

69241 for a 60-day public comment period. One comment was received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

**DATES:** Comments are encouraged and will be accepted until March 23, 2016. This process is conducted in accordance with 5 CFR 1320.1.

**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to OMB Desk Officer, Department of Homeland Security and sent via electronic mail to [oir\\_submission@omb.eop.gov](mailto:oir_submission@omb.eop.gov) or faxed to (202) 395-5806.

**SUPPLEMENTARY INFORMATION:** The Citizenship and Immigration Services Ombudsman (CISOMB) was created under sec. 452 of the Homeland Security Act of 2002 (Pub. L. 107-296) to: (1) Assist individuals and employers in resolving problems with the U.S. Citizenship and Immigration Services (USCIS); (2) identify areas in which individuals and employers have problems in dealing with USCIS; and (3) propose changes, to the extent possible, in the administrative practices of USCIS to mitigate problems. The information collected on this form will allow the CISOMB to obtain feedback from the general public to assess the needs of customers and to identify improvement opportunities for Ombudsman services. The data collection instrument does not solicit or collect Personally Identifiable Information (PII).

The use of this survey provides the most efficient means for collecting and processing the required data. In the future, the Ombudsman will employ the use of information technology in collecting and processing this information by offering the option to complete the survey online. Per PRA requirements, a fillable PDF version of the survey will continue to be provided on the Ombudsman's Web site. The survey can be completed in PDF format, and faxed or sent as an attachment by email or in paper format by regular mail to the Ombudsman's office at the address indicated on the survey. After approval of the survey detailed in this supporting statement, the online survey will be posted on the Ombudsman's Web site at <http://www.dhs.gov/topic/cis-ombudsman>.

The assurance of confidentiality provided to the respondents for this information collection is provided by: (a) The Ombudsman statute and mandate as established by Homeland Security Act sec. 452; (b) The Privacy

Act of 1974; and (c) The DHS Privacy Office has reviewed the entire package of documents for this information collection. This collection is covered by a Privacy Threshold Assessment adjudicated by the DHS Privacy Office on March 26, 2015. The Ombudsman Customer Satisfaction and Needs Assessment Survey will be in compliance with all applicable DHS Privacy Office, DHS CIO, DHS Records Management, and OMB regulations regarding data collection, use, storage, and retrieval. The proposed public use data collection system is therefore intended to be distributed for public use primarily by electronic means with limited paper distribution and processing of paper forms.

The Ombudsman Customer Satisfaction and Needs Assessment Survey has been constructed in compliance with regulations and authorities under the purview of the DHS Privacy Office, DHS CIO, DHS Records Management, and OMB regulations regarding data collection, use, sharing, storage, information security and retrieval of information. In accordance with the Privacy Act of 1974, DHS is giving notice that it proposes to establish the DHS system of records notice titled, "The Ombudsman Customer Satisfaction and Needs Assessment Survey System of Records." This system of records will continue to ensure the efficient and secure processing of information to aid the CISOMB in assessing the needs of customers to improve Ombudsman services and offer more efficient and effective alternatives. This system will be included in the DHS's inventory of record systems. This is a new collection.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submissions of responses.

## DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2012-0015]

### Agency Information Collection Activities: Submission for Review; Information Collection Request for the Department of Homeland Security (DHS), Science and Technology, Project 25 Compliance Assessment Program (P25 CAP)

**AGENCY:** Science and Technology Directorate, DHS.

**ACTION:** 30-Day notice and request for comment.

**SUMMARY:** The Department of Homeland Security (DHS) invites the general public to comment on updated data collection forms for DHS Science and Technology Directorate's Project 25 (P25) Compliance Assessment Program (CAP): Supplier's Declaration of Compliance (SDoC) (DHS Form 10044 (6/08)) and Summary Test Report (DHS Form 10056 (9/08)). The attacks of September 11, 2001, and the destruction of Hurricane Katrina made apparent the need for emergency response radio systems that can interoperate, regardless of which organization manufactured the equipment. In response, and per congressional direction, DHS and the National Institute of Standards and Technology (NIST) developed the P25 CAP to improve the emergency response community's confidence in purchasing land mobile radio (LMR) equipment built to P25 LMR standards. The P25 CAP establishes a process for ensuring

that equipment complies with P25 standards and is capable of interoperating across manufacturers. The Department of Homeland Security needs to collect essential information from manufacturers on their products that have met P25 standards as demonstrated through the P25 CAP. To meet this requirement, the P25 CAP has developed the SDoC form which will be filled out by equipment suppliers to formally declare equipment is compliant with P25. The Summary Test Report form also filled out by equipment suppliers collects the results of P25 testing to substantiate compliance with P25 Standards. The SDoC and STR templates will gather this information for all equipment providers in a consistent manner for ease of general public and the public safety/first responder community. In turn, the emergency response community will use this information to identify P25-compliant communications systems to facilitate interoperability and inform future acquisition. The P25 CAP Program Manager will perform a review to ensure the documentation is complete and accurate in accordance with the current P25 CAP processes and post it to *FirstResponder.gov*. This notice and request for comments is required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. chapter 35).

**DATES:** Comments are encouraged and will be accepted until March 23, 2016.

**ADDRESSES:** Interested persons are invited to submit comments, identified by docket number DHS–2012–0015 or the OMB Control Number 1640–0015, by the following method:

- Email: [Sridhar.Kowdley@hq.dhs.gov](mailto:Sridhar.Kowdley@hq.dhs.gov). Please include docket number DHS–2012–0015 in the subject line of the message.

**FOR FURTHER INFORMATION CONTACT:** Sridhar Kowdley (202) 254–8804 (Not a toll free number).

**SUPPLEMENTARY INFORMATION:** The SDoC and Summary Test Report forms will be posted on the FirstResponder.gov Web site at <http://www.firstresponder.gov>. The forms will be available in Adobe PDF format. The supplier will complete the forms electronically. The completed forms may then be submitted via Internet to the *FirstResponder.gov* Web site.

The Department is committed to improving its information collection and urges all interested parties to suggest how these materials can further reduce burden while seeking necessary information under the Act.

DHS is particularly interested in comments that:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Suggest ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Suggest ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

#### Overview of This Information Collection

(1) *Type of Information Collection:* Renewal of information collection forms with updates.

(2) *Title of the Form/Collection:* Science and Technology, Project 25 (P25) Compliance Assessment Program (CAP).

(3) *Agency Form Number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Department of Homeland Security, Science & Technology Directorate—(1) Supplier's Declaration of Compliance (SDoC) (DHS Form 10044 (6/08)) and (2) Summary Test Report (DHS Form 10056 (9/08)).

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Businesses; the data will be gathered from manufacturers of radio systems who wish to declare that their products are compliant with P25 standards for radio systems.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

a. *Estimate of the total number of respondents:* 12.

b. *Estimate of number of responses per respondent:* 6.

c. *An estimate of the time for an average respondent to respond:* 4 burden hours (2 burden hours for each form).

d. *An estimate of the total public burden (in hours) associated with the collection:* 288 burden hours.

(6) The collection forms were updated since the 60-day notice printing.

Dated: February 2, 2016.

#### Proposed Weyerhaeuser Company Safe Harbor Agreement for the Northern Spotted Owl and Draft Environmental Assessment

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), have received an application from Weyerhaeuser Company for an Endangered Species Act (ESA) Enhancement of Survival Permit (Permit) for the federally threatened northern spotted owl. The Permit application includes a draft safe harbor agreement (SHA) addressing access to Weyerhaeuser Company lands for the survey and removal of barred owls as part of the Service's Barred Owl Removal Experiment (Experiment) in Lane County, Oregon. The Service also announces the availability of a draft environmental assessment (EA) that has been prepared in response to the Permit application in accordance with requirements of the National Environmental Policy Act (NEPA). We are making the Permit application, including the draft SHA and the draft EA, available for public review and comment.

**DATES:** To ensure consideration, written comments must be received from interested parties by March 23, 2016.

**ADDRESSES:** To request further information or submit written comments, please use one of the following methods, and note that your information request or comments are in reference to the Weyerhaeuser Company draft SHA and draft EA.

- *Internet:* Documents may be viewed and downloaded on the Internet at <http://www.fws.gov/ofwo/>.
