

costs of purchasing or leasing computer equipment, software, or other record storage equipment for records maintained in electronic or photographic form.

The Commission expects that a fund and its sponsors would incur these costs immediately, and that the annualized cost of the expenditures would be \$20,000 in the first year. Some expenditures might involve capital improvements, such as computer equipment, having expected useful lives for which annualized figures beyond the first year would be meaningful.

These annualized figures are not provided, however, because, in most cases, the expenses would be incurred immediately rather than on an annual basis. The Commission is not including these costs in its calculation of the annualized capital/start-up costs because no fund has applied under rule 7d-1 to register under the Act pursuant to rule 7d-1 in the last three years.

As indicated above, a Canadian or fund may file a supplemental application seeking special relief designed for the fund's particular circumstances. Rule 7d-1 does not mandate these applications. The active registrant filed a substantive supplemental application in the past three years. As noted above, the staff understands that funds generally use outside counsel to prepare the application. The staff estimates that outside counsel spends 10 hours preparing a supplemental application, including 8 hours by an associate and 2 hours by a partner. Outside counsel billing arrangements and rates vary based on numerous factors, but the staff has estimated the average cost of outside counsel as \$400 per hour, based on information received from funds, intermediaries and their counsel. The Commission staff therefore estimates that the fund would obtain assistance from outside counsel at a cost of \$4,000.⁹

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736.

Extension:

Rule 6h-1, SEC File No. 270-497, OMB Control No. 3235-0555.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 6h-1 (17 CFR 240.6h-1) under the Securities Exchange Act of 1934, as amended ("Act") (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Section 6(h) of the Act (15 U.S.C. 78f(h)) requires national securities exchanges and national securities associations that trade security futures products to establish listing standards that, among other things, require that: (i) Trading in such products not be readily susceptible to price manipulation; and (ii) the market on which the security futures product trades has in place procedures to coordinate trading halts with the listing market for the security or securities underlying the security futures product. Rule 6h-1 implements these statutory requirements and requires that (1) the final settlement price for each cash-settled security futures product fairly reflect the opening price of the underlying security or securities, and (2) the exchanges and associations trading security futures products halt trading in any security

futures product for as long as trading in the underlying security, or trading in 50% or more of the underlying securities, is halted on the listing market.

It is estimated that approximately 1 respondent, consisting of a designated contract market not already registered as a national securities exchange under Section 6(g) of the Exchange Act that seeks to list or trade security futures products, will incur an average burden of 10 hours per year to comply with this rule, for a total burden of 10 hours. At an average cost per hour of approximately \$387, the resultant total cost of compliance for the respondents is \$3,870 per year (1 respondent × 10 hours/respondent × \$387/hour).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.
