The Department of Transportation is extending the period for persons to submit comments on this rulemaking from November 30, 2016, to January 17, 2017. This extension is in response to a petition by Airlines for America.

SUPPLEMENTAL INFORMATION: On October 31, 2016, the Department of Transportation published an Advance Notice of Proposed Rulemaking (ANPRM) to solicit public comment on how to appropriately implement a statutory requirement in recent legislation for airlines to refund checked baggage fees when they fail to deliver the bags in a timely manner. Specifically, the Department seeks comment on how to define a baggage delay, and the appropriate method for providing the refund for delayed baggage. See 81 FR 75347 (October 31, 2016). Comments on the matters discussed in the ANPRM were to be received 30 days after publication or by November 30, 2016.
On November 15, 2016, we received a petition from Airlines for America (A4A) for a 48-day extension of the comment period for this rulemaking. According to the petition, the extension is appropriate because the ANPRM concerns a requirement that implicates several operational and financial disciplines within the airlines, which will require the assessment of how internal information systems should be re-worked. A4A also indicates that additional time is needed in order to coordinate comments from different member carriers. Further, A4A points out that the current comment period is effectively diminished by the Thanksgiving holiday and an extension into December would be similarly diminished by the Christmas holiday season because many personnel would take extended vacations during these time periods. We received no comments on A4A’s petition for extension.
After carefully considering A4A’s petition, we have decided to grant the extension of 48 days (January 17, 2017), for the public to comment on the ANPRM.
Issued this 18th day of November, 2016, in Washington, DC.
Judith S. Kaleta,
Deputy General Counsel.

IV. Ordering Paragraphs

I. Introduction

The Commission initiates this rulemaking to seek comments and facilitate the Commission’s examination of the appropriate minimum contribution to the Postal Service’s institutional costs that competitive products must provide, pursuant to 39 U.S.C. 3633(b).

II. Background

The Postal Accountability and Enhancement Act (PAEA) directed the Commission to promulgate regulations to ensure that competitive products, collectively, cover an appropriate share of the Postal Service’s institutional costs. In the initial rulemaking setting the appropriate share, the Commission gave considerable weight to the historical contribution made by items categorized as competitive products by the PAEA and set the minimum contribution level of 5.5 percent for competitive products. Only comments filed in the instant docket will be considered as part of the Commission’s review. Comments related to the Commission’s 5-year review and competitive products’ appropriate share of institutional costs filed in other dockets will not be considered.

Comments are due no later than January 23, 2017. Reply comments are due no later than March 9, 2017. All comments and suggestions received will be available for review on the Commission’s Web site, http://www.prc.gov.

Pursuant to 39 U.S.C. 505, Kenneth R. Moeller is appointed to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in the above-captioned docket.

IV. Ordering Paragraphs

It is ordered:

2. Comments are due no later than January 23, 2017. Reply comments are due no later than March 9, 2017.

3. Pursuant to 39 U.S.C. 505, the Commission appoints Kenneth R. Moeller to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in the above-captioned docket.

Five years have passed since the Commission’s previous review. As such, the Commission initiates Docket No. RM2017–1 to conduct its second review of the competitive products’ appropriate share contribution requirement. The Commission will decide whether 39 CFR 3015.7(c) should be retained in its current form, modified, or eliminated. See 39 CFR 3015.7(c).

III. Invitation To Comment

Interested persons are invited to provide written comments to facilitate the Commission in its examination of the appropriateness of the current contribution level for competitive products. Moreover, comments should be provided in connection with the market share analysis; changes to the market and competitors; historical competitive contributions; changes to competitive product offers and the mail mix; and uncertainties raised in the proceeding. Id. at 24.

The Postal Accountability and Enhancement Act (PAEA), Public Law 109–435, 120 Stat. 3198 (2006); See also 39 CFR 3015.7(c).

The PAEA further directs the Commission to revisit competitive products’ minimum contribution level every 5 years and determine whether the institutional cost contribution requirement of 39 U.S.C. 3633(a)(3) should be retained in its current form, modified, or eliminated. See 39 U.S.C. 3633(b).

The Commission’s first 5-year review occurred in Docket No. RM2012–3. In that docket, the Commission found the minimum contribution level of 5.5 percent for competitive products should be retained.

5 Order No. 1449 at 24–26. The Commission considered circumstances such as a lack of evidence of a Postal Service competitive advantage; represent the interests of the general public in this docket.

4. The Secretary shall arrange for publication of this Notice in the Federal Register.

By the Commission.

Stacy L. Ruble, Secretary.
