DEPARTMENT OF STATE
[Public Notice: 9815]; [No. FMA–2016–04]

Designation and Determination Under the Foreign Missions Act

Pursuant to the authority vested in the Secretary of State by the laws of the United States, including the Foreign Missions Act, codified at 22 U.S.C. 4301–4316 (the “Act”), and delegated by the Secretary to me as the Under Secretary of State for Management in Delegation of Authority No. 198, dated September 16, 1992, and after due consideration of the benefits, privileges, and immunities provided to missions of the United States abroad, as well as matters related to the protection of the interests of the United States, I hereby under section 202(a)(1) of the Act (22 U.S.C. 4302(a)(1)) designate employment authorization for dependents of foreign mission members in the United States as a benefit for purposes of section 204 of the Act (22 U.S.C. 4304).

I determine that employment authorization for dependents of foreign mission members shall be provided on such terms and conditions as the Office of Foreign Missions (OFM) may approve. Specifically, on the basis of reciprocity, and following notification to the foreign mission, OFM may require payment of a surcharge, or impose additional processing delays, require additional documentation, or impose other restrictions or burdens on the foreign mission and/or applicant.

This action is reasonably necessary on the basis of reciprocity to protect the interests of the United States, adjust for costs and procedures of obtaining benefits for missions of the United States abroad, and carry out the policy set forth in section 201(b) of the Act (22 U.S.C. 4301(b)).

Dated: October 25, 2016.

Patrick F. Kennedy,
Under Secretary for Management, Department of State.

Title: 49 U.S.C. Section 5339—Alternatives Analysis Program

OMB Number: 2132–0571

Background: Under Section 3037 of the Safe, Accountable, Flexible, Efficient Transportation Act—A Legacy for Users (SAFETEA–LU), the Alternatives Analysis Program (49 U.S.C. 5339) provided grants to States, authorities of the States, metropolitan planning organizations, and local government authorities to develop studies as part of the transportation planning process. The purpose of the Alternatives Analysis Program was to assist in financing the evaluation of all reasonable modal and multimodal alternatives and general alignment options for identified transportation needs in a particular, a broadly defined travel corridor. The transportation planning process of Alternatives Analysis included an assessment of a wide range of public transportation or multimodal alternatives, which addressed transportation problems within a corridor or subarea; provided ample information that enabled the Secretary to make the findings of project justification and local financial commitment; supported the selection of a locally preferred alternative; and enabled the local Metropolitan Planning Organization to adopt the locally preferred alternative as part of the long-range transportation plan. The Alternative Analysis Program was repealed by Congress under the Moving Ahead for Progress in the 21st Century Act (MAP–21). However, funds previously authorized for programs repealed by MAP–21 remain available for their originally authorized purposes.
