meeting which is the subject of this notice, then it may not be provided to or considered by the BoV until its next open meeting. The

DFO will review all timely submissions with the BoV Chairman and ensure they are provided to members of the BoV before the meeting that is the subject of this notice. If after review of timely submitted written comments and the BoV Chairman and DFO deem appropriate, they may choose to invite the submitter of the written comments to orally present the issue during an open portion of the BoV meeting that is the subject of this notice. Members of the BoV may also petition the Chairman to allow specific personnel to make oral presentations before the BoV. In accordance with 41 CFR Section 102-3.140(d), any oral presentations before the BoV shall be in accordance with agency guidelines provided pursuant to a written invitation and this paragraph. Direct questioning of BoV members or meeting participants by the public is not permitted except with the approval of the DFO and Chairman. For the benefit of the public, rosters that list the names of BoV members and any releasable materials presented during the open portions of this BoV meeting shall be made available upon request.

Contact Information: For additional information or to attend this BoV meeting, contact Major James Kuchta, Accessions and Training Division, AF/A1PT, 1040 Air Force Pentagon, Washington, DC 20330, (703) 695-4066, James.L.Kuchta.mil@mail.mil.

Henry Williams,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement for Modification of the Bayou Lafourche and Lafourche-Jump Waterway, Louisiana, Navigation Channel Project in Lafourche Parish

AGENCY: U.S. Army Corps of Engineers, Department of the Army, DOD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps), New Orleans District will be the lead agency for a draft Environmental Impact Statement (DEIS), to be integrated with a Feasibility Report (FR), for the Bayou Lafourche and Lafourche-Jump Waterway, Louisiana Project, in Lafourche Parish. The FR and DEIS will investigate channel modification to the Bayou

Lafourche Waterway up to as much as 50 feet deep. The integrated document will be prepared by the Greater Lafourche Port Commission (GLPC).

FOR FURTHER INFORMATION CONTACT:

Questions about the project and the DEIS should be addressed to: Mr. Sean Mickal, U.S. Army Corps of Engineers, Regional Planning and Environment Division South, Planning Branch, Room 141, 7400 Leake Avenue, New Orleans, LA 70118-3651, by email at sean.p.mickal@usace.army.mil, or by telephone at (504) 862-2319.

SUPPLEMENTARY INFORMATION:

1. *Authority.* The DEIS is being prepared by the GLPC under authority granted by Section 203 of the Water Resources Development Act (WRDA) of 1986, as amended by Section 1014(b) of the Water Resources Reform and Development Act (WRRDA) of 2014.

2. *Proposed Action.* The proposed action is to increase the controlling depth of the Bayou Lafourche Waterway federal navigation channel. Economic analyses will be performed to determine the current and future needs for the channel by various draft vessels, and the costs and benefits of maintaining channels of various sizes.

3. *Alternatives.* An array of alternatives will be analyzed and the most feasible of the alternatives will be recommended. Alternatives range from the 'No Action' Alternative to enlarging and extending the access channel to the natural contour of the Gulf at approximately -50 ft. Mean Lower Low Water. The selected contour is to be optimized in the process of preparing the Integrated FR and DEIS. All feasible and reasonable alternatives will be considered, including alternatives with varying depths and lengths, for detailed analysis.

4. *Scoping.* Scoping is the process for determining the scope of alternatives and significant issues to be addressed in the DEIS. For this study, a letter will be sent to all parties believed to have an interest in the study, requesting their input on alternatives and issues to be evaluated. The letter will also notify interested parties of a public scoping meeting that will be held in the local area. Notices will also be sent to local news media. All interested parties are invited to comment at this time, and anyone interested in this study should request to be included in the study mailing list. A public scoping meeting or meetings will be announced in the near future.

5. *Purpose of and Need for the Project.* The project will enlarge the existing authorized channel at Port Fourchon, Louisiana, to an engineering,

economic and environmentally feasible depth and extend the main access channel to the natural contour of the Gulf of Mexico at the optimum depth. The project would include the construction of a turning basin or wider slip(s) within the port complex to accommodate larger vessels. The action is being proposed to provide adequate depth to accommodate deeper drafts of larger oil and gas exploration and service vessels plying the Gulf in deep waters; to provide depths required to move large oil and gas exploration and production rigs constructed and fabricated at the port to open water; to allow large oil and gas platforms to move from the Gulf to Port Fourchon for repair and refurbishment; and to provide adequate depth for other ongoing construction projects at the port.

6. *Significant Issues.* The tentative list of resources and issues, not exclusive, to be evaluated in the DEIS includes tidal wetlands, barrier shoreline habitat, aquatic resources, wildlife resources, essential fish habitat, water quality, air quality, threatened and endangered species, recreational resources, and cultural resources. Additional resources might include geological issues (including dredging and stabilization of fill areas) and impacts on visual resources. Socioeconomic items to be evaluated in the DEIS include navigation, business and industrial activity, employment, land use, property values, public/community facilities and services, tax revenues, population, community and regional growth, vehicular transportation, and noise.

7. *Consultation, Coordination, and Review.* The U.S. Fish and Wildlife Service (USFWS) will be assisting in the documentation of existing conditions and assessment of effects of project alternatives through Fish and Wildlife Coordination Act consultation procedures. The USFWS will also provide a Fish and Wildlife Coordination Act report. Endangered Species Act, Section 7 consultation, will also be conducted in close coordination with the USFWS and the National Marine Fisheries Service concerning threatened and endangered species. Consultation will also be done with the State Historic Preservation Office and federally recognized Indian Tribes. The proposed action will involve evaluation for compliance with guidelines established by Section 404(b) of the Clean Water Act; application (to the State of Louisiana) for Water Quality Certification pursuant to Section 401 of the Clean Water Act; certification of state lands, easements, and rights of

way; and determination of Coastal Zone Management Act consistency. The DEIS will be distributed for review to all interested agencies, organizations, and individuals.

8. *Estimated Date of Availability.* It is estimated that this DEIS will be available to the public in November 2017. At least one public meeting will be held at that time, during which the public will be provided the opportunity to comment on the DEIS before it becomes final.

Dated: November 10, 2016.

Michael N. Clancy,

Colonel, U.S. Army, District Commander.

BILLING CODE 3720-35-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2016-ICCD-0100]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Gainful Employment Disclosure Template

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before December 23, 2016.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2016-ICCD-0100. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E-347, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202-377-4018.
