[Docket Number USCG–2016–1025]

RIN 1625–AA87

Security Zone; Kailua Bay, Oahu, HI

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary security zone for the protection of a Very Important Person (VIP). This VIP will be staying on beachfront property in close proximity to Kailua Bay. It is necessary to restrict waterway access to vessels and persons to prevent waterside threats to the VIP. The security zone encompasses two primary areas from the surface of the water to the ocean floor: The navigable waters of the Kawaiulani Canal, beginning at the North Kalaeao Avenue Road Bridge and continuing northeast into Kailua Bay; and the navigable waters of Kailua Bay beginning at Kapoho Point and extending in a southwesterly direction to the shore boundary of a property located at 123 Kailua Loop, Kailua, HI 96734. Entry of persons or vessels into the security zone is prohibited unless authorized by the Captain of the Port (COTP) Honolulu or a designated representative.

DATES: This rule is effective from 8 a.m. (HST) on December 14, 2016, through 8 a.m. (HST) on January 4, 2017. If the security zone is terminated prior to January 4, 2017, the Coast Guard will provide notice via a broadcast notice to mariners.

VIP Very Important Person

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) [5 U.S.C. 553 (b)]. This provision authorizes an agency to issue a rule without prior notice and opportunities to comment when the agency, for good cause, finds those procedures are “impractical, unnecessary, or contrary to the public interest.” Under 5 U.S.C.
553(d)(3), the Coast Guard finds that good cause exists for not publishing a Notice of Proposed Rulemaking (NPRM) and for making this rule effective less than 30 days after publication in the Federal Register. The Coast Guard further finds it impractical to issue an NPRM with respect to this rule because details of the VIP’s travel to Hawaii were not provided to the Coast Guard until November 13, 2016, preventing the Coast Guard from completing full notice-and-comment rulemaking procedures. Publishing an NPRM and delaying the effective date would be contrary to the security zone’s intended objectives, including but not limited to protection of the VIP, mitigation of potential terrorist risks, and enhancing public and maritime security. Publishing a NPRM and delaying the effective date would be contrary to the public interest since the occasion would occur before a notice-and-comment rulemaking could be completed, thereby jeopardizing the safety of the VIP. The COTP Honolulu finds this temporary security zone must be effective by December 14, 2016 to ensure the safety of the VIP during his visit to the Kailua Bay area on the eastern coast of Oahu, Hawaii.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under the authority in 33 U.S.C. 1231. From December 14, 2016 through January 4, 2017, a VIP of the United States of America plans to visit the Kailua Bay area on Oahu, Hawaii. The security zone encompasses two primary areas from the surface of the water to the ocean floor: (1) The navigable waters of the Kawaiinui Canal, beginning at the North Kalaha Avenue Road Bridge and continuing northeast into Kailua Bay; and (2) the navigable waters of Kailua Bay beginning at Kapoho Point and extending in a southwesterly direction to the shore boundary of a property located at 123 Kailuana Loop, Kailua, HI 96734.

Two (2) shore-side markers will be placed in proximity of the security zone along the security zone boundary and one (1) orange boom will be placed at the canal boundary at the North Kalaha Avenue Road Bridge as visual aids for mariners and public to approximate the zone. An illustration of the security zone will be made available on www.regulations.gov in docket for this rulemaking, USCG–2016–1025. No vessel or person will be permitted to enter the security zone without express authorization from the COTP Honolulu or his designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders (E.O.s) related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

A. Regulatory Planning and Review

E.O. 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Coast Guard expects the economical impact of this rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of the Department of Homeland Security (DHS) is unnecessary. This expectation is based on the limited duration of the zone, the limited geographic area affected by it, and the lack of commercial vessel traffic affected by the zone. This rule has not been designated a “significant regulatory action,” under E.O. 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. While some owners or operators of vessels intending to transit the security zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that executive order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175,
Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under the Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. It is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
