Analysis of Comments Received

All issues raised in these reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the orders were revoked, are addressed in the accompanying Issues and Decision Memorandum, which is hereby adopted by this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping duty orders on coated paper from Indonesia and the PRC would be likely to lead to continuation or recurrence of dumping up to the following weighted-average margin percentages:

Country	Weighted-average margin (percent)
Indonesia	20.13
PRC	135.84

Notification to Interested Parties

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Preliminary Results of Countervailing Duty Administrative Review; 2013; and Partial Rescission of Countervailing Duty Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting the second administrative review of the countervailing duty (CVD) order on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (PRC). The period of review (POR) is January 1, 2013, through December 31, 2013. We preliminarily determine that JA Solar Technology Yangzhou Co., Ltd. and its cross-owned affiliates, including JingAo Solar Co., Ltd. and Shanghai JA Solar Technology

Co., Ltd., (collectively, JA Solar) received countervailable subsidies during the POR. Interested parties are invited to comment on these preliminary results.

DATES: *Effective date:* January 8, 2016.

FOR FURTHER INFORMATION CONTACT: Cynthia Baker or Gene Calvert, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6251, and (202) 482-3586, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the CVD order is crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels, and building integrated materials. A full description of the scope of the order is contained in the Department memorandum, "Decision Memorandum for the Preliminary Results of the Countervailing Duty Administrative Review of Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China; 2013," dated concurrently with this notice (Preliminary Decision Memorandum) and hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and in the Central Records Unit, located in Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://www.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Methodology

The Department is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy, (*i.e.*, a financial contribution from an authority that

gives rise to a benefit to the recipient) and that the subsidy is specific.¹ For a full description of the methodology underlying all of the Department's conclusions, including our reliance, in part, on adverse facts available pursuant to sections 776(a) and (b) of the Act, see the Preliminary Decision Memorandum.

A list of topics discussed in the Preliminary Decision Memorandum is provided at Appendix I to this notice.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of the notice of initiation. For those companies named in the *Initiation Notice*² for which all review requests were timely withdrawn, we are rescinding this administrative review in accordance with 19 CFR 351.213(d)(1). These companies are listed at Appendix II to this notice. For these companies, countervailing duties shall be assessed at rates equal to the rates of cash deposits for estimated countervailing duties required at the time of entry, or withdrawn from warehouse, for consumption, during the period January 1, 2013, through December 31, 2013, in accordance with 19 CFR 351.212(c)(2).

Companies Not Selected for Individual Review

There are two companies for which a review was requested and not rescinded, and which were not selected as mandatory respondents: Changzhou Trina Solar Energy Co., Ltd. (Trina Solar) and Wuxi Suntech Power Co., Ltd. (Suntech).³ Because JA Solar is the

sole mandatory respondent, we assigned to Trina Solar and Suntech, the rate calculated for JA Solar.

Preliminary Results of Review

As a result of this review, we preliminarily determine the countervailable subsidy rates to be:

Company	Subsidy rate (percent)
JA Solar Technology Yangzhou Co., Ltd. and its cross-owned affiliates ⁴ .	19.62 percent.
Changzhou Trina Solar Energy Co., Ltd.	19.62 percent.
Wuxi Suntech Power Co., Ltd.	19.62 percent.

Disclosure and Public Comment

The Department intends to disclose to interested parties the calculations performed in reaching these preliminary results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs, rebuttal briefs, and hearing requests.⁵ For a schedule of the deadlines for filing case briefs, rebuttal briefs, and hearing requests, see the Preliminary Decision Memorandum.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, we intend to issue the final results of this administrative review, including the results of our analysis of issues raised in any written briefs, not later than 120 days after the date of publication of this notice.

Assessment Rates

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Instructions

Pursuant to section 751(a)(2)(C) of the Act, the Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties, in the

amounts shown above for each of the respective companies shown above, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits at the most-recent company-specific or all others rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Vessel Monitoring System Requirements under the Western and Central Pacific Fisheries Convention.

OMB Control Number: 0648-0596.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 23.

Average Hours per Response: VMS unit purchase and installation, 1 hr; activation reports, 5 min; on/off reports, 5 min; VMS unit maintenance, 1 hr.

Burden Hours: 57.

Needs and Uses: This request is for an extension of a currently approved information collection. National Marine Fisheries Service (NMFS) has issued regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA; 16 U.S.C. 6901 *et seq.*) to carry out the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Convention), including implementing the decisions of the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Commission). The regulations include a requirement for the owners and operators of U.S. vessels that fish for highly migratory species on the high seas in the Convention Area to carry and operate near real-time satellite-based position-fixing transmitters ("VMS units") at all times except when the vessel is in port. As part of this requirement, vessel owners and operators must transmit: (1) "on/off reports" to NMFS whenever the VMS unit is turned off while the vessel is in port, (2) "activation reports" to NMFS prior to the first use of a VMS unit, and (3) automatic "position reports" from the VMS unit to NOAA and the Commission as part of a vessel monitoring system (VMS) operated by the Commission (50 CFR 300.45). Under this information collection, it is expected that vessel owners and operators would also need to purchase, install, and occasionally maintain the VMS units.

The information collected from the vessel position reports is used by NOAA and the Commission to help ensure compliance with domestic laws and the Commission's conservation and management measures, and are necessary in order to the United States to satisfy its obligations under the Convention.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: January 5, 2016.

NOAA PRA Clearance Officer.
