SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendments No. 1 and No. 2 Thereto, To List and Trade Shares of the iShares iBonds Dec 2023 Term Muni Bond ETF and iShares iBonds Dec 2024 Term Muni Bond ETF of the iShares U.S. ETF Trust Pursuant to BZX Rule 14.11(c)(4)

November 22, 2016.

On August 9, 2016, Bats BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act”)1 and Rule 19b–4 thereunder,2 a proposed rule change to list and trade shares of the iShares iBonds Dec 2023 Term Muni Bond ETF and iShares iBonds Dec 2024 Term Muni Bond ETF (each a “Fund,” and together the “Funds”) pursuant to BZX Rule 14.11(c)(4). Notice of the proposed rule change was published in the Federal Register on August 30, 2016.3

On October 6, 2016, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the proposed rule change as originally filed.4 On October 13, 2016, the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.5 No comments have been received regarding the proposed rule change. On October 26, 2016, the Exchange filed Amendment No. 2 to the proposed rule change.6 This order approves the proposed rule change, as modified by Amendments No. 1 and No. 2, on an accelerated basis.

I. The Exchange’s Description of its Proposal

The Exchange proposes to list and trade shares (the “Shares”) of the Funds under BZX Rule 14.11(c)(4), which governs the listing and trading of Index Fund Shares based on fixed income securities indexes. The Shares will be offered by the Trust, which is a Delaware statutory trust and is registered with the Commission, as an open-end investment company.7 BlackRock Fund Advisors is the investment adviser (“BFA” or “Adviser”) to the Funds.8 BlackRock Investments, LLC serves as the distributor for the Trust. The Funds seek to replicate as closely as possible, before fees and expenses, the price and yield performance of the S&P AMT-Free Municipal Series Dec 2023 Index (the “2023 Index”) and Municipal Series Dec 2024 Index (the “2024 Index”) and, together with the 2023 Index, the “Indices”), respectively. The Exchange submitted the proposed rule change because the Shares of the Funds meet all of the “generic” listing requirements of BZX Rule 14.11(c)(4) applicable to the listing of index fund shares based on fixed income securities indexes except for those set forth in BZX Rule 14.11(c)(4)(B)(i)(b). Specifically, for the iShares iBonds Dec 2023 Term Muni Bond ETF, components that comprised only 5.83% of the weight of the 2023 Index have a minimum original principal amount outstanding of $100 million or more. Further, for iShares iBonds Dec 2024 Term Muni Bond ETF, only 5.72% of the weight of the 2024 Index have a minimum original principal amount outstanding of $100 million or more. In contrast, BZX Rule 14.11(c)(4)(B)(i)(b) provides that components that in the aggregate account for at least 75% of the weight of the index or portfolio each shall have a minimum original principal amount outstanding of $100 million or more.

A. iShares iBonds Dec 2023 Term Muni Bond ETF

1. The “2023 Index”

The 2023 Index measures the performance of the non-callable investment-grade, tax-exempt U.S. municipal bonds with specific annual maturities (“Municipal Securities”). As of July 18, 2016, there were 4,612 issues in the 2023 Index. 73.56% of the weight of the 2023 Index components was comprised of individual maturities that were part of an entire municipal bond offering with a minimum original principal amount outstanding of $100 million or more for all maturities of the offering. In addition, the total face amount outstanding of issues in the 2023 Index was approximately $38.5 billion, the market value was $46.4 billion, and the average dollar amount outstanding of issues in the 2023 Index was approximately $2.3 billion. Further, the most heavily weighted component represented 1.61% of the weight of the 2023 Index, and the five most heavily weighted components represented 3.66% of the weight of the 2023 Index.10

8 To allow sufficient time to consider the proposed rule change, the Commission designated November 28, 2016, as the date by which the Commission shall either approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change.

10 BZX Rule 14.11(c)(4)(B)(i)(d) provides that no component fixed-income security (excluding Treasury Securities, as defined therein) shall represent more than 30% of the weight of the Index or portfolio, and the five most heavily weighted component fixed-income securities in the index or portfolio shall not in the aggregate account for more than 65% of the weight of the index or portfolio.
weight consisted of issues with a rating of AA/Aa2 or higher.

To be included in the 2023 Index, a bond must have an investment grade rating and must have an outstanding par value of at least $2 million. The bonds included in the 2023 Index have a maturity range of January 1, 2023, to December 1, 2023. The following types of bonds are excluded from the 2023 Index: Bonds subject to the alternative minimum tax, bonds with early redemption dates (callable provisions), bonds with sinking fund provisions, commercial paper, conduit bonds where the obligor is a for-profit institution, derivative securities, non-rated bonds (except pre-refunded/escrowed to maturity bonds), notes, taxable munics, tobacco bonds, and variable rate debt (except for known step-up/down coupon schedule bonds).

The 2023 Index is calculated using a market value weighting methodology and its composition is rebalanced monthly. The 2023 Index value is calculated and disseminated at least once daily. The components of the 2023 Index and their percentage weighting will be available from major market data vendors.

2. The Fund’s Holdings

The Fund will generally invest at least 90% of its assets in the component securities of the Fund’s benchmark index, except during the last months of the Fund’s operations. From time to time, however, when conditions warrant, the Fund may invest at least 80% of its assets in the component securities of the Fund’s benchmark index. According to the Exchange, the Fund will hold the following types of Municipal Securities: General obligation bonds, limited obligation bonds (or revenue bonds), municipal notes, municipal commercial paper, tender option bonds, variable rate demand obligations (“VRDOs”), municipal lease obligations, stripped securities, structured securities, and zero coupon securities.

Under normal circumstances, the Fund may also to a limited extent (less than 20% of the Fund’s net assets) invest in the following: Certain listed derivatives; repurchase and reverse repurchase agreements for Municipal Securities (collectively, “Repurchase Agreements”); short-term instruments (“Short-Term Instruments”), which include exchange traded and non-exchange traded investment companies that invest in money market instruments.

The portfolio of securities held by the Fund will be disclosed on the Fund’s Web site at www.iShares.com.

B. iShares iBonds Dec 2024 Term Muni Bond ETF

1. The 2024 Index

The 2024 Index measures the performance of Municipal Securities. As of July 18, 2016, there were 3,624 issues in the 2024 Index, 72.27% of the weight of the 2024 Index components was comprised of individual municipalities that were part of an entire municipal bond offering with a minimum original principal amount outstanding of $100 million or more for all maturities of the offering. In addition, the total face amount outstanding of issues in the 2024 Index was approximately $29.9 billion, the market value was $36.4 billion, and the average dollar amount outstanding of issues in the 2024 Index was approximately $8.3 million. Further, the most heavily weighted component represented 0.72% of the weight of the 2024 Index, and the five most heavily weighted components represented 2.74% of the weight of the 2024 Index.

To be included in the 2024 Index, a bond must have an investment grade rating and must have an outstanding par value of at least $2 million. The bonds in the 2024 Index have a maturity range of January 1, 2024, to December 1, 2024. The following types of bonds are excluded from the 2024 Index: Bonds subject to the alternative minimum tax, bonds with early redemption dates (callable provisions), bonds with sinking fund provisions, commercial paper, conduit bonds where the obligor is a for-profit institution, derivative securities, non-rated bonds (except pre-refunded/escrowed to maturity bonds), notes, taxable munics, tobacco bonds, and variable rate debt (except for known step-up/down coupon schedule bonds).

The 2024 Index is calculated using a market value weighting methodology and its composition is rebalanced monthly. The 2024 Index value is calculated and disseminated at least once daily. The components of the 2024 Index and their percentage weighting will be available from major market data vendors.

2. The Fund’s Holdings

The Fund will generally invest at least 90% of its assets in the component securities of the Fund’s benchmark index, except during the last months of the Fund’s operations. From time to time, however, when conditions warrant, the Fund may invest at least 80% of its assets in the component securities of the Fund’s benchmark index. According to the Exchange, the Fund will hold the following types of Municipal Securities: General obligation bonds, limited obligation bonds (or revenue bonds), municipal notes, municipal commercial paper, tender option bonds, VRDOs, municipal lease obligations, stripped securities, structured securities, and zero coupon securities.

Under normal circumstances, the Fund may also to a limited extent (less than 20% of the Fund’s net assets) invest in the following: Certain listed derivatives; Repurchase Agreements; and Short-Term Instruments. The portfolio of securities held by the Fund will be disclosed on the Fund’s Web site at www.iShares.com.

II. Discussion and Commission’s Findings

After careful review, the Commission finds that the Exchange’s proposal to list and trade the Shares is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange.
For each Fund’s calculation of NAV at the end of the previous business day. The daily disclosed portfolio will include, as applicable: The ticker symbol; CUSIP number or other identifier, if any; a description of the holding (including the type of holding, such as the type of swap); the identity of the security, index or other asset or instrument underlying the holding, if any; for options, the option strike price; quantity held (as measured by, for example, par value, notional value or number of shares, contracts, or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holding in each Fund’s portfolio. The Web site and information will be publicly available at no charge. Price information regarding Municipal Securities and non-exchange traded assets is available from third party pricing services and major market data vendors. For exchange-traded assets, such intraday information is available directly from the applicable listing exchange. In addition, price information for U.S. exchange-traded options is available from the Options Price Reporting Authority.

The Commission believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. The Exchange will obtain a representation from the issuer of the Shares that the NAV will be calculated daily and that the NAV and the disclosed portfolio will be updated and widely disseminated by one or more major market data vendors at least every 15 seconds during the Exchange’s Regular Trading Hours, which are between 9:30 a.m. and 4:00 p.m. Eastern Time.

On each business day, before commencement of trading in Shares during Regular Trading Hours on the Exchange, each Fund will disclose on its Web site the identities and quantities of the portfolio of securities and other assets in the daily disclosed portfolio held by the Funds that formed the basis for the calculation of the NAV. Additionally, daily trading volume information for the Shares will be available in the financial section of newspapers, through subscription services, as well as through other electronic services.

Furthermore, the Intraday Indicative Values for the Shares, as defined in BZX Rule 14.11(c)(6)(A), will be updated and widely disseminated by one or more major market data vendors at least every 15 seconds during the Exchange’s Regular Trading Hours, which are between 9:30 a.m. and 4:00 p.m. Eastern Time.

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) BZX Rule 3.7, which imposes suitability obligations on Exchange members with respect to recommending transactions in the Shares to customers; (3) how information regarding the Intraday Indicative Value is disseminated; (4) the risks involved in trading the Shares during the Pre-Opening and After Hours Trading Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (5) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information. The Exchange states that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws.

Any advisory committee, supervisory board, or similar entity that advises a Reporting Authority, as defined in BZX Rule 14.11(c)(4)(C)(iii) or that makes decisions on the index composition, methodology and related matters, must implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the applicable index. The Exchange represents that it prohibits the distribution of material, non-public information by its employees. The Exchange also states that the index provider is not a broker-dealer but is affiliated with a broker-dealer, and has implemented a “fire wall” with respect to such broker-dealer regarding access to information concerning the composition and/or changes to the Indices. The index provider has also implemented procedures designed to prevent the use and dissemination of material, non-public information regarding the Indices.

See id. at 28–29.

See id. at 29.

See id.

See id. at 29, 30.
Shares through the Exchange will be subject to the Exchange’s surveillance procedures for derivative products, including Index Fund Shares.39

The Exchange represents that all statements and representations made in the Exchange’s filing regarding (a) the description of the portfolio, (b) limitations on portfolio holdings or reference assets, or (c) the applicability of Exchange rules and surveillance procedures constitute continued listing requirements for listing the Shares on the Exchange.40 The Exchange also states that the issuer has represented that it will advise the Exchange of any failure by either Fund to comply with the continued listing requirements and that, pursuant to its obligations under Section 19(g)(1) of the Exchange Act, the Exchange will surveil for compliance with the continued listing requirements.41 If a Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under BZX Rule 14.12.42

The Exchange may obtain information regarding trading in the Shares and the underlying exchange-traded instruments via the ISG, from other exchanges that are members or affiliates of the ISG, or with which the Exchange has entered into a comprehensive surveillance sharing agreement.43 In addition, the Exchange is able to access, as needed, trade information for certain fixed income instruments reported to FINRA’s Trade Reporting and Compliance Engine (“TRACE”).44 FINRA also can access data obtained from the Municipal Securities Rulemaking Board (“MSRB”) relating to municipal bond trading activity for surveillance purposes in connection with trading in the Shares.45

The Commission notes that the Fund and the Shares must comply with the requirements of BZX Rule 14.11(c)(4) to be initially and continuously listed and traded on the Exchange. The Exchange represents that it deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities. In support of this proposal, the Exchange, in addition to the representations as noted above, has made the following representations:

- For initial and/or continued listing, the Funds and the Trust must be in compliance with Rule 10A-3 under the Act.46
- A minimum of 50,000 Shares of each Fund will be outstanding at the commencement of trading on the Exchange.47

This approval order is based on all of the Exchange’s representations, including those set forth above and in the proposed rule change, as modified by Amendments No. 1 and No. 2. For the foregoing reasons, the Commission finds that the proposed rule change, as modified by Amendments No. 1 and No. 2, is consistent with the Exchange Act and the rules and regulations thereunder applicable to a national securities exchange.

III. Solicitation of Comments on Amendments No. 1 and No. 2

Interested persons are invited to submit written data, views, and arguments concerning whether Amendments No. 1 and No. 2 are consistent with the Exchange Act. Comments may be submitted by any of the following methods:

Electronic Comments
- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an email to rule-comments@sec.gov. Please include File Number SR–BatsBZX–2016–48 on the subject line.

Paper Comments
- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. All submissions should refer to File Number SR–BatsBZX–2016–48 on the subject line.

Comments submitted on or before December 20, 2016. For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.50

Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–BatsBZX–2016–48 and should be submitted on or before December 20, 2016.

IV. Accelerated Approval of Proposed Rule Change as Modified by Amendments No. 1 and No. 2

The Commission finds good cause to approve the proposed rule change, as modified by Amendments No. 1 and No. 2, prior to the thirtieth day after the date of publication of notice of the filing of Amendment No. 1 in the Federal Register. Amendment No. 1 supplements the proposed rule change by, among other things, (1) clarifying that each Fund’s policy to invest at least 80% of its net assets in components of its underlying index is a continued listing requirement; and (2) representing that at least 90% of the Funds’ net assets that are invested in listed derivatives will be invested in instruments that trade in markets that are members or affiliates of members of the ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange. Further, Amendment No. 2 supplements the proposed rule change by strengthening the Exchange’s commitment to enforcing the applicable continued listing requirements. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Exchange Act,48 to approve the proposed rule change, as modified by Amendments No. 1 and No. 2, on an accelerated basis.

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,49 that the proposed rule change (SR–BatsBZX–2016–48), as modified by Amendments No. 1 and No. 2, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.50
SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meeting

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Public Law 94–409, that the Securities and Exchange Commission will hold a closed meeting on Thursday, December 1, 2016 at 12 p.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the closed meeting. Certain staff members who have an interest in the matters also may be present.

The General Counsel of the Commission, or her designee, has certified that, in her opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (7), (9B) and (10) and 17 CFR 200.402(a)(3), (a)(5), (a)(7), (a)(9)(ii) and (a)(10), permit consideration of the scheduled matter at the closed meeting.

Chair White, as duty officer, voted to consider the items listed for the closed meeting in closed session, and determined that no earlier notice thereof was possible.

The subject matter of the closed meeting will be:

1. Institution and settlement of injunctive actions;
2. Institution and settlement of administrative proceedings;
3. Resolution of litigation claims; and
4. Other matters relating to enforcement proceedings.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed; please contact Brent J. Fields from the Office of the Secretary at (202) 551–5400.

Brent J. Fields,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Finance Procedures

November 22, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), and Rule 19b–4 thereunder, notice is hereby given that on November 9, 2016, ICE Clear Europe Limited ("ICE Clear Europe") filed with the Securities and Exchange Commission ("Commission") the proposed rule changes described in Items I, II and III below, which Items have been primarily prepared by ICE Clear Europe. ICE Clear Europe filed the proposed rule changes pursuant to Section 19(b)(3)(A) of the Act, and Rule 19b–4(f)(i) and (ii) thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the changes is to modify certain aspects of the ICE Clear Europe Finance Procedures.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the amendments is to modify certain aspects of the ICE Clear Europe Finance Procedures. In paragraph 2.1 of the Finance Procedures, amendments are made to add South African rand ("ZAR") as a currency eligible for Variation Margin and settlement payments for financials and softs contracts which settle in such currency. Other conforming changes have been made in the Finance Procedures (including in paragraph 4) to reflect the addition of ZAR as an eligible currency for such purposes. As with the other currencies currently eligible to be used as Variation Margin and settlement payments for financials and softs contracts, ZAR will be subject to haircuts determined pursuant to the Finance Procedures and existing ICE Clear Europe haircut policies. [sic] A typographical error and erroneous cross-reference have also been corrected in paragraph 2.2.

In paragraph 6.1(e) of the Finance Procedures, the daily deadline for a Clearing Member to provide manual cash settlement instructions for same-day USD payments has been extended from 16:00 to 16:45 (London time). ICE Clear Europe is making this change to accommodate a request of Clearing Members, and does not believe it will adversely affect the Clearing House’s treasury or other operations. In paragraph 6.1(j)(vii), a change has been made to clarify that end-of-day or ad hoc payments by a Clearing Member to the Clearing House may include, in addition to other listed categories of payments, transfers of Surplus Collateral.

Amendments have been made to paragraph 8.3 of the Finance Procedures, which generally provides that the Clearing House will not recognize any value for non-cash collateral (such as securities collateral) within a specified period prior to its redemption or maturity. Under the existing rule, this period commences one business day prior to redemption or maturity. The amendments adopt a different approach for UK government bonds, for which the period will commence seven business days prior to redemption or maturity. The amendments adopt a different approach for UK government bonds, which is designed to reflect limitations imposed by the relevant securities settlement system on the transfer of UK government bonds during the seven business day period prior to redemption or maturity.

In paragraph 11.3(b), which addresses procedures for transfer of non-cash permitted cover, an incorrect statement that the Clearing House does not support cross-border or inter-settlement facility settlements, bridge transactions or similar transactions has been removed. In paragraph 11.4, certain account details and matching deadlines for particular securities transfer systems
