The Board explained that the proposed regulations would specify procedures related to dispute resolution of certain passenger rail transportation matters by the Board and do not mandate or circumscribe the conduct of small entities. The Board further noted that if a party wishing to utilize the proposed procedures files a complaint, petition, application, or request for dispute resolution, that entity will not encounter any additional burden and that, rather, the procedures are being updated and clarified by the regulations. The NPR was served upon the Chief Counsel for Advocacy, Office of Advocacy, U.S. Small Business Administration.

The final rules adopted here make slight modifications to the proposed rule, but the same basis for the Board’s certification of the proposed rule applies to the final rules adopted here. The modification adopted in the final rule refines the proposed rule by clarifying the circumstances under which the informal process for seeking Board assistance in pursuing professional mediation services will be available. Therefore, the Board certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities as defined by the RFA. A copy of this decision will be served upon the Chief Counsel for Advocacy, Office of Advocacy, U.S. Small Business Administration, Washington, DC 20416.

Fishes of the Northeastern United States: Atlantic Bluefish Fishery; Quota Transfers

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; approval of quota transfers.

SUMMARY: NMFS announces its approval of two transfers of 2016 commercial bluefish quota from the Commonwealth of Virginia to the State of New York. The approval of these transfers complies with the Atlantic Bluefish Fishery Management Plan quota transfer provision. This announcement also informs the public of the revised commercial quotas for Virginia and New York.

DATES: Effective November 28, 2016, through December 31, 2016.

FOR FURTHER INFORMATION CONTACT: Reid Lichwell, Fishery Management Specialist, (978) 281–9112.
Regulations governing the Atlantic bluefish fishery are found in 50 CFR 648.160 through 648.167. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from Maine through Florida. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.162.

The final rule implementing Amendment 1 to the Bluefish Fishery Management Plan published in the Federal Register on July 26, 2000 (65 FR 45844), and provided a mechanism for transferring bluefish quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Greater Atlantic Region, NMFS (Regional Administrator), can request approval of a transfer of bluefish commercial quota under § 648.162(e)(1)(i) through (iii). The Regional Administrator must first approve any such transfer based on the criteria in § 648.162(e).

Virginia and New York have requested two transfers totaling 80,000 lb (36,287 kg) of bluefish commercial quota from Virginia to New York. Both states have certified that the transfers meet all pertinent state requirements. These quota transfers were requested by New York to ensure that its 2016 quota would not be exceeded. The Regional Administrator has approved these quota transfers based on his determination that the criteria set forth in § 648.162(e)(1)(i) through (iii) have been met. The revised bluefish quotas for calendar year 2016 are: Virginia, 370,287 lb (167,959 kg); and New York, 877,289 lb (397,932 kg). These quota adjustments revise the quotas specified in the final rule implementing the 2016–2018 Atlantic Bluefish Specifications published on August 4, 2016 (81 FR 51370), and reflect all subsequent commercial bluefish quota transfers completed to date.
