Lawrence Jones (202–205–3358), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.— On December 5, 2016, the Commission determined that the domestic interested party group response to its notice of institution (81 FR 60386, September 1, 2016) of the subject five-year reviews was adequate. The Commission also determined that the respondent interested party group response with respect to the order on sulfanilic acid from China was adequate but that the respondent interested party group response with respect to the orders on sulfanilic acid from India was inadequate. However, on November 18, 2016, the sole participating respondent interested party, in the review on sulfanilic acid from China (Archroma), withdrew its position and statements that advocated for revocation of the order. The Commission therefore determined that it would not be appropriate to conduct a full review of the order concerning China. The Commission did not find any circumstances that warranted conducting full reviews with respect to the orders concerning India.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207,

subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the reviews will be placed in the nonpublic record on December 15, 2016, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determinations the Commission should reach in the reviews. Comments are due on or before December 22, 2016 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by December 22, 2016. However, should the Department of Commerce extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules with respect to filing were revised effective July 25, 2014. See 79 FR 35920 (June 25, 2014), and the revised Commission Handbook on E-filing, available from the Commission's Web site at <https://edis.usitc.gov>.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determinations.—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by

up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: December 14, 2016.

Lisa R. Barton,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On December 12, 2016, the Department of Justice lodged a proposed consent decree with the United States District Court for the Northern District of Indiana in the lawsuit entitled *United States and State of Indiana v. the City of Gary, Indiana, and Gary Sanitary District*, Civil Action No. 2:16–cv–512 (N.D. Ind.).

The United States and the State filed a complaint under the Clean Water Act, alleging violations of the Gary Sanitary District's wastewater discharge permit and duty to respond to an information request issued by the United States Environmental Protection Agency. The Settling Defendants are the Gary Sanitary District and the City of Gary. The proposed consent decree requires the Settling Defendants to: (1) Develop and implement a control plan addressing discharges from the Gary Sanitary District's combined sewer overflow outfalls into the local water bodies; (2) implement additional operational changes focused on improving the wastewater treatment system's efficiency; (3) repay an outstanding loan extended to the City by the District; (4) pay a civil penalty of \$75,000; (5) perform a supplemental environmental project costing \$175,000; and (6) provide schedules for the remaining remediation of the Ralston Street Lagoon and the remediation of sediment in the Grand Calumet River, which are outstanding Clean Water Act and Toxic Substances Control Act requirements from a consent decree entered into by the Parties in 2003 in Civil Action No. 2:78–cv–29 and 86–540 (N.D. Ind.). The settlement would resolve the Settling Defendants' civil liability for the violations alleged in the complaint that has been filed in the same action also on December 12, 2016. The United States and Indiana reached
