

participants can comfortably offer opposing opinions.” In keeping with this core value, the IACC and the NIMH Office of Autism Research Coordination (OARC) ask that members of the public who provide public comments or participate in meetings of the IACC also seek to treat others with respect and consideration in their communications and actions, even when discussing issues of genuine concern or disagreement.

Remote Access: The meeting will be open to the public through a conference call phone number and webcast live on the Internet. Members of the public who participate using the conference call phone number will be able to listen to the meeting but will not be heard. If you experience any technical problems with the webcast or conference call, please send an email to IACCPublicInquiries@mail.nih.gov.

Individuals wishing to participate in person or by using these electronic services and who need special assistance, such as captioning of the conference call or other reasonable accommodations, should submit a request to the Contact Person listed on this notice at least five days prior to the meeting.

Security: Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit. Also as a part of the security procedures, attendees should be prepared to present a photo ID at the meeting registration desk during the check-in process. Pre-registration is recommended. Seating will be limited to the room capacity and seats will be on a first come, first served basis, with expedited check-in for those who are pre-registered.

Meeting schedule subject to change.

**Substance Abuse and Mental Health
Services Administration**

**Agency Information Collection
Activities: Proposed Collection;
Comment Request**

In compliance with Section
3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 concerning
opportunity for public comment on
proposed collections of information, the
Substance Abuse and Mental Health
Services Administration (SAMHSA)
will publish periodic summaries of
proposed projects. To request more
information on the proposed projects or
to obtain a copy of the information
collection plans, call the SAMHSA
Reports Clearance Officer on (240) 276-
1243.

Comments are invited on: (a) Whether
the proposed collections of information
are necessary for the proper
performance of the functions of the
agency, including whether the
information shall have practical utility;
(b) the accuracy of the agency's estimate
of the burden of the proposed collection
of information; (c) ways to enhance the
quality, utility, and clarity of the
information to be collected; and (d)
ways to minimize the burden of the
collection of information on
respondents, including through the use
of automated collection techniques or
other forms of information technology.

**Proposed Project: SAMHSA SOAR
Web-Based Data Form (OMB No. 0930-
0329)—REVISION**

In 2009 the Substance Abuse and
Mental Health Services Administration
(SAMHSA) of the U.S. Department of
Health and Human Services created a
Technical Assistance Center to assist in
the implementation of the SSI/SSDI
Outreach Access and Recovery (SOAR)
effort in all states. The primary objective
of SOAR is to improve the allowance
rate for Social Security Administration
(SSA) disability benefits for people who
are experiencing or at risk of
homelessness, and who have serious
mental illnesses.

During the SOAR training, the
importance of keeping track of SSI/SSDI
applications through the process is

stressed. In response to requests from
states implementing SOAR, the
Technical Assistance Center under
SAMHSA's direction developed a web-
based data form that case managers can
use to track the progress of submitted
applications, including decisions
received from SSA either on initial
application or on appeal. This
password-protected web-based data
form is hosted on the SOAR Web site
(<https://soartrack.prainc.com>). Use of
this form is completely voluntary.

In addition, data from Part I of the
web-based form can be compiled into
reports on decision results and the use
of SOAR core components, such as the
SSA-1696 Appointment of
Representative, which allows SSA to
communicate directly with the case
manager assisting with the application.
These reports will be reviewed by
agency directors, SOAR state-level
leads, and the national SOAR Technical
Assistance Center to quantify the
success of the effort overall and to
identify areas where additional
technical assistance is needed. There are
no proposed changes to Part I of this
form.

The proposed additions to create a
new Part II of this form include
qualitative (open-ended) questions on
annual SOAR accomplishments,
identified challenges and collaborations.
There are 8 new questions that represent
new initiatives, challenges, funding
sources, steering committees and
training. There is also an additional
open-ended question on collaborations
with 8 potentially applicable areas (*e.g.*
Veterans, justice-involved persons,
hospitals) that could require a response.
The addition of Part II is for annual
reporting by state and local leads only.

The estimated response burden is as
follows:

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden	Hourly wage cost	Total hour cost (\$)
SOAR Data Form (Part I)	700	3	2,100	.25	525	\$20	\$10,500
Annual Report Ques- tions (Part II)	75	1	75	1	37.50	20	750
TOTAL	775	2,175	562.50	11,250
