**Agency Information Collection
Activities: Proposed Collection;
Comment Request**

In compliance with Section
3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 concerning
opportunity for public comment on
proposed collections of information, the
Substance Abuse and Mental Health
Services Administration (SAMHSA)
will publish periodic summaries of
proposed projects. To request more
information on the proposed projects or
to obtain a copy of the information
collection plans, call the SAMHSA
Reports Clearance Officer on (240) 276-
1243.

Comments are invited on: (a) Whether
the proposed collections of information
are necessary for the proper
performance of the functions of the
agency, including whether the
information shall have practical utility;
(b) the accuracy of the agency's estimate
of the burden of the proposed collection
of information; (c) ways to enhance the
quality, utility, and clarity of the
information to be collected; and (d)
ways to minimize the burden of the
collection of information on
respondents, including through the use
of automated collection techniques or
other forms of information technology.

**Proposed Project: SAMHSA SOAR
Web-Based Data Form (OMB No. 0930-
0329)—REVISION**

In 2009 the Substance Abuse and
Mental Health Services Administration
(SAMHSA) of the U.S. Department of
Health and Human Services created a
Technical Assistance Center to assist in
the implementation of the SSI/SSDI
Outreach Access and Recovery (SOAR)
effort in all states. The primary objective
of SOAR is to improve the allowance
rate for Social Security Administration
(SSA) disability benefits for people who
are experiencing or at risk of
homelessness, and who have serious
mental illnesses.

During the SOAR training, the
importance of keeping track of SSI/SSDI
applications through the process is

stressed. In response to requests from
states implementing SOAR, the
Technical Assistance Center under
SAMHSA's direction developed a web-
based data form that case managers can
use to track the progress of submitted
applications, including decisions
received from SSA either on initial
application or on appeal. This
password-protected web-based data
form is hosted on the SOAR Web site
(<https://soartrack.prainc.com>). Use of
this form is completely voluntary.

In addition, data from Part I of the
web-based form can be compiled into
reports on decision results and the use
of SOAR core components, such as the
SSA-1696 Appointment of
Representative, which allows SSA to
communicate directly with the case
manager assisting with the application.
These reports will be reviewed by
agency directors, SOAR state-level
leads, and the national SOAR Technical
Assistance Center to quantify the
success of the effort overall and to
identify areas where additional
technical assistance is needed. There are
no proposed changes to Part I of this
form.

The proposed additions to create a
new Part II of this form include
qualitative (open-ended) questions on
annual SOAR accomplishments,
identified challenges and collaborations.
There are 8 new questions that represent
new initiatives, challenges, funding
sources, steering committees and
training. There is also an additional
open-ended question on collaborations
with 8 potentially applicable areas (*e.g.*
Veterans, justice-involved persons,
hospitals) that could require a response.
The addition of Part II is for annual
reporting by state and local leads only.

The estimated response burden is as
follows:

Form name	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden	Hourly wage cost	Total hour cost (\$)
SOAR Data Form (Part I)	700	3	2,100	.25	525	\$20	\$10,500
Annual Report Ques- tions (Part II)	75	1	75	1	37.50	20	750
TOTAL	775	2,175	562.50	11,250

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 15E-57B, 5600 Fishers Lane, Rockville, MD 20857 OR email her a copy at summer.king@samhsa.hhs.gov. Written comments should be received by February 17, 2017.

Summer King,
Statistician.

ACTION: Notice; request for comments.

SUMMARY: We (U.S. Fish and Wildlife Service) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act of 1995 and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This IC is scheduled to expire on March 31, 2017. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it

displays a currently valid OMB control number.

DATES: To ensure that we are able to consider your comments on this IC, we must receive them by February 17, 2017.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Lacey Act (18 U.S.C. 42) (Act) prohibits the importation of any animal deemed to be and prescribed by regulation to be injurious to:

- Human beings;
- The interests of agriculture, horticulture, and forestry; or
- Wildlife or the wildlife resources of the United States.

The Department of the Interior is charged with enforcement of this Act. The Act and regulations at 50 CFR 16 allow for the importation of animals classified as injurious if specific criteria are met. To effectively carry out responsibilities and protect the aquatic resources of the United States, we must gather information on the animals being imported with regard to their source, destination, and health status. It is also imperative that we ensure the qualifications of those individuals who

provide the fish health data and sign the health certificate upon which we base our decision to allow importation.

We use three forms to collect this information:

(1) FWS Form 3-2273 (Title 50 Certifying Official Form). New applicants and those seeking recertification as a title 50 certifying official provide information so that we can assess their qualifications.

(2) FWS Form 3-2274 (U.S. Title 50 Certification Form). Certifying officials use this form or their own health certificate to affirm the health status of the fish or their reproductive products to be imported.

(3) FWS Form 3-2275 (Title 50 Importation Request Form). We use the information on this form to ensure the safety of the shipment and to track and control importations.
