SUPPLEMENTARY INFORMATION:**A. Purpose***1. Suspension and Debarment*

The FAR requires contracts to be awarded to only those contractors determined to be responsible. Instances where a firm, its principals, or subcontractors, have been indicted, convicted, suspended, proposed for debarment, debarred, or had a contract terminated for default are critical factors to be considered by a Government contracting officer in making a responsibility determination. FAR 52.209–5 and 52.212–3(h), Certification Regarding Responsibility Matters, and FAR 52.209–6, Protecting the Government’s Interest when Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment, require the disclosure of this and other information relating to responsibility.

2. Information Regarding Responsibility Matters (Transfer From OMB Clearance Number 9000–0174)

The Federal Awardee Performance and Integrity Information System (FAPIIS) was developed to meet the statutory requirement to develop and maintain an information system that contains specific information on the integrity and performance of covered Federal agency contractors and grantees. FAPIIS provides users access to integrity and performance information from the FAPIIS reporting module in the Contractor Performance Assessment Reporting System (CPARS), as well as proceedings information and suspension/debarment information from the Central Contractor Registration (CCR) and the Excluded Parties List System (EPLS) functions in the System for Award Management (SAM).

The prescription at FAR 9.104–7(b) requires contracting officers to insert the provision at 52.209–7, Information Regarding Responsibility Matters, in all solicitations where the resultant contract value is expected to exceed \$550,000. This provision contains a check box to be completed by the offeror indicating whether or not it has current active Federal contracts and grants with total value greater than \$10,000,000. If the offeror indicated that it has current active Federal contracts and grants with total value greater than \$10,000,000, then the offeror must enter certain responsibility information into FAPIIS.

FAR 52.209–9, Updates of Publicly Available Information Regarding Responsibility Matters, requires each contractor that checked in the provision at 52.209–7 that it has current active Federal contracts and grants with total value greater than \$10,000,000, to update responsibility information in FAPIIS on a semiannual basis, throughout the life of the contract.

3. Prohibition on Contracting With Inverted Domestic Corporations—Representation and Notification (Transfer From OMB Clearance Number 9000–0190)

FAR 52.209–2 and 52.212–3(n), Prohibition on Contracting With Inverted Domestic Corporations—Representation, is prescribed at 9.108–5(a) for use in each solicitation for the acquisition of products and services (including construction). The provision requires each offeror to represent whether it is, or is not, an inverted domestic corporation or a subsidiary of an inverted domestic corporation.

FAR 52.209–10, Prohibition on Contracting With Inverted Domestic Corporations, is prescribed for use at FAR 9.108–5(b) for use in each solicitation and contract for the acquisition of products and services (including construction). This clause requires the contractor to promptly notify the contracting officer in the event the contractor becomes an inverted domestic corporation or a subsidiary of an inverted domestic corporation.

Submission for OMB Review; Comment Request

Title: Disaster Information Collection Form.

OMB No.: 0970-NEW.

Description: This is a request by the Administration for Children and Families (ACF) for a generic clearance for the Disaster Information Collection Form. An approval for a generic clearance is being requested because each of the thirteen program offices within ACF has a slightly different need for information about program impact information collection during a disaster.

ACF oversees more than 60 programs that affect the normal day to day operations of families, children, individuals and communities in the United States. Many of these programs

encourage grantees or state administrators to develop emergency preparedness plans, but do not have statutory authority to require these plans be in place. ACF facilitates the inclusion of emergency preparedness planning and training efforts for ACF programs.

Presidential Policy Directive-8 (PPD-8) provides federal guidance and planning procedures under established phases—protection, preparedness, response, recovery, and mitigation. The Disaster Information Collection Forms addressed in this clearance process provide assessment of ACF programs in disaster response, and recovery.

ACF/Office of Human Services Emergency Preparedness and Response (OHSEPR) has a requirement under PPD-8, the National Response Framework, and the National Disaster Recovery Framework to report disaster impacts to ACF-supported human services programs to the HHS Secretary's Operation Center (SOC) and interagency partners. ACF/OHSEPR works in partnership with the Assistant Secretary for Preparedness and Response (ASPR), and the Federal Emergency Management Agency (FEMA) to report assessments of disaster impacted ACF programs and the status of continuity of services and recovery.

Respondents: State administrators, and/or ACF grantees.

ANNUAL BURDEN ESTIMATES

[The burden cap for the Disaster Information Collection Form is estimated based on a single disaster per year. The estimate is for approximately 10 state administrators, or grantees to go through all of the applicable questions with the Regional and Central Office staff. Some ACF programs have more questions and may have more respondents.]

Instrument	Number of respondents	Number of responses per respondent	Burden hours per response	Total burden hours
Disaster Information Collection Form	10	15	0.08 hours (5 minutes)	1.25 hours (75 minutes).

An estimate of the number of disasters that would warrant data collection is difficult to calculate due to the unpredictable nature of disasters. For example, in 2012, there were 95 disasters nationwide but OHSEPR did not collect data on all of them because they had minimal effects on ACF programs.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: infocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV.

Attn: Desk Officer for the Administration for Children and Families.

Robert Sargis,

Reports Clearance Officer.
