RIN 2120–AA66

Change of Controlling Agency for Selected Restricted Areas; North Carolina

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Title 14 Code of Federal Regulations (14 CFR) part 73 by changing the controlling agency for restricted areas R–5302A, B and C, Albemarle Sound, NC; restricted areas R–5313A, B, C and D, Long Shoal Point, NC; and restricted areas R–5314A, B, C, D, E, F, H and J, in North Carolina, from “FAA, Washington ARTCC” to “MCAS Cherry Point Approach Control.” The change will promote real-time activation and de-activation of the restricted areas and enhance air traffic efficiency in the surrounding area. This change does not affect the boundaries, times of designation, designated altitudes or activities conducted within the restricted areas; therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

REGULATORY NOTICES AND ANALYSES

The FAA has determined that this action only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current; it, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

ENVIRONMENTAL REVIEW

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5–6.5d. This action is an administrative modification of the technical descriptions of the affected restricted areas to update the name of the controlling agency. It does not alter the dimensions, altitudes, or times of designation of the restricted areas; therefore, it is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Section 11.2 of the Commission’s regulations provides a method for computing reasonable annual charges for recompensing the United States for the use, occupancy, and enjoyment of its lands by hydropower licensees. Annual charges for the use of government lands are payable in advance, and are based on an annual schedule of per-acre rental fees published in Appendix A to Part 11 of the Commission’s regulations. This notice updates the fee schedule in Appendix A to Part 11 for fiscal year 2016 (October 1, 2015, through September 30, 2016).

Effective Date

This Final Rule is effective February 24, 2016.
