

OMB Control Number: 0572–0151.

*Summary of Collection:* Passage of section 6407 of the Farm Security and Rural Investment Act of 2002 (Pub. L. 107–171; 116 Stat. 424 as amended) created the Rural Energy Savings Program (RESP) and the Consolidated Appropriations Act, 2016 (Pub. L. 114–113), provided authorization and funding to provide zero-percent loans to Rural Utilities Service borrowers or other eligible entities to relend to consumers for cost-effective energy efficiency measures. On June 21, 2016, the agency announced the RESP through a Notice of Funding Availability opening the program to applications so as to comply with the legislative mandate. The program is carried out through the Rural Utilities Service (RUS).

*Need and Use of the Information:* The application process consists of two steps. Step 1: An applicant seeking financing must submit a Letter of Intent to apply in an electronic Portable Document Format (pdf). The Letter of Intent contains the tax identification number, legal name and organization status; verification of rural status (counties to be served and populations); financial status; point of contact; description of program; implementation plan; and a list of eligible energy efficiency measures to be implemented. Step 2: RESP application—after review of the letter of intent, RUS notifies the eligible entity if it is invited to submit the loan application. Required application information is used to determine a borrower's ability to meet financial obligations, includes analyses and document review of the applicant's historical, current, and projected costs, revenues, cash flows, assets, and other factors that may be relevant on a case by case basis. The collection of information is essential to the mission of the agency and the RESP, and is necessary so that RUS can establish applicant and project eligibility.

### Agricultural Marketing Service

*Title:* Tart Cherries Grown in the states of MI, NY, PA, OR, UT, WA, and WI.

*OMB Control Number:* 0581–0177.

*Summary of Collection:* Marketing Order No. 930 (7 CFR part 930) regulates the handling of tart cherries grown in Michigan, New York, Pennsylvania, Oregon, Utah, Washington and Wisconsin. The Agricultural Marketing Agreement Act of 1937 was designed to permit regulation of certain agricultural commodities for the purpose of providing orderly marketing conditions in inter and intrastate commerce and improving returns to growers. The primary objective of the Order is to stabilize the supply of tart cherries. Only tart cherries that will be canned or frozen will be regulated. The Order is administered by an 18 member Board comprised of producers, handlers and one public member, plus alternates for each. The members will serve for a three-year term of office.

*Need and Use of the Information:* Various forms were developed by the Board for persons to file required information relating to tart cherry inventories, shipments, diversions and other needed information to effectively carry out the requirements of the Order. The information collected is used to ensure compliance, verify eligibility, and vote on amendments, monitor and record grower's information. Authorized Board employees and the industry are the primary users of the information. If information were not collected, it would eliminate needed data to keep the industry and the Secretary abreast of changes at the State and local level.

*Frequency of Responses:* Reporting: Annually; Quarterly; On occasion.
